Part 2 – Particulars of decision

Manchester City Council gives notice that the detail(s) referred to in Part 1 are **Approved** in accordance with the information set out below.

Condition 9 (b) (Remediation Strategy)

Condition 9 (b) (Remediation Strategy)- On the basis of the following:

Remediation Strategy Portugal Street East, Manchester Document No.: 1007-ACE-GEO-RS-002

Revision: 001 Date: 2022/05/18 by Apex; and

Verification Plan Portugal Street East, Manchester Document Type: Report Document No.: 1007-ACE-GEO-VP-003 Revision: 001 Date: 2022/05/18

As amended by Contaminated Land Question response 09 08 22; and Further Contaminated Land info 26-07-22

the pre-commencement requirements of the condition are discharged and the development should be carried out in accordance with the above. Given access constraints, it is recommended that additional investigation (trial pitting or supervised earthworks) be carried out in the following areas post demolition:

- o Beneath existing roads due to be stopped up

o Within the vicinity of the electricity substation and boiler room in Rammon House

Instead of post-demolition investigations, supervision by the Engineer could be in place during turnover of the made ground in these areas to check for the presence of any contamination via sampling, observations and use of a PID, (accepted).

Full discharge of the condition requires submission of a Completion/Verification Report to be approved in writing by the City Council as local planning authority prior to occupation/

In the event that ground contamination, groundwater contamination and/or ground gas, not previously identified, are found to be present on the site at any time before the development is occupied, then development shall cease and/or the development shall not be occupied until, a report outlining what measures, if any, are required to remediate the land (the Revised Remediation Strategy) is submitted to and approved in writing by the City Council as local planning authority and the development shall be carried out in accordance with the Revised Remediation Strategy, which shall take precedence over any Remediation Strategy or earlier Revised Remediation Strategy.

2 If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, they may appeal to the Secretary of State in accordance with Section 78(1) of the Town and Country Planning Act 1990 or sections 20 and 21 of the Planning (Listed Building & Conservation Area) Act 1990 within six months of the date of the notice of the decision.

The Planning Inspectorate have introduced an online appeals service that can be used to make appeals online. This service is available through the gov.uk website – www.gov.uk/appeal-planning-inspectorate. The Inspectorate will publish details of your appeal on the internet.

Alternatively, appeals can be made on a form which is obtainable from Planning Inspectorate, Customer Support Unit, Room 3/15, Eagle Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 or by telephone 0117 372 6372.

The Secretary of State has power to allow a longer period for the giving of a notice of appeal but they will not normally be prepared to exercise this power unless there are special circumstances that excuse the delay in giving notice of appeal.

3. The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely Sections 70(1) and 72(1) of the Act.

4. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that they can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990

5. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to them. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
