Growth & Development

Delegated officer report for planning application

Application no. 134884/FO/2022

Date registered valid: 24 October 2022

Proposal: Refurbishment of Graham and Ewing buildings including replacement of external doors, windows and curtain walling, roof finish, installation of external wall insulation, together with the erection of three storey extensions and associated external works

Address: Dalton Ellis Hall, Conyngham Road, Manchester, M14 5RL

Ward(s): Rusholme Ward

Applicant: Mr Stuart Lockwood, The University of Manchester Directorate of Estates and Facilities, Oxford Road, Manchester, M13 9PL

Agent (if any): Mr Alan Williams, Wilson Mason LLP, Upland House, Spring Lane, Samlesbury, Preston, PR5 0UX

Case officer: Steven McCoombe
Tel: 0161 234 4607
Email: steven.mccoombe@manchester.gov.uk

Recommendation: Approve

Description of site/building and surroundings

The application site relates to two separate three storey blocks of accommodation (Graham and Ewings buildings (see location plan below) which form part of Dalton Ellis student halls of residents. Both blocks subject to this application are later additions built in the early 1980s and are used for student accommodation.

The host buildings outlined in red

The Ewings and Graham Buildings are situated towards the eastern side of the halls of residence facing Anson Road and incorporate a series of pitched roof tiers, with the buildings

constructed from a combination of brickwork, asbestos slates roof tiles and timber panels. Both buildings are built in the same architectural style.

Photos of Ewings Building when viewed from the western side

Due to the surrounding tree cover and dampness formed by the tree shade, the buildings are presently covered in moss and showing signs of external deterioration.

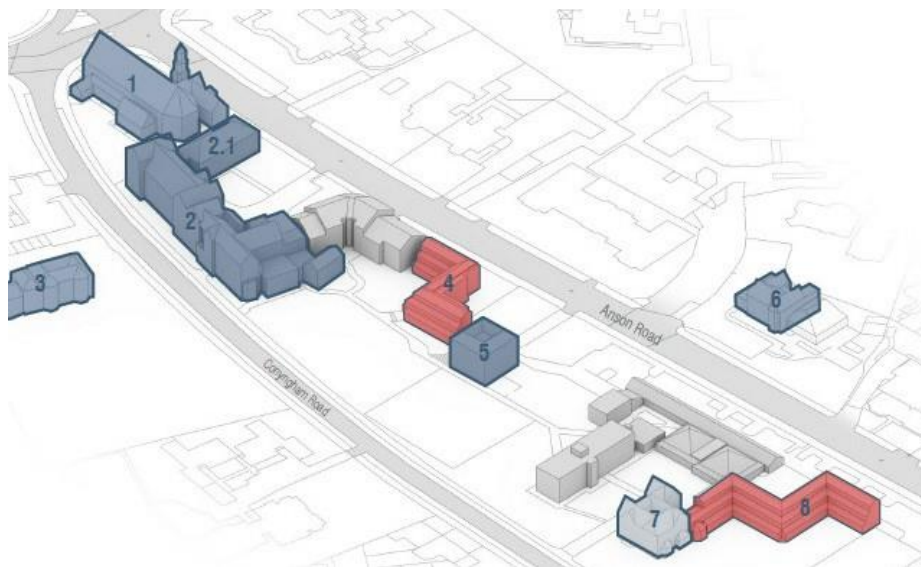

Ewings Building – example of deterioration and maintenance problem

Dalton Ellis Hall, now a University of Manchester halls of residence can be described as a key listed building in the conservation area, designated at Grade II. It was constructed in 1881 to the designs of G.T. Redmayne. The building is an important local landmark positioned at the core of the complex, with a grand frontage detailed in neo-Gothic style. The campus also includes the Grade II listed Eaglesfield, with the Grade II listed Church of St Chrysostom and the Grade II listed 2 Conyngham Road located in the immediate setting of the site under consideration

The halls of residence is situated within the Victoria Park conservation area which extends from the backs of properties to the north of Daisy Bank Road and Oxford Place to Kent Road east and west, and Rusholme Grove in the south. The western boundary is formed by Oxney Road and the backs of properties on Wilmslow Road. To the east, the boundary is formed by Anson Road, the backs of properties on Langdale Road and Laindon Road, the backs of properties on Daisy Bank Road, Scarsdale Road, the backs of properties on Langdale Road and Anson Road.

The complex comprises a number of listed buildings. These include, situated at the north-western end of the site, the Dalton Ellis main hall building which is Grade II listed, beyond which is St. Chrysostom Church which is also Grade II listed. The south-eastern end is occupied by St Anselm hall, which is again Grade II listed.

