Part 1 – Particulars of the application/development

Proposal: Erection of single storey rear extension to form a one bedroom self-contained dwelling

Location: 2 Elmsmere Road, Manchester, M20 6FL

Date of application: 18 October 2022

Application number: 135146/FO/2022

Part 2 – Particulars of decision

Manchester City Council gives notice that the development referred to in Part 1 has been **Refused** in accordance with the application and plans submitted for the reason(s) listed below.

Article 35 Declaration

The proposal was assessed against the policies within the Manchester Core Strategy Development Plan Document (2012), the Manchester Residential Quality Guidance (2017) and the guidance contained within the National Planning Policy Framework (2019). The applicant was advised that the provision of residential accommodation in this location would not be appropriate as it constituted overdevelopment, lacked sufficient off-street parking and offered a poor standard of accommodation. As the nature of the proposal was considered to be unacceptable and the applicant has requested that the proposal be determined in its current format, a solution that was acceptable to both the Local Planning Authority and the applicant could not be reached.

Reason(s) for decision

1) Having regard to the character and density of development in the vicinity of the site, the proposed development, due to its footprint and the number of units proposed, is considered to be overdevelopment and would therefore be detrimental to existing levels of visual and residential amenity, contrary to policy DM1 in the Manchester Core Strategy and guidance contained within the National Planning Policy Framework and National Design Guide.

2) The proposed development, due to the inadequate number of parking spaces proposed and loss of existing parking spaces, would lead to an increase in on-street parking in an area that experiences a high demand for on-street parking spaces. This increase in on-street parking would have a detrimental impact upon the levels of pedestrian and highway safety enjoyed along Elmsmere Road, contrary to Policy DM1 in the Manchester Core Strategy Development Plan Document.

3) The siting of an additional dwelling in the location proposed would lead to a loss of residential amenity for the residents of no. 4 Elmsmere Road as a consequence of the comings and goings of the future occupants and their visitors and the associated noise and disturbance. The proposed development would therefore conflict with policies DM1 and SP1 of the Manchester Core Strategy.

4) The proposed development, due to its design and layout, would result in the provision of inadequate levels of private external amenity space for the proposed and existing dwellings. As a result, the proposal would be contrary to the guidance contained within the Manchester Residential Quality Guidance, the National Planning Policy Framework, the National Design Guide and policy DM1 in the Manchester Core Strategy.
