Description of site/building

The application site is situated on the corner of Newton Street and Holyoak Street within Newton Heath district centre. The site forms part of a wider development plot which was granted planning permission in 2020 for the erection of a part 4, part 5 storey building to form 100 residential apartments (Use Class C3a) together with ground floor commercial floorspace (Use Classes A1, A2, A3, B1 and D1) (211 sqm) and erection of 39 two and three storey dwellinghouses (Use Class C3a) along with associated access, landscaping, boundary treatment and car parking by One Manchester (125990/FO/2020)

This wider plot is 1.10 hectares site is bounded by Oldham Road (A62) to the north, Droylsden Road to the east, the Lidl car park and Holyoak Street to the south and Dulverton Street to the west.

The site consist of two individual parcels of land which are open grassland and a two storey building formerly occupied by the YES Group (this building has subsequently been demolished since the original planning permission was granted). The site is located in the Newton Heath and within the boundaries of its district centre.

Listed building: Not applicable

Conservation area:

Tree Preservation Order:

Description of area

The surrounding area is a mixture of residential and commercial developments. There are residential properties to the north along Oldham Road. A single storey Farmfoods and associated car park to the east off Droylsden Road. A Lidl food store and associated car park together with Newton Silk Mill, commercial buildings and yard space associated with Martins Craft Bakery and

Heart and Graft Coffee to the south. The partially derelict former Rosedale Building (now demolished) is located to the west of the site with residential properties and the commercial heart of the district centre beyond this.

The Rochdale Canal is located to the rear of the Lidl Supermarket to the south. The area is highly sustainable. The Newton Heath and Moston tram station is a short walk from the application site which provides connections to the city centre as well as Manchester Victoria Train Station and north towards Oldham and Rochdale Town Centres.

Newton Heath District Centre is characterised by a number of shops, supermarkets, services and takeaway facilities within a short walk of the application site, largely linear in format and either side of Old Church Street.

Description of development

Variation of planning conditions 2, 8 and 9 attached to planning permission referenced 133849/FO/2022 to make elevational alterations including alterations to window details, boundary treatment and street trees

Consultations & Notification Responses

Local residents/public opinion No comments received

Highway Services advise that the boundary treatments are acceptable from a highway perspective.

Policy

Manchester Core Strategy (2012) – relevant policies are SO1, SO2, SO6, SP1, T1, T2, H1, H2, H4, H8, EN1, EN3, C1, C2, C4, EN4, EN5, EN6, EN9, EN14, EN15, EN16, EN17, EN18, EN19 and DM1.

Unitary Development Plan for the City of Manchester (1995) relevant policies include DC7, DC26, DC19, DC20 and E3.3.

National Planning Policy Framework

Other legislative requirements

Section 66 Listed Building Act requires the local planning authority to have special regard to the desirability of preserving the setting of listed buildings. This requires more than a simple balancing exercise and considerable importance and weight should be given to the desirability of preserving the setting. Members should consider whether there is justification for overriding the presumption in favour of preservation.

Issues

The applicant has applied to make the following changes to the planning permission. The changes are as follows:

- Amendments to the boundary treatments;
- Brick lintels changed to standard lintels on all dwellinghouses
- Window reveal depth reduced on all dwellinghouses
- UPVC Gutters and RWPs face fixed

- Low level spandrel added to all first and second-floor windows, colour Mid Grey (RAL 7045 or similar).
- Reduction in number of street trees
- Alternative parapet capping to flat roof areas amended

Amendment of boundary treatments

The alterations to the boundary treatment would result in the driveway and pedestrian gates being omitted. In order to ensure that the extent of hardstanding does not dominate the frontage, brick piers have been added to the end of the driveways and the pathway to the front entrance.

The change is considered to be acceptable on the basis that the frontage is still broken down by the new piers.

Brick lintels changed to standard lintels on all dwellinghouses

Lintels at the head of windows have been changed from brick head lintels to standard lintels. The change is not considered to be ideal, with the preference being for a brick head to the window, in this instance the magnitude of the change would not be sufficient to warrant refusal of the application.

Window reveal depth reduced on all dwellinghouses

It is proposed that the window reveal depth be reduced from a near full brick (182.5mm) to a near half brick (95mm) depth. The change is not considered to be ideal, with the preference being for a full reveal, in this instance the magnitude of the change would not be sufficient to warrant refusal of the application.

