---	--------------------------

Internal Stores (Residential and Commercial)

Please provide details of internal stores / segregation of waste and recycling.

Internal waste will be put into bins located on the ground floors. There will be separate bins for general waste, paper, food waste and plastics.
--

Storage Areas for Waste Containers (Residential and Commercial)

Please provide details of container stores, attaching plans if appropriate.

Externally there will be a total of 1 large Eurobin. They will be situated within bin store that is located in the yard, see plan. The bin store will be locked within a bin store, made out a composite material. The waste will be collected by a private company that will dispose the waste, collections will take place twice a week.
--

Ensure all bins in the store are accessible	☒
Ensure recycling facilities are as easy to access as general refuse	☒

Please confirm details of waste store ventilation and hygiene / cleaning proposals

Ventilation -

Hygiene - Bin stores will be washed down every day to maintain high levels of hygiene.

Please provide details of who will be responsible for placing the bins at the collection point and returning them to the store / property promptly e.g. resident / management company

Employees will be responsible for placing bins at the collection point and returning them to the store. The bin stores will be locked. Refuse vehicles would reverse into the yard to collect the rubbish from the bin store. See plan for vehicle tracking.
