

Important – Planning permission & notices of consent

Compliance with conditions

- Your planning approval or consent is attached. It will contain conditions that you must comply with.
- Please read the conditions and understand their requirements and restrictions, for example submission and approval of details or measures to protect trees.
- Some conditions will require action before you start development and it is imperative that you seek to have these discharged before any work commences.
- Whilst every effort has been made to group conditions logically, it is your responsibility to ensure that you are aware of the requirements and/or restrictions of all conditions.
- If you fail to comply with the conditions this may result in a breach of planning control and this may lead to enforcement action.
- Failure to comply with conditions may also result in the development not being lawful.
- It is in your interests to demonstrate that conditions have been complied with. Failure to do so may cause difficulties if the property is sold or transferred.
- A fee is payable for each request to discharge conditions.
- For advice on any of these matters, please contact Planning, Manchester City Council, PO Box 532, Town Hall, Manchester M60 2LA or email planning@manchester.gov.uk

Part 1 – Particulars of the application/development

Proposal: Variation of condition 2 (Specified Plans) of application Listed Building Consent referenced 130044/LO/2021 to allow for internal alterations and repairs together with installation of CCTV

Location: 44 Princess Street, Manchester, M1 6DE

Date of application: 13 October 2022

Application number: 135133/JO/2022

Part 2 – Particulars of decision

Manchester City Council gives notice that the development referred to in Part 1 has been **Approved** in accordance with the application and plans submitted subject to the condition(s) listed below (if any).

Article 35 Declaration

In assessing the merits of an application officers will seek to work with the applicant in a positive and proactive manner to seeking solutions to problems arising in relation to dealing with the application. In this instance this has included ongoing advice about the information required to be submitted to support the application and ongoing discussions about securing an appropriate conservation led approach to the internal and external detailing of the space

Condition(s) attached to this decision

- 1) The development must be begun not later than 3 September 2023.

Reason - Required to be imposed pursuant to Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

The development hereby approved shall be carried out in accordance with the following drawings and documents:

- Location Plan (Ref AL(02)001 Revision P01) dated July 2020 - Rec 19 April 2021

Reason - To ensure that the development is carried out in accordance with the approved plans. Pursuant to policies SP1 and DM1 of the Core Strategy.

3) i) Notwithstanding the information detailed within Condition 2 of this application, full and final details of the following works shall be submitted to and formally approved in writing by Manchester City Council as Local Planning Authority ahead of works commencing in respect of that element (i (a)-(j)):

- a) Full details of materials including full specifications along with schedule for the proposed alterations and reconfiguration of the roof to accommodate new plant and service cores, the proposed external alterations to the lightwell to incorporate lifts and stairs including lift overrun.
- b) Full method statements from appointed contractor for the structural works associated with the demolition (including roof works), lightwell removal and the works to the main entrance area, ensuring and demonstrating adequate protection to the building during the works
- c) Full details as to the retention and relocation of the decorative railings at first floor level on site
- d) Full details including method statement detailing the external repair works required to make good the external elevation following removal of the existing modern fire escape, which shall include details of the proposed new windows at upper level.

- e) Full details and sections of all new windows and doors, including through heads, cills and reveals are provided in order to understand frame sizes and mouldings
- f) Full details and design specifications of any proposed new gates and grilles (including doors to substation) to the Harter Street elevation, including fabrication sections (or written confirmation if not required)
- g) Full details and method statement as to the retention and preserving of the former hoist following removal of surrounding hoardings are removed.
- h) Full details and samples of the proposed new glazed screens
- i) Full details and samples of all other internal finishes and materials, including proposed glass, internal repairs such as ceilings, plasterworks and timber repairs shall be submitted to and approved in writing by the City Council as Local Planning Authority.
- j) Full details, samples and any required method statement for works required to the rear of Level -01, following required soft strip.

ii) The following works shall be implemented in accordance with the following approved information:

- a) The internal finishes to repair/reinstate lime plaster ceilings shall be implemented in accordance with the Covering Letter prepared by Paul Butler Associates (Reference 20.1456 dated 10 June 2022) - Received 13 June 2022 and the Sections 1.1, 7.0 and 7.7 of the Conservation Sample Report prepared by Cubic Works (Reference '40-46 Princess Street' Issue 006 dated 10 June 2022) - Received 13 June 2022 (Part i, i)
- b) The installation of scaffolding to the Harter Street elevation shall be implemented in accordance with the following information:

- Covering Letter (Reference 20.1456 dated 26 October 2021) - Received 27 October 2021
- Scaffolding Information Sheet (Drawing Page 1 dated 20 October 2021) - Received 27 October 2021
- Scaffolding Information Sheet (Drawing Page 2 dated 20 October 2021) - Received 27 October 2021
- Scaffold Information Sheet (Drawing Page 3 dated 20 October 2021) - Received 27 October 2021
- Scaffolding Data Sheet (Drawing Page 4 dated 20 October 2021) - Received 27 October 2021
- Temporary Works - Removal of Sash Windows (Drawing AL(31)500 Revision P01 dated December 2021) - Received December 2021
- Scaffolding Methodology Phase 1 prepared by Cubic Works - Received 27 October 2021
- Scaffolding Methodology Phase 2 prepared by Cubic Works - Received 14 January 2022
- Safe Storage of Materials Methodology prepared by Cubic Works - Received 21 January 2022
- Scaffolding Data Sheets prepared by ADI Supply Ltd - Received 27 October 2021
- Scaffolding Calculations (Document CRE-IBN-097-001_CALCS dated 21 October 2021) - Received 27 October 2021

- Scaffolding Methodology prepared by IBN Scaffold Access Limit - Received 27 October 2021

 - Enabling Works/Strip Out Specification and Schedule of Works document prepared by BB Heritage Studio (Reference P0214-SCH-REP011 dated March 2021) - Received 27 October 2021

- Heritage Paint Assessment prepared by Heritage Project Management (Report HPMTA01 Issue 1 dated 18 November 2021) - Received 23 November 2021
- Access Scaffold (Drawing Page 1 dated 08 December 2021) - Received 14 January 2022
- Access Scaffold (Drawing Page 2 dated 08 December 2021) - Received 14 January 2022
- Access Scaffold (Drawing Page 3 dated 08 December 2021) - Received 14 January 2022
- Access Scaffold (Drawing Page 4 dated 08 December 2021) - Received 14 January 2022
- Conservation Samples Report prepared by Cubic Works (Issue 006 dated 10 June 2022) - Received 22 June 2022
- Method Statement prepared by Fairhurst Joinery Limited (Method Statement 30 dated 17 January 2022) - Received 21 January 2022
- Photographs of Roof Timbers and Pillars - Received 03 November 2021 (in relation to Part i) i) of this condition)

d) All new windows and roof windows shall be installed fully and only in accordance with the Covering Letter prepared by Paul Butler Associates (Reference 20.1456 dated 10 June 2022) - Received 13 June 2022 and Sections 2.5 and 6.0 of the Conservation Sample Report prepared by Cubic Works (Reference '40-46 Princess Street' Issue 006 dated 10 June 2022) - Received 13 June 2022 (in relation to Part i) e) of this condition).

iii) The works within i) and ii) shall be carried out only as agreed and in accordance with the approved details and shall have been implemented and completed prior to the first occupation of the development hereby approved.

Reason: To ensure that the appearance of the development is acceptable to the City Council as local planning authority in the interests of visual amenity of the area within which the site is located, as specified in policies SP1 and DM1 of the Core Strategy.

4) Notwithstanding the details set out in Condition 2, within 1 month of the installation of the plant equipment to the roof, the removable bottom panels and top fan cowls to the proposed white finished condenser units shall be painted grey. Dated evidence of this shall be submitted to and approved in writing by the City Council as Local Planning Authority within 2 months of the completion of the development.

Reason: To ensure that the appearance of the development is acceptable to the City Council as local planning authority in the interests of visual amenity of the area within which the site is located, as specified in policies SP1 and DM1 of the Core Strategy.

5) a) The works to windows as set out in the windows repair schedule(s) (as set out in Condition 2) shall not commence until sample windows and specification of repairs have been submitted to and approved in writing by the City Council as Local Planning Authority. The works to the windows shall not take place until such time that currently boarded up windows have been surveyed and details provided within an updated window survey report, (which must include details of the proposed works to the currently boarded windows) has been provided and agreed by the City Council as Local Planning Authority. The approved works to windows shall be fully implemented prior to first occupation of the development hereby approved.

b) The installation of new windows shall be carried out only and fully in accordance with the Covering Letter prepared by Paul Butler Associates (Reference 20.1456 dated 10 June 20. 22) - Received 13 June 2022 and Section 2.0 of the Conservation Sample

Report prepared by Cubic Works (Reference '40-46 Princess Street' Issue 006 dated 10 June 2022) - Received 13 June 2022. These approved works to install new windows shall be fully implemented prior to first occupation of the development hereby approved.