Gutters and RWPs face fixed

Gutters and rainwater down pipes (RWDPs) which were formally set into the brick masonry leaf and concrete effect tiled roof are proposed to be replaced with traditionally face fixed proprietary products. Face fixed RWPs and gutters will be proprietary 65mm square section UPVC black products.

The change is not considered to be ideal, with the preference being for the rainwater goods to be set into the masonry, in this instance the magnitude of the change would not be sufficient to warrant refusal of the application

Low level spandrel added to all first and second-floor windows, colour RAL 7045 or similar mid grey

All windows to dwellinghouses at first and second floor levels will be provided with a low-level insulated spandrel panel (finish could RAL 7045 or similar), in place of the clear glazed panel currently proposed.

In order to maintain the sense of a full height window, the panel below would be replaced with a glazed back panel in a colour to be agreed. This is considered to be acceptable as it will retain the overall aesthetic to the building.

Reduction in number of street trees

It is proposed to omit 16no. formerly proposed street trees around the block of dwellinghouses defined by Oldham Road to the north, Droylsden Road to the east, Holyoak Street to the south

and Newton Street to the west. 4no. street trees will remain at the entrance to the site on Newton Street as this is considered to be the gateway to the site and therefore has most impact for placemaking within the design proposals. A further assessment of existing trees is ongoing to establish their health, maturity and value.

Alternative parapet capping to flat roof areas amended

Parapets to flat roof areas were previously illustrated with full PPC aluminium capped parapet covers. These are proposed to be retained as PPC aluminium covers to the street facing half of the parapet, with the internal half replaced with a waterproof membrane which will pass over the roof, up the internal face of the parapet and beneath the aluminium component of the parapet. This amendment will not be visible from the street scene but will be visible to occupiers of the dwellinghouses.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation: Approve

Article 35 Declaration

Officers have worked with the applicant in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the planning application. Pre application advice has been sought in respect of this matter. The proposal is considered to be acceptable and therefore determined within a timely manner.

Condition(s) to be attached to decision for approval OR Reasons for recommendation to refuse

- 1) The development must be begun not later than the 30 June 2025.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

- 2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

Drawings and document approved as part of planning application 135380

T8130 D 0 040 I2, T8130 D 0 054 I2, T8130 D 10 151 I2, T8130 D 10 251 I2, T8130 D 0 020 I4 and summary of changes note received by the City Council, as Local Planning Authority, on the 3 November 2022

Stamped as received by the City Council, as Local Planning Authority, on the 24 May 2022

Reason - To ensure that the development is carried out in accordance with the approved plans. Pursuant to policies SP1 and DM1 of the Core Strategy.

3) No vegetation clearance shall take place during the optimum period for bird nesting (March - September inclusive) unless nesting birds have been shown to be absent, or, a method statement for the demolition including for the protection of any nesting birds is agreed in writing by the City Council, Local Planning Authority. Any method statement shall then be implemented for the duration of the demolition works.

Reason - In order to protect wildlife from works that may impact on their habitats pursuant to policy EN15 of the Manchester Core Strategy (2012).

4) Prior to the commencement of the development, a surface water drainage layout for the site, based on sustainable drainage principles together with details of how the scheme shall be maintained and managed after completion, shall be submitted for approval in writing by the City Council, as local planning authority. The development shall be constructed in accordance with the agreed details and thereafter retained and maintained in accordance with the management arrangements.

Reason: To prevent the increased risk of flooding, to improve and protect water quality and ensure future maintenance of the surface water drainage system pursuant to policy EN17 of the Manchester Core Strategy.

5) (a) The development shall be carried out in accordance with the Phase 1 Preliminary Risk Assessment - Oldham Road, Newton Heath, Manchester. Prepared by Curtins on the behalf of One Manchester. Report Ref: 074031-CUR-00- XX-RP-GE-001. Revision V01. Date: 15th

November 2019. (Submitted as part of evidence base for 125990/FO/2020), Ground Investigation - Oldham Road, Newton Heath. Prepared by Curtins on the behalf of One Manchester. Report Ref: 074031-CUR-00-XX-RP-GE-002. Revision: V03. Date: 16th March 2021 and Remediation Strategy - Oldham Road, Newton Heath. Prepared by Curtins on the behalf of One Manchester. Report Ref: 074031-CUR-00-XX-RP-GE-003. Revision: P01. Date: 12th November 2021 as approved as part of CDN/21/0901 approved as part of planning permission 125990/FO/2020.

