Comment Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I live on Chandos Road South. I can see the dangerous traffic issues on St Werburgh's Road as a pedestrian and a driver.

It will be even worse for school children if a supermarket is built.

Rather sadly, should this application be granted, it'll be a case of counting down until a child is knocked over by a vehicle.

Furthermore the increased number of vehicles will cause an increased amount of pollution.

I am already aware of the effects of traffic on our residential street as adjacent streets (Ellesmere Road South and Egerton Road South) both have traffic calming measures. Again this will become problematic.

There will also be a consequential effect on Wilbraham Road Traffic.

Also note that building a large supermarket next to both a school and a park is just a stupid idea and strikes me as poor planning!

In all, whilst there may be some justification in an additional supermarket in Chorlton, this is the wrong site.
