You don't often get email from phoebemarshall@eartothe ground.org. [Learn why this is important](#)

Hello,

I am emailing to register an objection to the proposed telephone mast on Fog Lane.

There are commercial areas that are able to accommodate this mast rather than placing it in a purely residential area, Manchester City Council should be looking to place this mast in a commercial location and there are several more suitable locations such as near tram/bus stops or closer to Didsbury Village by Aldi. I would be interested to know what examinations have been carried out by Manchester City Council to this point and why this location has been suggested. Other roads within Didsbury have been ruled out for this mast on the basis that they are residential, it makes no sense that Fog Lane should be viewed any differently.

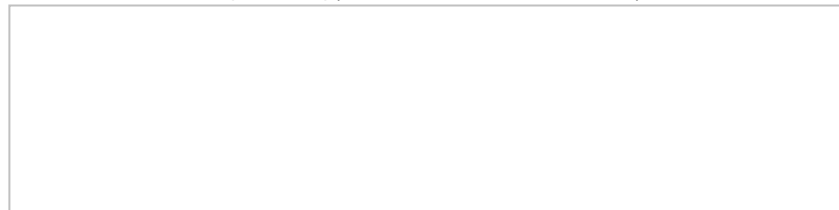

The proposed installation on Fog Lane is half a mile outside of the developers preferred area, and so it doesn't make sense that installing it there would actually provide improved coverage. There are several other areas indicated by the surveyor that would provide superior coverage.

Yours faithfully,

Phoebe Marshall
18 Fairfax Avenue, M20 6AJ
