Reviews

RSPB exclusive

Simple to install, inspect and clean, Schwegler nestboxes are famous for their durability. Schwegler have been making nest boxes for birds, bats and insects for over 50 years.

These nestboxes, in colours exclusive to the RSPB, will last at least 20-25 years and are readily adopted by garden birds.

They are made from a patented wood-concrete material consisting of 75% wood, which provides insulation and aids ventilation.

Comes with easy-hang hook, and a forestry approved aluminium nail is included. Backed by an incredible 25 year guarantee!

The 32 mm entry hole nest box may attract tits, sparrows, redstarts and nuthatches.

With a wide range of expertly-designed [bird houses](#) to choose from, you can easily provide a safe, welcoming home in your garden for different wild birds. RSPB Shop also provides advice on where to locate your bird house. Help us give nature a home!

Type of bird

- Coal tit
- Blue tit
- Great tit
- House sparrow

Features

RSPB exclusive | Easy-hang hook | Durable

Advice

For more information about siting a nest box please see the Advice section of the main RSPB website.
