

Important – Planning permission & notices of consent

Compliance with conditions

- Your planning approval or consent is attached. It will contain conditions that you must comply with.
- Please read the conditions and understand their requirements and restrictions, for example submission and approval of details or measures to protect trees.
- Some conditions will require action before you start development and it is imperative that you seek to have these discharged before any work commences.
- Whilst every effort has been made to group conditions logically, it is your responsibility to ensure that you are aware of the requirements and/or restrictions of all conditions.
- If you fail to comply with the conditions this may result in a breach of planning control and this may lead to enforcement action.
- Failure to comply with conditions may also result in the development not being lawful.
- It is in your interests to demonstrate that conditions have been complied with. Failure to do so may cause difficulties if the property is sold or transferred.
- A fee is payable for each request to discharge conditions.
- For advice on any of these matters, please contact Planning, Manchester City Council, PO Box 532, Town Hall, Manchester M60 2LA or email planning@manchester.gov.uk

Town & Country Planning Act 1990 (as amended)

Planning Permission

Applicant

Toriview Limited
C/o Agent

Agent (if used)

Ms Rachel Poole
Deloitte LLP
The Hanover Building
Corporation Street
Manchester
M4 4AH

Part 1 – Particulars of the application/development

Proposal: Erection of a 10 storey office building (Use Class E) plus basement, a ground floor commercial unit (Use Class E), with associated external amenity in the form of roof terraces, plant, substation, cycle parking, hard and soft landscaping, access and servicing and other associated works

Location: Land At Corporation Street "New Victoria Phase 2" , Manchester, M3 1NX

Date of application: 20 June 2022

Application number: 134092/FO/2022

Part 2 – Particulars of decision

Manchester City Council gives notice that the development referred to in Part 1 has been **Approved** in accordance with the application and plans submitted subject to the condition(s) listed below (if any).

Article 35 Declaration

Officers have worked with the applicant in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the planning application. Pre application advice has been sought in respect of this matter where early discussions took place regarding the siting/layout, scale, design and appearance of the development along with noise and traffic impacts. Further work and discussion have taken place with the applicant through the course of the application, particularly in respect of the highways matters and impact on the historic environment. The proposal is considered to be acceptable and therefore determined within a timely manner.

Condition(s) attached to this decision

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

Drawings

13701-A-L11-P00-002 Rev P1, 13701-A-LB1-P03-099 Rev P1, 13701-A-L00-P03-100 Rev P1, 13701-A-L0M-P03-101 Rev P1, 13701-A-L01-P03-102 Rev P1, 13701-A-L08-P03-109 Rev P1, 13701-A-L09-P03-110 Rev P1, 13701-A-L10-P03-111 Rev P1, 13701-A-L11-P03-112 Rev P1, 13701-A-LXX-P04-100 Rev P1, 13701-A-LXX-P04-101 Rev P1, 13701-A-LXX-P05-100 Rev P1, 13701-A-LXX-P05-101 Rev P1, 13701-A-LXX-P05-102 Rev P1, 13701-A-LXX-P05-103 Rev P1, 13701-A-LXX-P05-104 Rev P1, 13701-A-LXX-P05-105 Rev P1, 13701-A-LXX-P24-100 Rev P1, 13701-A-LXX-P24-101 Rev P1, 13701-A-LXX-P24-102 Rev P1, 13701-A-LXX-P24-103 Rev P1 and 13701-A-LXX-P24-104 Rev P1.