The site also includes a large, yellow brick Victorian Gothic house known as Sunnyside (annotated as 7) which forms a non-listed heritage asset.

Extract from the submitted Heritage Statement. The application buildings (non-listed in red) and the surrounding Grade II listed buildings in blue

The immediate area is characterised by large houses set within spacious grounds set along tree lined road with grass verges. The verdant character is supplemented by further tree planting set within the boundary walls of the properties which also contribute to the character of the area. The large villa style properties comprise a mixture of brick built and rendered and partially rendered properties, with projecting bays, tall chimneys and vertically proportioned windows. Many of the properties in the area are occupied as student halls of residence or flat conversions.

Listed building: Grade II

Conservation area: Victoria Park Conservation Area 1972

Tree Preservation Order: No

Description of development

Planning permission is sought for the refurbishment of Graham and Ewing buildings including replacement of external doors, windows and curtain walling, roof finish, installation of external wall insulation, as well as the erection of three storey extensions and associated external works.

The works principally comprise the following elements:

- Internal works to provide improved bathroom, kitchen and bedroom facilities;
- Replacement of windows and doors with triple glazed windows;
- New fibre cement slate roof tiles to replace asbestos cement roof slates;
- Replacement of fascias, soffits and rainwater goods;

-Fibre cement slate cladding;

-Elevational alterations in the form of brick slips to provide external wall insulation;

-Three storey extension to each of the two buildings to provide new plant rooms, communication equipment and bedrooms. Each extension is centrally positioned to the Anson Road frontage and would create 45 sqm of floorspace to each building.

The works are considered necessary to improve the appeal, performance and ongoing maintenance of the building and to improve their thermal performance as part of the University's zero carbon strategy;

The existing plant and services installations to Graham and Ewings buildings are also at the end of their design life and do not meet with current best practice or University requirements, so are in need of replacement. The provision of new plantrooms, to replace the existing sub-standard plant spaces in the basements of adjacent Eaglesfield and Sunnyside will remove the reliance of Graham and Ewings buildings on space within these heritage assets.

The application involves a revised proposal to that originally submitted. Due to the Council's concerns surrounding the visual impact of the originally proposed render material, a revised proposal has been submitted which includes an alternative brick slip material, as well as revised details indicating that no trees are to be removed. Neighbours were subsequently re-notified in writing.

Example elevation showing the proposed Permarock brick slips (buff coloured), new brick work to extension and fibre cement cladding and roof tiles

Consultations & Notification Responses

Local Residents/Occupiers – 1 representation has been received in which a neighbouring occupier expresses no objection to the proposal.

Cadent – An informative regarding Cadents' assets is advised.

Greater Manchester Ecology Unit (GMEU) – The submitted survey found that one of the buildings – Ewings Hall, is being used as a Common Pipistrelle day roost by singular/small numbers of this species.

Details of the mitigation measures that are required have been provided and these are acceptable. GMEU are therefore satisfied that provided the mitigation measures are followed in full the favourable conservation status of bats would be maintained at this site.

A condition is requested in relation to the need for a licence from Natural England due to the presence of bats and an 'informative' requested in relation to works being carried out outside the primary bird nesting season.

Environmental Health – A condition relating to external equipment insulation is advised.

Planning History

124642/FO/2019

Installation of new and replacement wall mounted lighting and 5m high free-standing lighting columns within external areas. *Approved 29 October 2019.*

124366/LO/2019

LISTED BUILDING CONSENT for installation of new and replacement wall mounted lighting and 5m high free-standing lighting columns within external areas. *Approved 29 October 2019.*

120761/FO/2018

Replacement of windows and curtain walling, roof material and associated fascias and soffits, rainwater gutters and downpipes to Graham & Ewings buildings.

