Street Naming & Numbering Requirements

Manchester City Council is responsible for allocating street naming and numbering within Manchester for new developments or property conversions. Individuals or businesses are not permitted to allocate their own property numbers, building or street names.

If your development includes the creation of new dwellings (either new build or conversion of existing buildings), creation of new commercial properties or the subdivision of existing properties you must ensure that you request new or changes to addresses through us so they can be officially allocated and registered in accordance with the Public Health Act 1925 Sections 17-19 & Greater Manchester Act 1981 Section 22.

Failure to do this may result in difficulties for the developer/occupier when requiring services such as connections to utilities, phone lines and postal services and may delay your development.

Mining Information

The proposed development lies within an area which could be subject to current coal mining or hazards resulting from past coal mining. Please read the Standing Advice from the Coal Authority in Appendix A.

A stopping up order would be needed to extinguish existing highway rights of part of the footway section of land on the corner of Victoria Avenue and Chain Road highlighted on Drawing Number 1102 Proposed Land strip facing Victoria Avenue.

Where there is a requirement to stop up or divert an existing section of highway or footpath (under either a S116 Highways Act 1980 or S247/S257 Town and Country Planning Act 1990) a discussion should be undertaken with the Statutory Approvals Team, so an appropriate process can be determined and taken forward, at the applicant's expense.
