

Appendix E Proforma for Planning Applications

**MANCHESTER
CITY COUNCIL**

Planning Application – Waste Management Strategy

Planning Application Number: 134416/FO/2022

Date Submitted: 25/07/2022

Estimated volumes/ m² required by the development

Low Rise Domestic

Waste Types	Capacity Required (litres)	Number of bins required per household	Confirm what is to be provided
General refuse	140 / 240	1 x wheeled bin	
Pulpable Recycling	140 / 240	1 x wheeled bin	
Mixed Recycling	140 / 240	1 x wheeled bin	
Garden Waste	140 / 240	1 x wheeled bin	
Food Waste	23	1 x 23 litre caddy	

High Rise Apartment Developments

	Yes/No - how much space has been provided?
0.43m ² has been provided per apartment for the container space. Space to manoeuvre and access containers individually has also been provided so that each container can be accessed and removed for collection individually.	

Commercial Developments

Please state number of bins you propose, showing calculations where appropriate.

General Waste - see below for calc - 1 x 360L bin
Pulpable Recycling - see below for calc - 1 x 360L bin
Mixed Recycling - see below for calc - 1 x 360L bin
Food Waste - see below for calc - none required but 1 x 140L bin to be provided
Industrial Waste - None

Has / will a contract be obtained with a licenced waste carrier?
--

Mixed Use Developments

Are the stores for residential and commercial separate from each other?

Internal Stores (Residential and Commercial)

Please provide details of internal stores / segregation of waste and recycling.

Based on Retail(Class E) GIA of 150m2 the total refuse storage calculated from GD04 is :

Retail = $150 \times 5 = 750L$
TOTAL = 750L

Proposed provision is for 1 x each of 3 coloured 360L recycle bins(1 general waste, 1 Mixed paper and card, 1 mixed glass and metal) plus 1 x240L of Food waste.

This depends on the mix and distribution of the recyclable waste created by the retail units. i.e Extent of food/ recyclable waste

Rear service yard will contain the bins and they will be stored in the side passage for pick up.

Storage Areas for Waste Containers (Residential and Commercial)

Please provide details of container stores, attaching plans if appropriate.

See submitted plans

Ensure all bins in the store are accessible

Ensure recycling facilities are as easy to access as general refuse

Please confirm details of waste store ventilation and hygiene / cleaning proposals

Ventilation - Rear yard area to be naturally ventilated

Hygiene - Area to be finished in washdown able finishes with gulley for drainage.

Please provide details of who will be responsible for placing the bins at the collection point and returning them to the store / property promptly e.g. resident / management company

Bins to be managed by tenants of the units on day to day basis - overseen by management/owners company

Please ensure that you have attached:
