Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: My family and I have lived in this area for over 30 years. Born and bred in Manchester we are proud Mancunians and have seen Manchester develop and grow over the years. The local area has also seen some drastic changes but more recently have found that the local area has become overpopulated that the local area infrastructure is struggling with the capacity of the number of people here. Local schools are struggling as new parents are having put their child's name down for nurseries and school before they are even born. The waiting times to GP and local hospitals have increased massively to. We have found that the local area in particular has become over-populated and no longer has the community feel it used to have and no longer feels like a neighbourhood. The crime rate as well has increased due the number of new people here and there are so many new residences that I know feel unsafe walking around even to the local shop.

For the reasons mentioned above my family and I strongly object to the residential development on Laindon Road. I look forward to hearing from you soon.

Kind Regards,
