

A 3D architectural rendering of a two-story red brick house. The house features a brown tiled roof with a chimney on the left side. The front facade has a covered porch supported by grey columns. There are several windows, including a large double window on the ground floor and a smaller window on the second floor. A green lawn and a grey sidewalk are visible in the foreground.

A 3D architectural rendering of a two-story brick house. The main structure is dark red brick with a brown tiled roof. A smaller extension on the left is made of red brick and also has a brown tiled roof. A yellow door is visible on the ground floor of the main house. The image is a cutaway view, showing the interior structure and roof details.

A 3D architectural rendering of a two-story brick house. The house features a brown tiled roof with a chimney on the left side. The exterior walls are made of brick, with the main body being dark red and the porch area being a lighter shade of red. A covered front porch with a brown roof and white columns is visible. The house has several windows with white frames and a yellow door. A black metal fence runs along the back and side of the property, and a white fence is in the foreground. The house is set on a green lawn with a grey sidewalk.