(b) When the development commences, the development shall be carried out in accordance with the previously agreed Remediation Strategy (as approved under part (a) of this planning condition) and a Completion/Verification Report shall be submitted to and approved in writing by the City Council as local planning authority prior to the first occupation of the development.

In the event that ground contamination, groundwater contamination and/or ground gas, not previously identified, are found to be present on the site at any time before the development is occupied, then development shall cease and/or the development shall not be occupied until, a report outlining what measures, if any, are required to remediate the land (the Revised Remediation Strategy) is submitted to and approved in writing by the City Council as local planning authority and the development shall be carried out in accordance with the Revised Remediation Strategy, which shall take precedence over any Remediation Strategy or earlier Revised Remediation Strategy.

Reason - There is evidence of site contamination at the application site which requires further consideration and examination. In particular, details of outstanding gas monitoring is required to be submitted for consideration and an appropriate remediation strategy prepared. This is pursuant to policy EN18 of the Manchester Core Strategy (2012).

6) Prior to the commencement of the development, a detailed construction management plan outlining working practices during construction shall be submitted for approval in writing by the City Council, as local planning authority, which for the avoidance of doubt should include;

- o Display of an emergency contact number;
- o Details of Wheel Washing;
- o Dust suppression measures;
- o Compound locations where relevant;
- o Consultation with local residents and businesses including ensuring that operations of existing businesses remain unaffected by construction activities
- o Location, removal and recycling of waste;
- o Routing strategy and swept path analysis;
- o Parking of construction vehicles and staff; and
- o Sheeting over of construction vehicles.

The development shall be carried out in accordance with the approved construction management plan.

Reason - To safeguard the amenities of nearby residents and businesses, highway safety and air quality, pursuant to policies SP1, EN16, EN19 and DM1 of the Manchester Core Strategy (July 2012).

7) Prior to the commencement of the development samples and specifications of all material to be used on all external elevations and boundary treatments of the development shall be submitted for approval in writing by the City Council, as Local Planning Authority. The specification shall include the agreement of a materials panel which shall include samples and specifications of all materials to be used on all external elevations of the development along

with window reveals, soffits, jointing and fixing details, details of the drips to be used to prevent staining, ventilation/louvre details, air bricks and a strategy for quality control management.

The approved materials used shall then be implemented as part of the development.

Reason - To ensure that the appearance of the development is acceptable to the City Council as local planning authority in the interests of the visual amenity of the area within which the site is located, as specified in policies SP1 and DM1 of the Core Strategy.

8) The window reveals and soffits for the development hereby approval shall be as follows:

- minimum 95 mm;
- Soffits – standard lintel.

The approved window and soffit detail shall be implemented as part of the development.

Reason - In the interest of preserving the architectural detailing on the scheme pursuant to policies EN1 and DM1 of the Manchester Core Strategy (2012).

9) The boundary treatments shall be carried out in accordance with T8130 D 0 040 I2 stamped as received by the City Council, as Local Planning Authority, on the 3 November 2022. The approved details shall be implemented as part of the development and be in place prior to the first occupation of development.

The boundary treatment shall be retained and maintained in situ thereafter and notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking or re-enacting that Order with or without modification) no boundary treatment shall be erected on site, other than that shown on the approved plans.

Reason - In the interest of visual amenity and security of the site pursuant to policies SP1 and DM1 of the Manchester Core Strategy (2012).

10) (a) Prior to the first occupation of this development, details of hard and soft landscaping treatments (including appropriate samples of materials and specification and size of trees) shall be submitted to and approved in writing by the City Council as local planning authority.

(b) The approved scheme shall be implemented prior to the first occupation of the development. If within a period of 5 years from the date of the planting of any tree or shrub, that tree or shrub or any tree or shrub planted in replacement for it, is removed, uprooted or destroyed or dies, or becomes, in the opinion of the local planning authority, seriously damaged or defective, another tree or shrub of the same species and size as that originally planted shall be planted at the same place.

Reason - To ensure that a satisfactory landscaping scheme for the development is carried out that respects the character and visual amenities of the area, in accordance with policies SP1, EN9 and DM1 of the Core Strategy.

11) (a) Prior to the first occupation of the development, details of any externally mounted ancillary plant, equipment and servicing shall be submitted for approval in writing by the City Council, as Local Planning Authority. For the avoidance of doubt, externally mounted plant, equipment and servicing shall be selected and/or acoustically treated in accordance with a scheme designed so as to achieve a rating level of 5 db (L_{aeq}) below the typical background (L_{a90}) level at the nearest noise sensitive location.

