Comment Reasons:

Comment:

The considerable

increase in traffic at an already busy crossroads and surrounding area. It is expected there will be as much as an

extra 200 journeys in peak hours compared to current. This would undermine traffic calming and cycle friendly measures that have been put in place recently since lockdown.

The wholly inappropriate nature of the site given the immediate vicinity of 4 schools with 3600 pupils and the close proximity of other schools - a locality with 6000 - 7000 pupils. The roads are already dangerous at peak times and both my children are in schools by the site. St Werburghs road, Nell Lane,.Sandy Lane are residential but frequently used as cut throughs by drivers who do not respect the 20mph speed limit.