Reason: To ensure that the appearance of the development is acceptable to the City Council as local planning authority in the interests of visual amenity of the area within which the site is located, as specified in policies SP1 and DM1 of the Core Strategy.

6) a) The external repairs listed below shall not commence until full details of all proposed repairs have been submitted to the City Council as Local Planning Authority. Such details must include:

- (i) method statements,
- (ii) samples
- (iii) specifications

of all repair works including indents, pointing, brickwork, mortar repairs and stone repairs, timber repairs. The full schedule of works shall be inspected on site once the full scaffold is in situ and the full scope of work shall be submitted to and approved in writing by the City Council as local planning authority.

b) The use of the doff cleaning technique, repairs to glazed brickwork, and the salvage and re-use of existing slate shall be carried out fully and only in accordance with the Covering Letter prepared by Paul Butler Associates (Reference 20.1456 dated 10 June 2022) - Received 13 June 2022 the doff cleaning technique (See Section 3.0), repairs to brickwork (See Section 4.0), and the salvage and re-use of existing slate (See Section 5.0) and Section 3.0, 4.0 and 5.0 of the Conservation Sample Report prepared by Cubic Works (Reference '40-46 Princess Street' Issue 006 dated 10 June 2022) - Received 13 June 2022

c) All external repairs as described within parts a) and b) of this condition shall be carried out only in accordance with the approved details and shall have been implemented and completed prior to the first occupation of the development hereby approved.

Reason: To ensure that the appearance of the development is acceptable to the City Council as local planning authority in the interests of visual amenity of the area within which the site is located, as specified in policies SP1 and DM1 of the Core Strategy.

7) Any original building fabric or features uncovered, discovered or found during construction/fitout/refurbishment/soft strip works shall be retained in situ where possible. If not possible, the City Council as Local Planning Authority shall be contacted for further advice or guidance as to how the object/items can be repurposed for use within the building prior to first occupation of the development hereby approved. Any such items shall be repurposed fully in accordance with the details approved in writing by the City Council as local planning authority prior to first occupation of the development hereby approved.

Reason - In the interests of visual amenity, and because the proposed works affect a building which is included in the Statutory List of Buildings of Special Architectural or Historic Interest so careful attention to building work is required to protect the character and appearance of this building in accordance with saved policy 19.1 of the Unitary Development Plan for the City of Manchester and policies SP1, EN3 and DM1 of the Core Strategy.

8) a) The scaffolding of the Harter Street elevation shall be implemented and maintained in accordance with the following information:

- Covering Letter (Reference 20.1456 dated 26 October 2021) - Received 27 October 2021
- Scaffolding Information Sheet (Drawing Page 1 dated 20 October 2021) - Received 27 October 2021
- Scaffolding Information Sheet (Drawing Page 2 dated 20 October 2021) - Received 27 October 2021
- Scaffold Information Sheet (Drawing Page 3 dated 20 October 2021) - Received 27 October 2021
- Scaffolding Data Sheet (Drawing Page 4 dated 20 October 2021) - Received 27 October 2021
- Temporary Works - Removal of Sash Windows (Drawing AL(31)500 Revision P01 dated December 2021) - Received December 2021
- Scaffolding Methodology Phase 1 prepared by Cubic Works - Received 27 October 2021
- Scaffolding Methodology Phase 2 prepared by Cubic Works - Received 14 January 2022
- Safe Storage of Materials Methodology prepared by Cubic Works - Received 21 January 2022
- Scaffolding Data Sheets prepared by ADI Supply Ltd - Received 27 October 2021
- Scaffolding Calculations (Document CRE-IBN-097-001_CALCS dated 21 October 2021) - Received 27 October 2021
- Scaffolding Methodology prepared by IBN Scaffold Access Limit - Received 27 October 2021
- Scaffolding Fixing and Repair Methodology prepared by Quadriga - Received 27 October 2021
- Enabling Works/Strip Out Specification and Schedule of Works document prepared by BB Heritage Studio (Reference P0214-SCH-REP011 dated March 2021) - Received 27 October 2021
- Heritage Paint Assessment prepared by Heritage Project Management (Report HPMTA01 Issue 1 dated 18 November 2021) - Received 23 November 2021
- Access Scaffold (Drawing Page 1 dated 08 December 2021) - Received 14 January 2022
- Access Scaffold (Drawing Page 2 dated 08 December 2021) - Received 14 January 2022
- Access Scaffold (Drawing Page 3 dated 08 December 2021) - Received 14 January 2022
- Access Scaffold (Drawing Page 4 dated 08 December 2021) - Received 14 January 2022
- Conservation Samples Report prepared by Cubic Works (Issue 006 dated 10 June 2022) - Received 22 June 2022
- Method Statement prepared by Fairhurst Joinery Limited (Method Statement 30 dated 17 January 2022) - Received 21 January 2022
- Photographs of Roof Timbers and Pillars - Received 03 November 2021

