Swift Box

PRO UK Rendered Build-In Swift Box

About this product

Swifts in the UK have been declining rapidly over the past decades. It is thought that the destruction of suitable nesting habitat is a core reason for this decline, and many councils are now advising swift bricks be used in new-builds and renovations.

This build-in nest box is designed to be integrated into the cavity of a building, constructed from long-lasting WoodStone and built to match standard UK brick dimensions. Swift boxes should be sited at least 5m high on a non-south-facing wall, with a clear flight path from the entrance. This box is designed to be rendered over, so only the small raised section around the entrance is visible.

Swifts are colony breeders, so it is recommended that multiple boxes be sited together - just be sure to leave at least 40cm distance between entrance holes.

Specification

- Dimensions: 14cm x 44cm x 15cm (H x W x D)
- Material: WoodStone

House Sparrow Box

Vivara Pro WoodStone House Sparrow Nest Box

About this product

House sparrows are sociable opportunists that survive in most UK habitats, from towns and cities to farmland and countryside. Substantial declines in both urban and rural populations have led to concerns for this species.

This house sparrow nest box is manufactured from woodstone - a mix of concrete and FSC wood fibres. This material is strong and highly insulating which helps to provide a thermally stable environment within the box. It also protects against damage from predators such as cats, woodpeckers and squirrels. It is available with one or two breeding chambers, which can be particularly suitable for house sparrows as they prefer to nest in colonies.

The boxes can be integrated into the masonry of a new house or fixed onto an external wall using strong screws and wall plugs (not included). If possible, it should be positioned near to vegetation and at a minimum of 2m above ground.

Specification

Single Chamber:

- Dimensions: 16cm x 29cm x 21cm (D x H x W)
- Weight: 7.25kg

Double Chamber:

- Dimensions: 16cm x 29cm x 21cm (D x H x W)
- Weight: 7.5kg
