

Mr Niamat Ali  
NA Design  
47 Egerton Road South  
Manchester  
M21 0YW

Date: 9 September 2022

Dear Sir or Madam,

**Class A, Part 1, Schedule 2 of the Town & Country Planning (General Permitted Development) (England) Order 2015 (as amended)**

**Application No.:** 134574/PDE/2022

**Description:** Prior notification of proposed larger home extension projecting 6m to the rear with a maximum height of 4m and a height at eaves of 3m

**Location:** 44 Morville Road, Manchester, M21 0TR

The above application was submitted to us on 30 July 2022.

When assessing the criteria of the larger homes extensions under Schedule 2, Part 1, Class A of the above Order, the proposal must comply with all of the requirements to be permitted development; this includes all conditions, limitations or restrictions.

In paragraph A.1(ja) of the Order, development is not permitted where "any total enlargement (being the enlarged part together with any existing enlargement of the original dwellinghouse to which it will be joined) exceeds or would exceed the limits set out in sub-paragraphs (e) to (j)". In sub-paragraph (j) development is not permitted where "the enlarged part of the dwellinghouse would extend beyond a wall forming a side elevation of the original dwellinghouse...", and "... (iii) have a width greater than half the width of the original dwellinghouse". In the interpretation section of the Order the word "original" is stated to mean - (a) in relation to a building existing on 1 July 1948, as existing on that date; (b) in relation to a building built on or after 1st July 1948, as so built.

It is clear from aerial photos and a review of Ordnance Survey data held from 1958, that the rear of the property previously incorporated a small rearward projection; this is common to other dwellings of the same design in the area the nearest example of which can be seen at No.46. However, the property has already been the subject of a rear extension which has encompassed this original rearward projection; the existing extension is shown on the submitted plans and the proposal is shown as being joined to this existing enlargement of the original dwellinghouse. The total enlargement (i.e. the proposed extension, taken together with the previous extension to which it will be joined), will extend beyond the side wall of what was the original rearward projection and an extension with a width greater than half the width of the original dwellinghouse will result.

Accordingly, the proposal would not meet the criteria of sub-paragraph (j), as a result of the requirements under sub-paragraphs (ja). The proposal does not satisfy all the conditions and limitations and is therefore not permitted under the Order and an application for planning permission is required.

This letter is to be treated as a refusal of this application, in accordance with paragraph A.4(3) of the Order, and as such you have the right of appeal under Section 78 of the Town & Country Planning Act 1990 (as amended). Any such appeal must be submitted using the Planning Inspectorate's website at <https://acp.planninginspectorate.gov.uk/> within 12 weeks of the date of this letter.

Alternatively, if you wish to proceed with the proposed extension, you would need to submit an application using the 'Householder Application for Planning Permission for works or extension to a dwelling' forms and pay the requisite fee, which is currently £206.

Should you wish to discuss this matter any further please contact Angelina Ward.

Yours faithfully,

A handwritten signature in black ink, appearing to read 'Julie Roscoe', written in a cursive style.
