Comment Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment:I object to the building of this proposed plan for a large scale residential building in this area. I use this road daily for work and the junction of this road at daisy bank road is already extremely busy and dangerous to cross especially considering a new development at the corner property has a very large extension to this building already. With this new development it will only increase the traffic and congestion. As well as this I feel like the building would not be in keeping with rest of the local residential properties in this area.