Infill development at ground level within the curtilage of the development for new plant/communications enclosure. External works to the immediate vicinity of Graham Building. *Approved 10 October 2018.*

096819/NMC/2011/S1

Non-Material Amendment to planning application 095741/FO/2011/S1 for replacement doors and windows. *Approve 3 August 2011.*

096152/FO/2011/S1

Installation of twelve 5 metre high lighting and two five metre high CCTV columns following removal of nine existing lighting columns. *Approve 25 July 2011.*

066983/FO/NORTH2/03

Security improvements including new lighting columns and replacement lanterns and new fencing. *Approved 3 December 2003.*

067875/LO/2003/N2

LISTED BUILDING CONSENT Erection of 1.7m high wrought iron gates and railing between St Chrysoston Church and Dalton Ellis Hall along Anson Road frontage and new gate in wall at southern end of Anson Road. *Approved 24 June 2003.*

032238

Single storey extension to existing halls of residence to form kitchen/ dining room, toilets and new entrance lobby. *Approved 20 September 1988.*

F07256

Erection of a new hall of residence including a kitchen & dining block. *Approved 2 November 1977.*

F07947

Reserved Matters Detailed plans of a New Hall of Residence including dining and kitchen block arising out of the outline planning permission (Ref. F07256) granted on 2nd November 1977. *Approved 5 April 1978.*

Policy

The following policy and guidance is considered relevant to the consideration of this application:

- Saved policies DC18.1, DC19.1 and DC26 of the Unitary Development Plan for the City of Manchester;
- Policies DM1, EN3, EN8 and SP1 of the Manchester Core Strategy;
- Guide to Development in Manchester (SPD);
- National Planning Policy Framework (NPPF).

Issues

Principle

It is considered that given the negligible heritage significance of the buildings in their own right, coupled with the proposed use of materials, the works, including the extension have been designed to be sympathetic and sensitive to the local character and history, with finishes, massing, scale and form reflective and respectful of the designated and non-designated heritage.

It is also believed that any perceived impact is outweighed by the environmental improvements and public benefits that the alterations would offer for residents, with the improved thermal efficiency contributing to the University's zero carbon strategy and the climate change emergency.

The proposed works will greatly improve the student experience, making the setting more attractive, whilst preserving and enhancing the conservation area.

The sustainability credentials of each building would be significantly improved through the reduction in energy in use and through the use of external wall insulation and replacement windows, with a higher glazing percentage also providing more natural light and improved ventilation for the occupants.

As such, it is considered that the proposed development complies with the aforementioned policy and guidance. Specific planning issues are outlined further below.

Heritage Impact

The desire to have special regard to the desirability of preserving the character of conservation areas is also mirrored within Section 72 of the Planning (Listed Building and Conservation Areas) Act 1990 which refers to the need for Local Planning Authorities to pay special attention to the desirability of preserving or enhancing the character and appearance of designated areas

S.66 of the Planning (Listed Buildings and Conservation Areas) Act 1990 states that:

'In considering whether to grant planning permission for development which affects a listed building or its setting, the local planning authority or, as the case may be, the Secretary of State shall have special regard to the desirability of preserving the building or its setting or any features of special architectural or historic interest which it possesses'.

Saved policy DC18.1 of the UDP and Policy EN3 of the Core Strategy, likewise refers to the need for the consideration to be given to the impact of new developments on heritage assets and conservation areas, whilst saved Policy DC19.1 of the UDP seeks to preserve and enhance the setting of listed.

Relevant to this application, Section 16 of the NPPF relates to Conserving and Enhancing the Historic Environment.

Paragraph 197 states that: *'In determining applications, Local Planning Authorities should take account of:*

- a) The desirability of sustaining and enhancing the significance of heritage assets and putting them to viable uses consistent with their conservation;*
- b) The positive contribution that conservation of heritage assets can make to sustainable communities including their economic vitality; and*
- c) The desirability of new development making a positive contribution to local character and distinctiveness.*

Paragraph 199 states that:

'When considering the impact of a proposed development on the significance of a designated asset, great weight should be given to the asset's conservation (and the more important the asset, the greater the weight should be). This is irrespective of whether any potential harm amounts to substantial harm, total loss or less than substantial harm to its significance'.

Paragraph 202 advises further that:

'Where a development proposal will lead to less than substantial harm to the significance of designated heritage asset, this harm should be weighed against the public benefits of the proposal, including where appropriate, securing its optimum viable use'.

In this case, it is considered that the existing buildings under consideration are of negligible heritage significance in their own right. They have been designed and constructed in the 1980s to be sympathetic and sensitive to the local character and history, with finishes, massing, scale and form reflective and respectful of the designated and non-designated heritage assets located in the Victoria Park Conservation Area.

The proposed new finishes and modest extension of these buildings are considered an appropriate response which respects the character of the existing buildings and strikes a satisfactory balance between modern standards, whilst being sympathetic to the existing context.

The original design solution proposed wholesale use of brightly yellow coloured render. It was considered that such a finish and materials would not have the same established presence in the area as the existing brick, timber and slates, and would present an incongruous new addition to the local amenity.

