

Robin Nest Box x2

This bird box is designed to provide a comfortable home for robins and other birds such as flycatchers, wagtails and wrens that prefer an open fronted nest box.

These bird nesting boxes are constructed from precision cut FSC certified wooden panels treated with water based environmentally friendly preservative.

Tree Sparrow Nest Box x2

Help the declining tree sparrow population by putting up one of these nesting boxes for birds designed especially for tree sparrows.

Fixed roof to keep out the weather out. These bird nesting boxes are constructed from precision cut FSC certified wooden panels treated with water based environmentally friendly preservative. Multiple bird boxes can be placed in proximity or joined together to provide nest sites for a growing colony.
