

Smoking Policy for 46 Henry Street, Ancoats

In an effort to maintain a safe and comfortable environment for both customers and staff, smoking is strictly prohibited within the premises of 46 Henry Street, Ancoats. The designated smoking area is located to the left of the bin store, as viewed from the front of the premises.

To ensure the policy is adhered to, signage will be placed both inside and outside the premises to notify customers and staff of the smoking restrictions. If a customer or staff member is observed smoking within the premises, the staff will instruct them to immediately stop and inform them that they are in violation of the law. Food and beverage service may be discontinued if the individual does not comply. If the situation escalates or the complaint is complex, management may be involved and the police may be called if necessary.

A portable cigarette butt bin, clearly marked with a sign, will be attached to the facade of the designated smoking area. Smokers are asked to use this bin to dispose of their cigarette butts, and the bins will be regularly emptied by staff and stored inside when the premises are closed. Any cigarette butts found on the floor will be promptly cleared away by the staff, and individuals observed dropping cigarette butts will be asked to pick them up and dispose of them in the designated bin.

To maintain a respectful environment, signage inside the premises will ask customers to keep noise to a minimum when exiting. Customers using the smoking area will be encouraged by staff to keep noise at an appropriate level, and door staff will monitor noise levels outside the premises during nighttime hours. Customers who disregard requests to keep noise levels down will be asked to leave.

To ensure a clean and well-maintained outdoor area, the area outside the premises will be thoroughly cleaned after closing, and any litter will be placed in bins located inside the premises. If needed, the area will be regularly jet washed to remove chewing gum.