All stamped as received by the City Council, as Local Planning Authority, on the 20 June 2022

Supporting information

Design and Access Statement prepared by Peirce & Co, Statement of Consultation prepared by Deloitte; Air Quality Assessment prepared by Miller Goodall; Desktop Archaeological Assessment prepared by Salford Archaeology; Crime Impact Statement prepared by Greater Manchester Police; Daylight and Sunlight Desktop Appraisal prepared by Hollis; Phase 1 Ecology Survey prepared by Rachel Hacking Ecology; Heritage Assessment prepared by KM Heritage; Environmental Standards Statement, including Energy Strategy, prepared by Sweco; Local Labour Agreement prepared by Morgan Capital Partners on behalf of Toriview Limited; Transport Assessment, including Waste Management Strategy and MCC Waste Proforma, prepared by SCP; Framework Travel Plan prepared by SCP; Pre-construction TV Reception Survey prepared by G-Tech Surveys; Phase 1 Ground Conditions Preliminary Environmental Assessment prepared by VertaseFLI; UXO Survey by Alpha Associates; Ventilation Strategy prepared by Sweco, Construction Management Plan prepared by Chroma and Vinci, Acoustic Assessment prepared by Sweco, Drainage Strategy and Flood Risk Assessment prepared by AJP, Desktop Wind Microclimate Assessment prepared by Arup and Townscape and Visual Impact Assessment prepared by RBMP received by the City Council, as Local Planning Authority, on the 20 June 2022.

Reason - To ensure that the development is carried out in accordance with the approved plans. Pursuant to policies SP1 and DM1 of the Core Strategy.

3) No development shall take place until the applicant or their agents or successors in title has secured the implementation of a programme of archaeological works. The works are to be undertaken in accordance with a Written Scheme of Investigation (WSI) submitted for approval in writing by the City Council, as Local Planning Authority. The WSI shall cover the following:

1. A phased programme and methodology of investigation and recording to include:
 - a targeted archaeological watching brief during development ground works.

2. A programme for post-investigation assessment to include:
 - production of a final report on the results of the investigations and their significance.
3. Deposition of the final report with the Greater Manchester Historic Environment Record.
4. Dissemination of the results of the archaeological investigations commensurate with their significance.
5. Provision for archive deposition of the report and records of the site investigation.
6. Nomination of a competent person or persons/organisation to undertake the works set out within the approved WSI.

Reason: To record and advance understanding of heritage assets impacted on by the development and to make information about the heritage interest publicly accessible pursuant to policies EN3 of the Manchester Core Strategy (2012) and saved policy DC20 of the Unitary Development Plan for the City of Manchester (1995).

4) Prior to the commencement of the development, excluding any drainage diversion works, details of the method for piling, or any other foundation design using penetrative methods, shall be submitted for approval in writing by the City Council, as Local Planning Authority. The approved details shall then be implemented during the construction of the development.

Reason - Piling or any other foundation using penetrative methods can result in risks to potable supplies (pollution/turbidity, risk of mobilising contamination) drilling through different aquifers and creating preferential pathways. It is therefore necessary to demonstrate that piling will not result in contamination of groundwater pursuant to policies SP1, EN17 and EN18 of the Manchester Core Strategy (2012).

5) Prior to the commencement of the development, excluding any drainage diversion works,, details of the foundation design for buildings adjoining the River Irk culvert shall be submitted for approval in writing by the City Council, as Local Planning Authority. The scheme shall include any potential adverse risk impact to the existing culvert structure can be appropriately managed, factoring both during and postconstruction arrangements.

The scheme approved shall be implemented and subsequently maintained, in accordance with the approved details.

Reason - To ensure that the proposed development does not adversely impact controlled Waters pursuant to policy EN14 of the Manchester Core Strategy (2012).

6) Prior to the commencement of enabling works, a detailed construction management plan outlining working practices during the enabling works stage of the development shall be submitted for approval in writing by the local planning authority, which for the avoidance of doubt should include;

- o Display of an emergency contact number;
- o Details of Wheel Washing;
- o Dust suppression measures;

- o Compound locations where relevant;
- o Location, removal and recycling of waste;
- o Routing strategy and swept path analysis;
- o Communication strategy with residents and businesses which shall include details of how there will be engagement, consult and notify residents during the works;
- o Parking of construction vehicles and staff; and
- o Sheeting over of construction vehicles.

