Comment Details

Commenter Type: Neighbour

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I support this application. This will provide a much needed discount operator to the local area. The site is ideal given the surrounding transport links. The only feedback I have on the plans is the lack of clear walking route to the store entrance when approaching the store. If I was to approach from Chorlton Park then use the pedestrian crossing, would I then be expected to walk on the pavement around the boundary of the site running down mauldeth road? Perhaps there should be a pedestrian crossing at the entrance in to the car park. Likewise, thought should be given to the route taken from the tram stop to the front of the store.
