You don't often get email from gielen1@gmail.com. [Learn why this is important](#)

Hello,

I submitted a planning application objection online via the MCC site, however wanted to also follow up via email.

I am a co-owner of [36 Fog Lane](#), as a resident of the area I wanted to express my objection and concern regarding planning application 135908/TEL/2023 because of the following reasons:

1. This is a residential area, I feel this antenna will completely change what is currently a purely residential and green outlook, It would double the height of houses just a few feet away. I'm pretty sure that if I was to submit an application for two or more storeys to our house it would be rejected. On the same vein a 15m tall antenna should.
2. I believe that other roads have been ruled out on the basis that they are residential, shouldn't the same apply to us?
3. I believe the location is not even close to the developer's ideal key location, it's in fact half a mile away from where they would like the mast to be.
4. I feel the mast should be placed on any other location (that is not green) for better coverage.
5. Personally; I worry about potential health impact, I'm told risks are not proven but I believe they are not completely discarded either

6. This will decrease the value of my property.

Regards,
Gielen Rojas