Manchester City Council encourages all contractors to be 'considerate contractors' when working in the city by being aware of the needs of neighbours and the environment. Membership of the Considerate Constructors Scheme is highly recommended.

The enabling development shall be carried out in accordance with the approved construction management plan.

Reason - To safeguard the amenities of nearby residents, highway safety and air quality, pursuant to policies SP1, EN16, EN19 and DM1 of the Manchester Core Strategy (July 2012).

7) Prior to the commencement of the development, except any enabling drainage diversion works, a detailed construction management plan outlining working practices during development shall be submitted for approval in writing by the local planning authority, which for the avoidance of doubt should include;

- o Display of an emergency contact number;
- o Details of Wheel Washing;
- o Dust suppression measures;
- o Compound locations where relevant;
- o Location, removal and recycling of waste;
- o Routing strategy and swept path analysis;
- o Communication strategy with residents and businesses which shall include details of how there will be engagement, consult and notify residents during the works;
- o Parking of construction vehicles and staff; and
- o Sheeting over of construction vehicles.

Manchester City Council encourages all contractors to be 'considerate contractors' when working in the city by being aware of the needs of neighbours and the environment. Membership of the Considerate Constructors Scheme is highly recommended.

The development (except any enabling drainage diversion works) shall be carried out in accordance with the approved construction management plan.

Reason - To safeguard the amenities of nearby residents, highway safety and air quality, pursuant to policies SP1, EN16, EN19 and DM1 of the Manchester Core Strategy (July 2012).

8) a) Prior to the commencement of the development, excluding any drainage diversion works, details of a Local Benefit Proposal, in order to demonstrate commitment to recruit local labour for the duration of the construction of the development, shall be submitted for approval in writing by the City Council, as Local Planning Authority. The approved document shall be implemented as part of the construction of the development.

In this condition a Local Benefit Proposal means a document which includes:

- i) the measures proposed to recruit local people including apprenticeships
 - ii) mechanisms for the implementation and delivery of the Local Benefit Proposal
 - iii) measures to monitor and review the effectiveness of the Local Benefit Proposal in achieving the objective of recruiting and supporting local labour objectives
- (b) Within one month prior to construction work being completed, a detailed report which takes into account the information and outcomes about local labour recruitment pursuant to items (i) and (ii) above shall be submitted for approval in writing by the City Council as Local Planning Authority.

Reason - The applicant has demonstrated a commitment to recruiting local labour pursuant to policies SP1, EC1 and DM1 of the Manchester Core Strategy (2012).

9) Notwithstanding the Drainage Strategy and Flood Risk Assessment prepared by AJP stamped as received by the City Council, as Local Planning Authority, on the 20 June 2022, (a) the development shall not commence until a scheme for the drainage of surface water from the new development shall be submitted for approval in writing by the City Council as the Local Planning Authority. This shall include:

- The Main river culvert should be clearly illustrated on the proposed drainage layout and appropriate easements also included ensuring the development does not impact on the main river culvert. The EA should be consulted to ensure the proposed design is acceptable in regard to its location from the main river culvert.
- Details of how external hardstanding areas will be drained and attenuated on site.
- Evidence that the drainage system has been designed (unless an area is designated to hold and/or convey water as part of the design) so that flooding does not occur during a 1 in 100 year rainfall event with allowance for climate change in any part of a building;
- Assessment of overland flow routes for extreme events that is diverted away from buildings (including basements). Overland flow routes need to be designed to convey the flood water in a safe manner in the event of a blockage or exceedance of the proposed drainage system capacity including inlet structures. A layout with overland flow routes needs to be presented with appreciation of these overland flow routes with regards to the properties on site and adjacent properties off site.
- Where surface water is connected to Main River, any works within or adjacent to the river that would affect it would require consent from Environment Agency. An email of acceptance of proposed flows and/or new connection will suffice.
- Where surface water is connected to the public sewer, agreement in principle from United Utilities is required that there is adequate spare capacity in the existing system taking future development requirements into account. An email of acceptance of proposed flows and/or new connection will suffice.
- The sewer diversion (which is connected to the tfgm drainage) should be designed to ensure flows remain as per the existing scenario. It is recommended that passing the diversion through a new flow control (which is connected to Phase 1 of the development) should be avoided as this could alter the upstream storage requirements and potentially create local flood issues. Both United Utilities and tfgm should be contacted regarding this diversion.

