

Look + Feel: New WC

Option A: Heritage Accent

Applying a heritage accent to create a seamless connection between the existing architecture and contemporary approach within this area. E.g. accent colour from the flooring in the central hall.

Option B: Heritage Accent

The suggested colour choice takes precedence from objects found in the Harris' collection.

Option 3: Warm Timber

Using a wooden slat design for the walls and toilet doors to provide a warm palette with a high quality mix of materials.

Preferred Option

Option 4: Minimalist and Cool Tones

Use of a neutral palette that maximises reflecting light in the space.
