Date: 21 November 2022

Dear Sir or Madam,

Class A, Part 1, Schedule 2 of the Town & Country Planning (General Permitted Development) (England) Order 2015 (as amended)

Application No.: 135219/PDE/2022

Description: Prior notification of proposed larger home extension projecting 6m to the rear with a maximum height of 3.95m and a height at eaves of 2.6m

Location: 153 Plymouth Grove, Manchester, M13 9HX

Manchester City Council confirms that no objections have been received and the development can go ahead subject to the development being carried out in accordance with the submitted details and being in line with the standard conditions set out in Class A, Part 1, Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended).

Please note that this document does not grant any permission under Building Regulations. If you require further information regarding compliance with Building Regulations, please contact Building Control on 0161 234 4490 or by email to building.control@manchester.gov.uk.

As the property lies within 250 metres of a registered landfill site or in close proximity to a potential historical source of landfill gas, you are recommended to undertake the installation of a proprietary gas membrane, in order to alleviate any possibility of landfill gas ingress to the building.

Yours faithfully,

Julie Roscoe
Director of Planning, Building Control & Licensing
