

An architectural elevation drawing of a building facade. The main structure is a tall, rectangular volume with a grid of windows. The windows are arranged in a 4x10 grid on the upper floors. The ground floor features larger, more varied window openings. A red rectangular section is visible at the top of the facade. To the left, a smaller, lower structure with a flat roof is shown. The drawing uses black lines for structural elements and red for the roof section.

A large, industrial-grade metal door with horizontal slats, featuring a prominent handle and lock mechanism. The door is set within a concrete frame and is secured with multiple locking bolts. A small, rectangular metal box is mounted on the wall to the left of the door.
