5) A flood risk assessment should be submitted to and approved in writing by the local planning authority. This may take the abbreviated form of a desktop-study flood risk statement (FRS).

Informatives

This decision relates to the extension or improvement of an existing dwellinghouse, falling within Class C3 of the Town and Country Planning (Use Classes) Order 1987 (as amended) and does not infer or imply approval for the use of the property for any other purpose.

Manchester City Council has made an Article 4 Direction to remove permitted development rights that allow for a change of use from Class C3 - *Dwellinghouses* to Class C4 - *House in Multiple Occupation*. This means that from 8 October 2011, planning permission is required for a change of use from a Dwellinghouse to a House in Multiple Occupation. Further information regarding the Article 4 direction can be found on Manchester City Council's website:

www.manchester.gov.uk/info/200074/planning/4847/article_4_direction

If you intend to use the property to which this decision relates for any purpose other than a dwellinghouse, you should first contact Manchester City Council's Planning Service. Failure to obtain any necessary planning permission prior to carrying out a material change of use or physical development could result in enforcement action being taken, which can have serious implications.

This permission does not grant approval under Building Regulations.

In the event that ground and/or groundwater contamination and/or ground gas are encountered on the site before the development is occupied, the developer is advised to cease works and call Contact Manchester on 0161 234 5004 or email contact@manchester.gov.uk for advice on how to proceed.

The applicant may wish to consider the installation of a H-Bar marking to protect driveway access. The applicant would be required to enter into a section 184 agreement at their own cost. This will need discussion and agreement with the council's Highways Applications and Network Resilience team at Manchester City Council via the Contact Centre on 0161 234 5004. Should any existing dropped kerbs become redundant, they will require reinstatement, and will be subject to the applicant's expense.

The applicant should be advised that any requirements for licensing, hoarding /scaffolding, skips and any associated temporary traffic management arrangements will need discussion and agreement with the council's Highway Applications and Network Resilience teams via Email -highwaylicences@manchester.gov.uk