- Where an application is part of a larger site which already has planning permission it is essential that the new proposal does not compromise the drainage scheme already approved.

- Hydraulic calculation of the proposed drainage system;

- Construction details of flow control and SuDS elements.

(b) The development shall then be constructed in accordance with the approved details, within an agreed timescale.

Reason - To promote sustainable development, secure proper drainage and to manage the risk of flooding and pollution pursuant to policies SP1, EN14 and DM1 of the Manchester Core Strategy (2012).

10) Notwithstanding the Phase 1 Ground Conditions Preliminary Environmental Assessment prepared by VertaseFLI stamped as received by the City Council, as Local Planning Authority, on the 20 June 2022.

(a) before the development hereby approved commences, the following information shall be submitted for approval in writing by the City Council, as Local Planning Authority:

- phase II intrusive site investigation; and
- Remediation Strategy.

One approved, the development shall then be carried out in accordance with the approved details.

(b) When the development commences, the development shall be carried out in accordance with the previously agreed Remediation Strategy and a Completion/Verification Report shall be submitted for approval in writing by the City Council as local planning authority prior to the first occupation of a phase of the development.

In the event that ground contamination, groundwater contamination and/or ground gas, not previously identified, are found to be present on the site at any time before the development is occupied, then development shall cease and/or the development shall not be occupied until, a report outlining what measures, if any, are required to remediate the land (the Revised Remediation Strategy) is submitted to and approved in writing by the City Council as local planning authority and the development shall be carried out in accordance with the Revised Remediation Strategy, which shall take precedence over any Remediation Strategy or earlier Revised Remediation Strategy.

Reason - There is evidence of site contamination at the application site which requires further consideration and examination. In particular, details of outstanding gas monitoring is required to be submitted for consideration and an appropriate remediation strategy prepared. This is pursuant to policy EN18 of the Manchester Core Strategy (2012).

11) Prior to the commencement of the development, excluding drainage diversion works, all material to be used on all external elevations of the development shall be submitted for approval in writing by the City Council, as Local Planning Authority. This

shall include the submission of samples (including a panel) and specifications of all materials to be used on all external elevations of the development along with jointing and fixing details, window reveals and soffits, details of the drips to be used to prevent staining in, ventilation/air brick and a strategy for quality control management.

The approved materials shall then be implemented as part of the development.

Reason - To ensure that the appearance of the development is acceptable to the City Council as local planning authority in the interests of the visual amenity of the area within which the site is located, as specified in policies SP1 and DM1 of the Core Strategy.

12) (a) Prior to the commencement of the development, a electromagnetic compatibility plan shall be submitted for approval in writing by the City Council, as Local Planning Authority. This plan shall detail that there are no electro magnetic compatibility impacts predicted from the development in line with BSEN 50121 and BS EN 61000-6-4 (emissions) including pre development testing.

(b) Prior to the first use of the development, a verification report will be required to validate that the work undertaken conforms to the recommendations and requirements approved as part of part (a) of this planning condition. The verification report shall include post completion testing to confirm compliance with the criteria agreed in part (a). In instances of non-conformity, these shall be detailed along with mitigation measures required to ensure compliance with the noise criteria. A verification report and measures shall be agreed until such a time as the development complies with part (a) of this planning condition.

Any mitigation measures shall be implemented in accordance with a timescale to be agreed with the City Council, as Local Planning Authority. Any measures shall thereafter retained and maintained in situ.

Reason - In the interest of safeguarding Metrolink infrastructure pursuant to policies SP1 and DM1 of the Manchester Core Strategy (2012).