(b) Prior to the first occupation of the development, a verification report will be required to validate that the work undertaken conforms to the recommendations and requirements approved as part of part (a) of this planning condition. The verification report shall include post completion testing to confirm the noise criteria has been met. In instances of non-conformity, these shall be detailed along with mitigation measures required to ensure compliance with the noise criteria. Any mitigation measures shall be implemented in accordance with a timescale to be agreed with the City Council, as Local Planning Authority, and thereafter retained and maintained in situ.

Reason - To minimise the impact of plant on the occupants of the development pursuant to policies SP1 and DM1 of the Manchester Core Strategy (2012) and saved policy DC26 of the Unitary Development Plan for the City of Manchester (1995).

12) (a) Prior to the first occupation of the development a scheme for acoustically insulating the proposed residential accommodation against noise from Oldham Road, the local traffic network and surrounding commercial uses shall be submitted for approval in writing by the City Council, as Local Planning Authority. The approved noise insulation scheme shall be completed before the first occupation of the development.

Noise survey data must include measurements taken during a rush-hour period and night time to determine the appropriate sound insulation measures necessary. The following noise criteria will be required to be achieved:

Bedrooms (night time - 23.00 - 07.00) 30 dB L Aeq (individual noise events shall not exceed 45 dB L Amax,F by more than 15 times)

Living Rooms (daytime - 07.00 - 23.00) 35 dB L Aeq

Gardens and terraces (daytime) 55 dB L Aeq

(b) Prior to the first use of the development, a verification report will be required to validate that the work undertaken conforms to the recommendations and requirements approved as part of part (a) of this planning condition. The verification report shall include post completion testing to confirm the noise criteria has been met. In instances of non-conformity, these shall be detailed along with mitigation measures required to ensure compliance with the noise criteria. Any mitigation measures shall be implemented in accordance with a timescale to be agreed with the City Council, as Local Planning Authority, and thereafter retained and maintained in situ.

Reason: To secure a reduction in noise from traffic or other sources in order to protect future residents from noise disturbance pursuant to policies SP1, H1 and DM1 of the Core Strategy (2007) and saved policy DC26 of the Unitary Development Plan for the City of Manchester (1995).

13) The waste management arrangements for the development hereby approved shall be carried out in accordance with the design statement and drawing T8130 D 0020 Rev I1 stamped as received by the City Council, as Local Planning Authority, on the 24 May 2022.

The details shall be implemented prior to the first occupation of the residential element of the development and thereafter retained and maintained in situ.

Reason - To ensure adequate refuse arrangement are put in place for the residential element of the development pursuant to policies EN19 and DM1 of the Manchester Core Strategy.

14) The development hereby approved shall include a building and site lighting scheme and a scheme for the illumination of external areas during the period between dusk and dawn. Full details of such a scheme shall be submitted for approval in writing by the City Council, as Local Planning Authority before the first occupation of the development hereby approved. The approved details shall be implemented in full prior to the first occupation of the development and shall remain in operation for so long as the development is occupied.

Reason - In the interests of amenity, crime reduction and the personal safety of those using the proposed development in order to comply with the requirements of policies SP1 and DM1 of the Core Strategy.

15)) If any lighting at the development hereby approved, when illuminated, causes glare or light spillage which in the opinion of the Council as local planning authority causes detriment to adjoining and nearby residential properties, within 14 days of a written request, a scheme for the elimination of such glare or light spillage shall be submitted to the Council as local planning authority and once approved shall thereafter be retained in accordance with details which have received prior written approval of the City Council as Local Planning Authority.

Reason - In order to minimise the impact of the illumination of the lights on the occupiers of nearby residential accommodation, pursuant to policies SP1 and DM1 of the Core Strategy

16)) Prior to the first occupation of the development hereby approved the car parking layout as indicated on drawing T8130 D 0020 Rev I1 stamped as received by the City Council, as Local Planning Authority, on the 24 May 2022, shall be surfaced, demarcated and made available. The approved car parking layout shall be implemented and thereafter retained and maintained.

Reason - To ensure sufficient car parking is available for the development pursuant to policies SP1, T1, and DM1 of the Manchester Core Strategy (2012).

17) Prior to the first occupation development hereby approved, the siting, scale and appearance of a suitable cycle store for each dwellinghouse shall be submitted for approval in writing by the City Council, as Local Planning Authority. The approved details shall be implemented prior to the first occupation of the development and thereafter retained and maintained in situ.

