Hi Hayden – I can confirm that the new 3G pitch at our Openshaw Campus was completed in September and has been in use by our curriculum team and others since the start of our College team on 5 September. Final campus improvement works to complete the car parking and external works are ongoing however this does not affect the use of the pitch. I attach a progress photo of the new pitch as evidence to provide to MCC if required

If you need any further information please do not hesitate to contact me

Best Regards