13) a) Prior to the first use of this development, details of hard and soft landscaping treatments (including street trees, planters and appropriate samples of hard landscaping materials) shall be submitted to and approved in writing by the City Council as local planning authority.

(b) The approved scheme shall be implemented prior to the first occupation of the development. If within a period of 5 years from the date of the planting of any tree or shrub within the public realm, that tree or shrub or any tree or shrub planted in replacement for it, is removed, uprooted or destroyed or dies, or becomes, in the opinion of the local planning authority, seriously damaged or defective, another tree or shrub of the same species and size as that originally planted shall be planted at the same place.

Reason - In order to agree an appropriate landscaping scheme pursuant to policy DM1 of the Manchester Core Strategy (2012).

14) Prior to the first use of the development, details of the implementation, maintenance and management of the sustainable drainage scheme shall be submitted for approval in writing by the City Council, as Local Planning Authority.

For the avoidance of doubt this shall include:

- Verification reporting providing photographic evidence of construction;
- Management and maintenance plan for the lifetime of the development which shall include the arrangements adoption by any public body or statutory undertaker, or any other arrangements to secure the operation of the sustainable drainage scheme throughout its lifetime.

Reason - To manage flooding and pollution and to ensure that a managing body is in place for the sustainable drainage system and there is funding and maintenance mechanism for the lifetime of the development pursuant to policies SP1, EN14 and DM1 of the Manchester Core Strategy (2012).

15) Prior to the first use of the development hereby approved, full details of the specification and locations of bat and bird boxes, shall be submitted for approval in writing by the City Council as Local Planning Authority. The bat and bird boxes shall be installed prior to the completion of the development and therefore be retained and remain in situ.

Reason - To ensure the creation of new habitats in order to comply with policy EN15 of the Manchester Core Strategy (2012).

16) The development hereby approved shall be carried out in accordance with the Environmental Standards Statement, including Energy Strategy, prepared by Sweco received by the City Council, as Local Planning Authority, on the 20 June 2022. A post construction review certificate/statement shall be submitted for approval, within a timescale that has been previously agreed in writing, to the City Council as Local Planning Authority.

Reason - In order to minimise the environmental impact of the development pursuant to policies SP1, T1-T3, EN4-EN7 and DM1 of the Core Strategy and the principles contained within The Guide to Development in Manchester SPD (2007) and the National Planning Policy Framework.

17) The development hereby approved shall achieve a post-construction Building Research Establishment Environmental Assessment Method (BREEAM) rating of at least a 'Outstanding rating. Post construction review certificate(s) shall be submitted to, and approved in writing by the City Council as local planning authority, before any of the buildings hereby approved are first occupied.

Reason - In order to minimise the environmental impact of the development, pursuant to policies SP1, T1-T3, EN4-EN7 and DM1 of the Core Strategy, and the principles contained within The Guide to Development in Manchester SPD (2007), and the National Planning Policy Framework.

18) (a) Prior to the first use of the development hereby approved, details of any externally mounted ancillary plant, equipment and servicing shall be submitted for approval in writing by the City Council, as Local Planning Authority. Externally mounted plant, equipment and servicing shall be selected and/or acoustically treated in accordance with a scheme designed so as to achieve a rating level of 5 db (L_{aeq}) below the typical background (L_{a90}) level at the nearest noise sensitive location.

(b) Prior to the first use of the development, a verification report will be required to validate that the work undertaken conforms to the recommendations and requirements

approved as part of part (a) of this planning condition. The verification report shall include post completion testing to confirm the noise criteria has been met. In instances of non-conformity, these shall be detailed along with mitigation measures required to ensure compliance with the noise criteria. A verification report and measures shall be agreed until such a time as the development complies with part (a) of this planning condition.

Any mitigation measures shall be implemented in accordance with a timescale to be agreed with the City Council, as Local Planning Authority. Any measures shall thereafter retained and maintained in situ.