As a result, the render was been swapped out for buff coloured brick slips which are considered to provide a far less strident and lower key solution which maintains the heritage significance of neighbouring assets.

It is believed that the proposed alterations represent an upgrade in the external appearance and quality of the buildings and although the proposal will have some impact on upon the appearance of the conservation area, particularly when viewed from Anson Road, it should be acknowledged that the character of the existing Ewings and Graham buildings is of far lesser significance than neighbouring listed buildings and in isolation would appear as neutral assets lacking any architectural significance. It is further considered that the proposed materials and changes to the profile of the elevations facing Anson Road will create contrast and interest and would not have any significant or detrimental impact on any heritage assets.

In summary, it is considered that the works will have cause a less than substantial impact. The proposed works will meet an established need and will aid the longer-term preservation of a non- listed heritage asset. When weighed against the public benefits that the proposal will deliver in terms of energy efficiency and contribution to the zero carbon agenda, as well as delivering qualitative improvements for residents, the proposed development is considered acceptable and compliant with the aforementioned development plan policy and the National Planning Policy Framework.

Design, Scale and Appearance

The proposed extensions are modest in scale and footprint (45 sqm) and would be read as a subservient feature to each of the host buildings, mirroring the scale of both the host and immediately neighbouring buildings.

It is considered that given the surrounding context and the set-back from the Anson Road frontage, the proposed extensions would easily and satisfactorily assimilate into the neighbouring fabric without any significant or undue harm.

In terms of appearance, the buildings in their present condition are showing signs of deterioration and caused by neighbouring trees, moss and leaf litter, as due to the deterioration of materials.

The proposed alterations would upgrade the appearance of the building and would satisfactorily achieve a balance between modern appearance and the character of neighbouring heritage assets.

A condition has been included which requires the agreement of external of material samples prior to their implementation, in order to ensure indicative details and drawing submitted achieved the result desired by the City Council as Local Planning Authority.

Ecology

The submitted survey found that one of the buildings – Ewings Hall, is being used as a Common Pipistrelle day roost by singular/small numbers of this species.

As advised by GMEU, the mitigation measures outlined within the submitted bat survey are required to be implemented during works. It is also required that a licence be obtained from Natural England. Appropriate conditions have been included and subject to compliance with the conditions, it is not anticipated that there would be any significant impact to existing ecological features.

Trees

The proposal as originally submitted involved the loss of a small number of trees. Following negotiations, these trees are no longer proposed to be removed. As such, there will be no impact to tree coverage. A condition has been included to ensure existing provision is protected, but in any event due the area being designated as a conservation area, all trees with the bounds of the conservation area are statutorily protected.

Impact to Climate Change

It is considered as the proposed works to the building fabric are intended to improve the thermal efficiency of the building, this will lead to improvements to the energy efficiency of the two buildings. This in turn will have positive, albeit minor impact upon climate change.

In terms of the impact during works, through effective mitigation and construction management during the construction phase, any impact upon air quality which be localised and temporary in nature and is capable of being effectively controlled by the implementation of a Construction Management Plan. An appropriate condition is included.

Construction Management

To ensure construction is effectively controlled and to prevent any disruption to existing occupiers in the area, a condition is included which requires the submission and approval of a construction management plan which details working practices, working hours, dust suppression, the parking of construction vehicles and the removal of waste

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation: Approve

Article 35 Declaration

Officers have worked with the applicant / agent in a positive and proactive manner to guide the application through all stages of the planning process and resolve any issues that arose in dealing with the planning application.

Condition(s) to be attached to decision for approval OR Reasons for recommendation to refuse

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) No development that is hereby approved shall commence unless and until samples and specifications of all materials to be used on all external elevations of the development have been submitted to and approved in writing by the City Council as Local Planning Authority.

Reason - To ensure that the appearance of the development is acceptable to the City Council as Local Planning Authority in the interests of the visual amenity of the area within which the site is located, pursuant to policies SP1, EN3 and DM1 of the Manchester Core Strategy.

3) The development hereby approved shall be carried out in accordance with the following drawings and documents received by the City Council as Local Planning Authority on 7 September 2022:

Drawings referenced 6704 L(00) 000, 6704 L(1-)110, 6704 L(1-)120/01, 6704 L(1-)130/01, 6704 L(1-)140, 6704 L(1-)150/01, 6704 L(1-)160 and 6704 L(1-)170, 6704 L(1-)180 received by the City Council as Local Planning Authority on 7 September 2022.