b) Before any works to install scaffolding to the Princess Street and rear elevations commence, a methodology and specification for any associated scaffolding to these elevations and support structure for the listed building including its location, means of affixing to the building, location of any associated fixings to the building, details of how the building fabric would be protected from potential damage as a result of the erection

of the scaffolding and details of making good to the building fabric following removal shall be submitted to and approved in writing by the City Council as local planning authority.

c) Details of making good to the building fabric following removal shall be submitted to and approved in writing by the City Council as local planning authority prior to the removal of scaffolding from each elevation.

Reason - In the interests of visual amenity and because the proposed works affect a building which is included in the Statutory List of Buildings of Special Architectural or Historic Interest and careful attention to building work is required to protect the character and appearance of this building and to ensure consistency in accordance with policies CC9 and EN3 of the Core Strategy and saved policy DC19.1 of the Unitary Development Plan for the City of Manchester.

9) Prior to installing CCTV equipment at the building full details including product details, product specifications, colours and sizes of each item of CCTV equipment shall be submitted to and approved in writing by the City Council as local planning authority. The CCTV equipment shall be installed fully and only in accordance with the approved details.

Reason - In the interests of visual amenity and because the proposed works affect a building which is included in the Statutory List of Buildings of Special Architectural or Historic Interest and careful attention to building work is required to protect the character and appearance of this building and to ensure consistency in accordance with policies CC9 and EN3 of the Core Strategy and saved policy DC19.1 of the Unitary Development Plan for the City of Manchester.

Informatives

Building Regulations 2010

This permission does not grant approval under Building Regulations.

Street Naming & Numbering Requirements

Manchester City Council is responsible for allocating street naming and numbering within Manchester for new developments or property conversions. Individuals or businesses are not permitted to allocate their own property numbers, building or street names.

If your development includes the creation of new dwellings (either new build or conversion of existing buildings), creation of new commercial properties or the subdivision of existing properties you must ensure that you request new or changes to addresses through us so they can be officially allocated and registered in accordance with the Public Health Act 1925 Sections 17-19 & Greater Manchester Act 1981 Section 22.

Failure to do this may result in difficulties for the developer/occupier when requiring services such as connections to utilities, phone lines and postal services and may delay your development.

You can apply online at the following address:

http://www.manchester.gov.uk/info/100011/roads_parking_and_transport/1988/naming_and_numbering_of_houses_buildings_streets_and_roads/2

Date: 9 December 2022

Signed: 

Julie Roscoe
Director of Planning, Building Control & Licensing

Manchester City Council, P O Box 532, Town Hall, Manchester M60 2LA

Notes

1. This permission refers only to that required under the Town and Country Planning Act 1990 does not include any consent or approval under any other enactment, byelaw, order or regulation.

2 If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, they may appeal to the Secretary of State in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of the notice of the decision.

The Planning Inspectorate have introduced an online appeals service that can be used to make appeals online. This service is available through the gov.uk website – www.gov.uk/planning-inspectorate . The Inspectorate will publish details of your appeal on the internet. Alternatively If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State has power to allow a longer period for the giving of a notice of appeal but they will not normally be prepared to exercise this power unless there are special circumstances that excuse the delay in giving notice of appeal.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the City Council (planning@manchester.gov.uk) and the Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

3. The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely Sections 70(1) and 72(1) of the Act.

4. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that they can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase their interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990

5. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to them. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