Reason - To minimise the impact of plant on the occupants of the development pursuant to policies SP1 and DM1 of the Manchester Core Strategy (2012) and saved policy DC26 of the Unitary Development Plan for the City of Manchester (1995).

19) The waste management for the development hereby approved shall be carried out in accordance with the Design and Access Statement prepared by Peirce & Co received by the City Council, as Local Planning Authority, on the 20 June 2022. The details shall be implemented prior to the first use of the development and thereafter retained and maintained in situ.

Reason - To ensure adequate refuse arrangement are put in place for the development pursuant to policies EN19 and DM1 of the Manchester Core Strategy.

20) Prior to the first use of the commercial space, as shown on drawing 13701-A-L00-P03-100 received by the City Council, as Local Planning Authority, on the 20 June 2022, details of the location and a waste management strategy for this commercial space shall be submitted for approval in writing by the City Council, as Local Planning Authority. The approved details shall be implemented and remain in place for as long as the unit is in use (and any subsequent permitted changes of use under Class E).

Reason - To ensure adequate refuse arrangement are put in place for the commercial use pursuant to policies EN19 and DM1 of the Manchester Core Strategy.

21) Prior to the first use of the development, details of a scheme to extract fumes, vapours and odours from the premises shall be submitted for approval in writing by the City Council, as Local Planning Authority. The approved scheme shall then be implemented prior to the first use of a phase of the development and thereafter retained and maintained in situ.

Reason - To ensure appropriate fume extraction is provided for the development pursuant to policies SP1 and DM1 of the Manchester Core Strategy and saved policy DC10 of the Unitary Development Plan for the City of Manchester (1995).

22) The development hereby approved shall include a building and site lighting scheme and a scheme for the illumination of external areas during the period between dusk and dawn. Full details of such a scheme shall be submitted for approval in writing by the City Council, as Local Planning Authority before the first use of the development hereby approved. The approved scheme shall be implemented in full prior to the first use of development and shall remain in operation for so long as the development is occupied.

Reason - In the interests of amenity, crime reduction and the personal safety of those using the proposed development in order to comply with the requirements of policies SP1 and DM1 of the Core Strategy.

23) If any lighting at the development hereby approved, when illuminated, causes glare or light spillage which in the opinion of the Council as local planning authority causes detriment to adjoining and nearby residential properties, within 14 days of a written request, a scheme for the elimination of such glare or light spillage shall be submitted to the Council as local planning authority and once approved shall thereafter be retained in accordance with details which have received prior written approval of the City Council as Local Planning Authority.

Reason - In order to minimise the impact of the illumination of the lights on the occupiers of nearby residential accommodation, pursuant to policies SP1 and DM1 of the Core Strategy.

24) The development shall be carried out in accordance with the Crime Impact Statement prepared by Design for Security at Greater Manchester Police stamped as received by the City Council, as Local Planning Authority, on the 20 June 2022. The development shall only be carried out in accordance with these approved details. Within 3 months of occupation of the development written confirmation shall be submitted to the Council as local planning authority acknowledging that it has received written confirmation of a Secured by Design accreditation

Reason - To reduce the risk of crime pursuant to policies SP1 and DM1 of the Core Strategy and to reflect the guidance contained in the National Planning Policy Framework.

25) The development shall be carried out in accordance with the interim travel plan stamped as received by the City Council, as Local Planning Authority, on the 20 June 2022.

In this condition a Travel Plan means a document which includes:

- i) the measures proposed to be taken to reduce dependency on the private car by those working at the development;
- ii) a commitment to surveying the travel patterns of staff during the first three months of the first use of the building and thereafter from time to time
- iii) mechanisms for the implementation of the measures to reduce dependency on the private car
- iv) measures for the delivery of specified travel plan services
- v) measures to monitor and review the effectiveness of the Travel Plan in achieving the objective of reducing dependency on the private car

Within six months of the first occupation of the building, a Travel Plan which takes into account the information about travel patterns gathered pursuant to item (ii) above shall be submitted for approval in writing by the City Council as Local Planning Authority. Any Travel Plan which has been approved by the City Council as Local Planning Authority shall be implemented in full at all times when the development hereby approved is in use.

