MATERIAL 1 - Window Frames & Glazing - New Century Hall			

Kawneer SSG Curtain Walling System	Frames - 100A Natural Glass - Clear Silicone and Spacers - Grey	Frames - Anodised	Frames and Glass- 22/03/17 Joints - TBC
	Capless glazing 24mm silicone joints (refer to LRW Drawing 7353-L(00)193A for joint details) The joint size has been explored and the proposed system has a minimum joint size of 24mm. It is worth noting that each window pane is circa 1800 mm wide so there will on be seven joints in total across the elevation which will be grey silicone in colour to reduce the appearance of the joints.		

MATERIAL 2 - Pedestrian Link Soffit			
--	--	--	--

Hunter Douglas - Luxalon Soffit Tiles	Luxacote Natural 7080	N/A	Soffit material - 22/03/17 Joints - TBC
	Sample image of horizontal soffit tiles with halo edge lighting and strip soffit lighting - Image not representative of final colour (refer to LRW Drawing 7353-L(00)207 for joint details)		

MATERIAL 3 - Mosaic Tiles			
----------------------------------	--	--	--

Craven Dunnill & Co. Ltd	To match existing	To match existing	22/03/17 on the basis of refinement of the glaze as per Heather Leeson's comments on site
	Images of existing mosaic tiles to be replicated and making good where required
