Follow Up Flag: Flag for follow up
Flag Status: Flagged

Afternoon Rob,

Please see the attached.

RAL for the gate is RAL 1016
Which is in keeping with the gate already installed

Dwarf wall we have used reclaimed bricks which are a close match to the existing buildings

Kim is on holiday so I have copied in Rob, MPH are not carrying out the bike shelter so unable to help with that item.

Kind Regards

Dave Speak

Subject: Planning

Hi Kim/Dave

We are currently in the process of finalising the planning issues. Frustratingly the planners have again asked for all information that relates to the old conditions, most of which we have previously sent!

There are however a few items the planners have asked for that I would be grateful if you could provide:

1. Details of the new gates to Oldfield Street
2. Samples/Specifications of all materials used for the new development (ie: the new A1 building). This should be easy enough as it essentially comprises of a spec and colour for the cladding and details of the bricks used for the dwarf wall. I don't think there are any other items?
3. Details of the colouration of the bike shelter frame.

If you could please provide me with the above asap, as I am collating this information along with all other details previously issued by the end of the week.

Feel free to give me a call to discuss as necessary.

Many Thanks

Rob Kennedy
