

Construction (Design and Management) Regulations 2007

Designer Considerations

Street Design Partnership's duty on this project is that of "Designer" as defined by Regulation 2, and has avoided foreseeable risk to those involved in the construction and future use of the structure and in so doing eliminated hazards (as far as is reasonably practical, taking account of other design considerations) and reduced risk associated with those hazards. The Designer has provided adequate information about any significant risks associated with the design and has considered the work with others in order to improve the way in which risks are managed and controlled. The associated risks are restricted to site or project specific risks and as such are not considered as a complete and final list of all hazards that may exist.

Materials Key

1. Metal Rainscreen Cladding (textured powder coated finish)
2. Perforated Panel (finish to match 1)
3. Vertical Fins (finish to match 1)
4. PPC aluminium Louvered Plant Screen / Door (colour: black)
5. PPC Aluminium Extract / Vent (colour: black)
6. Engineering Brickwork Basecourse (colour: Charcoal)
7. PPC Aluminium Curtain Walling (colour: black)
8. glazing: clear double glazing (spandrel: lock-a-like glazing, RAL TBC)
9. Existing Window Opening (colour: dark grey)
10. glazing: clear double glazing (spandrel: lock-a-like glazing, RAL TBC)
11. Slate roof tiles (colour: to match existing)
12. Existing damaged brick gable, rebuilt with salvaged brickwork.

Other Works

- A. Existing damaged or painted stone (all to be redecorated/repainted) (colour: to match existing)
- B. Rainwater goods repaired and redecorated (colour: black)
- C. New stone coping - where existing gable has been removed