Reason - To ensure there is sufficient cycles provision at the development and the residents in order to support modal shift measures pursuant to policies SP1, T1, T2 and DM1 of the Manchester Core Strategy (2012).

18) Prior to the first use of the development hereby approved, a scheme of highway works and details of footpaths reinstatement/public realm shall be submitted for approval in writing by the City Council, as Local Planning Authority.

This shall include the following:

- Footway improvement and carriageway improvements to Newton Street and Holyoak Street including provision of dropped kerbs for driveways, provision of tactile paving and widening works;
- Traffic Regulation Orders to Newton Street and Holyoak Street including no waiting restrictions and restrictions;

The approved scheme shall be implemented and be in place prior to the first occupation of the development hereby approved and thereafter retained and maintained in situ for as long as the development remains in use.

Reason - To ensure safe access to the development site in the interest of pedestrian and highway safety pursuant to policies SP1, EN1 and DM1 of the Manchester Core Strategy (2012).

19) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking and re-enacting that Order with or without modification) no part of the premises shall be used for any other purpose (including any other purpose in Class C3 of the Schedule to the Town and Country Planning (Use Classes) Order 1987 as amended by The Town and Country Planning (Use Classes) (Amendment) (England) Order 2010, or in any provision equivalent to that Class in any statutory instrument revoking and re-enacting that Order with or without modification) other than the purpose(s) of C3(a). For the avoidance of doubt, this does not preclude two unrelated people sharing a property.

Reason - In the interests of residential amenity, to safeguard the character of the area and to maintain the sustainability of the local community through provision of accommodation that is suitable for people living as families pursuant to policies DM1 and H11 of the Core Strategy for Manchester and the guidance contained within the National Planning Policy Framework.

20) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 as amended by The Town and Country Planning (General Permitted Development) (Amendment) (England) Order 2010 (or any order revoking and re-enacting that Order with or without modification) the apartments hereby approved shall be used only as private dwellings (which description shall not include serviced apartments/apart hotels or similar uses where sleeping accommodation (with or without other services) is provided by way of trade for money or money's worth and occupied by the same person for less than ninety consecutive nights) and for no other purpose (including any other purpose in Class C3(a) of the Schedule to the Town and Country Planning (Use Classes) Order 1987 as amended by The Town and Country Planning (Use Classes) (Amendment) (England) Order 2010, or in any provision equivalent to that Class in any statutory instrument revoking and re-enacting that Order with or without modification) other than the purpose(s) of C3(a).

Reason - To safeguard the amenities of the neighbourhood by ensuring that other uses which could cause a loss of amenity such as serviced apartments/apart hotels do not commence without prior approval; to safeguard the character of the area, and to maintain the sustainability of the local community through provision of accommodation that is suitable for people living as families pursuant to policies DM1 and H11 of the Core Strategy for Manchester and the guidance contained within the National Planning Policy Framework.

21) Prior to the first occupation of the development hereby approved, details of the number, siting and appearance bird and bat boxes at the development shall be submitted for approval in writing by the City Council, as Local Planning Authority. The approved details shall be implemented and be in place prior to the first occupation of the development hereby approved and shall thereafter be retained and maintained in situ.

Reason - In the interest of providing habitats for birds to improve the ecological value of the application site pursuant to policies SP1 and EN15 of the Manchester Core Strategy (2012).

22) The development hereby approved shall include for full disabled access to be provided to the communal walkways, communal gardens and via the main entrances and to the floors above.

Reason - To ensure that satisfactory disabled access is provided by reference to the provisions Core Strategy policy DM1.

23) Prior to the first occupation of the development, details and specification of 7kw fast charging electric car charging points for each dwellinghouse shall be submitted for approval in writing by the City Council, as Local Planning Authority. The approved details shall then be implemented and be in place prior to the first occupation of the development and thereafter retained and maintained in situ.

Reason - In the interest of air quality pursuant to policies SP1 and EN16 of the Manchester Core Strategy (2012).

24) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking and re-enacting that Order with or without modification) no garages, extensions, porches, roof alterations or outbuildings shall be erected other than those expressly authorised by this permission.

Reason - In the interests of residential amenity pursuant to policy SP1 and DM1 of the Core Strategy for the City of Manchester.

25) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking and re-enacting that Order with or without modification) no windows shall be inserted into the elevations of the dwellinghouses hereby approved other than those shown on the approved drawings outlined in condition 2.

Reason - In the interests of residential amenity pursuant to policy SP1 and DM1 of the Core Strategy for the City of Manchester