Drawings referenced 6704 L(00) 030/02, 6704 L(2-)230/06, 6704 L(2-)240/06 and 6704 L(00) 020/02 received by the City Council as Local Planning Authority on 16 December 2022.

Reason - To ensure that the development is carried out in accordance with the approved plans. Pursuant to policies SP1 and DM1 of the Manchester Core Strategy.

4) Prior to the commencement of development, a construction management plan outlining working practices during development shall be submitted to and approved in writing by the local planning authority, which for the avoidance of doubt should include;

- Dust suppression measures;
- Compound locations where relevant;
- Location, removal and recycling of waste;
- Parking of construction vehicles;
- Wheel washing facilities; and
- Sheeting over of construction vehicles.

The development shall only be carried out in accordance with the approved Construction Management Plan.

Reason - To safeguard the amenities of nearby residents, pursuant to policies SP1, EN19 and DM1 of the Manchester Core Strategy.

5) In this condition "retained tree" means an existing tree, shrub or hedge which is to be as shown as retained on the approved plans and particulars; and paragraphs (a) and (b) below shall have effect until the expiration of 5 years from the date of the occupation of the building for its permitted use.

(a) No retained tree shall be cut down, uprooted or destroyed, nor shall any retained tree be topped or lopped other than in accordance with the approved plans and particulars, without the

written approval of the local planning authority. Any topping or lopping approved shall be carried out in accordance with British Standard 5387 (Trees in relation to construction)

(b) If any retained tree is removed, uprooted or destroyed or dies, another tree shall be planted at the same place and that tree shall be of such size and species, and shall be planted at such time, as may be specified in writing by the local planning authority.

(c) The erection of fencing for the protection of any retained tree shall be undertaken in accordance with the approved plans and particulars before any equipment, machinery or materials are brought on to the site for the purposes of the development, and shall be maintained until all equipment, machinery and surplus materials have been removed from the site. Nothing shall be stored or placed in any area fenced in accordance with this condition and the ground levels within those areas shall not be altered, nor shall any excavation be made, without the written consent of the local planning authority.

Reason - In order avoid damage to trees/shrubs adjacent to and within the site which are of important amenity value to the area and in order to protect the character of the area, in accordance with policies EN9 and EN15 of the Core Strategy.

6) The development hereby approved shall only be implemented in accordance with the mitigation measures detailed within section 5.0 of the submitted Bat Survey produced by Simply Ecology (Ref: Ref: SE/GTHQ001/02), received by the City Council as Local Planning Authority on 10 October 2022.

Reason -To ensure bats are protected from the works, pursuant to policy EN15 of the Manchester Core Strategy and the National Planning Policy Framework (NPPF).

7) The works to Ewings Hall hereby approved, shall not in any circumstances commence unless the City Council as Local Planning Authority has been provided with a licence issued by Natural England, pursuant to the Conservation of Habitats and Species Regulations 2017 (as amended) authorising the specified activity/development to go ahead.

Reason - Due to the presence of bats and in order ensure bats are protected from the works, pursuant to policy EN15 of the Manchester Core Strategy and the National Planning Policy Framework (NPPF).

8) Any externally mounted ancillary equipment shall be acoustically insulated in accordance with a scheme submitted to and approved in writing by the City Council as Local Planning Authority prior to becoming operational in order to secure a reduction in the level of noise emanating from the equipment. External equipment shall only operate in accordance with the agreed details.

Reason - To safeguard the amenities of the occupiers of nearby residential accommodation, pursuant to policies SP1 and DM1 of the Manchester Core Strategy.

Informatives

1) No removal of or works to any trees or shrubs shall take place between 1 March and 31 August inclusive, unless a competent ecologist has undertaken a careful, detailed check of vegetation for active birds' nests immediately before the vegetation is cleared and provided written confirmation that no birds will be harmed and/or that there are appropriate measures in place to protect nesting bird interest on site. Any such written confirmation should be submitted to the City Council as Local Planning Authority.

2) Cadent Gas Ltd own and operate the gas infrastructure within the area of your development. There may be a legal interest (easements and other rights) in the land that restrict activity in

proximity to Cadent assets in private land. The applicant must ensure that the proposed works do not infringe on legal rights of access and or restrictive covenants that exist.

If buildings or structures are proposed directly above the apparatus the development may only take place following diversion of the apparatus. The applicant should apply online to have apparatus diverted in advance of any works, by visiting cadentgas.com/diversions

Prior to carrying out works, including the construction of access points, please register on www.linesearchbeforeudig.co.uk to submit details of the planned works for review, ensuring requirements are adhered to.