Reason - To assist promoting the use of sustainable forms of travel for occupants, pursuant to policies T1, T2 and DM1 of the Manchester Core Strategy (2012).

26) Prior to the first use of the development, the provision of cycle spaces, as indicated on drawing 13701-A-L00-P03-100 received by the City Council, as Local Planning

Authority, on the 20 June 2022 shall be implemented and retained and maintained in situ for as long as the development remains in use.

Reason - To ensure there is sufficient cycles stand provision at the development and the occupants in order to support modal shift measures pursuant to policies SP1, T1, T2 and DM1 of the Manchester Core Strategy (2012).

27) Prior to the first use of the development hereby approved, details of the location of disabled parking shall be submitted for approval in writing by the City Council, as Local Planning Authority. The approved details shall be implemented and made available prior to the first use of the development and thereafter retained and maintained.

Reason - In the interest of ensuring adequate disabled parking at the development pursuant to policy DM1 of the Manchester Core Strategy (2012).

28) Prior to the first use of the development hereby approved, a scheme of highway works and details of footpaths reinstatement/public realm shall be submitted for approval in writing by the City Council, as Local Planning Authority.

This shall include the following:

- Review and amendment of Traffic Regulation Orders in the vicinity of the development including installation of additional parking restrictions if required;
- Creation of a loading bay;
- Improvements to public realm including footways and installation of street trees.

The approved scheme shall be implemented and be in place prior to the first use of the development hereby approved and thereafter retained and maintained in situ.

Reason - To ensure safe access to the development site in the interest of pedestrian and highway safety pursuant to policies SP1, EN1 and DM1 of the Manchester Core Strategy (2012).

29) Prior to any above ground works, details of the building overhang including demonstration of sufficient headroom for pedestrians and cyclists shall be submitted for approval in writing by the City Council, as Local Planning Authority.

Reason - In the interest of ensuring sufficient clearance between the building overhang and the adopted highway pursuant to policy SP1 and DM1 of the Manchester Core Strategy (2012).

30) Notwithstanding the TV reception survey stamped as received by the City Council, as Local Planning Authority, on the 20 June 2022, within one month of the practical completion of the and at any other time during the construction of the development if requested in writing by the City Council as local planning authority in response to identified television signal reception problems within the potential impact area a study shall identify such measures necessary to maintain at least the pre-existing level and quality of signal reception identified in the survey carried out above. The measures identified must be carried out either before the building is first occupied or within one month of the study being submitted to the City Council as local planning authority, whichever is the earlier.

Reason - To provide an indication of the area of television signal reception likely to be affected by the development to provide a basis on which to assess the extent to which

the development during construction and once built, will affect television reception and to ensure that the development at least maintains the existing level and quality of television signal reception - In the interest of residential amenity, as specified in policy DM1 of Core Strategy.

31) Prior to the first use of the development hereby approved an external signage strategy for the entire building shall be submitted for approval in writing by the City Council, as Local Planning Authority. The approved strategy shall then be implemented and used to inform any future advertisement applications for the building.

Reason - In the interest of visual amenity pursuant to policies SP1 and DM1 of the Manchester Core Strategy (2012).

32) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any order revoking and re-enacting that Order with or without modification) the development shall only be used for offices (Use Class Egi) and a retail unit at Ground floor Level (Use Classes Ea, b, c, e, f) (excluding convenience retail).

Reason - In the interest of retaining the provision of office space within the development pursuant to policies EC1, EC4 of the Manchester Core Strategy (2012).

33) The commercial unit, as indicated on drawing 13701-A-L00-P03-100 received by the City Council, as Local Planning Authority, on the 20 June 2022, shall remain as one unit and shall not be sub divided or amalgamated without the benefit of planning permission being secured.

Reason- In the interests of residential amenity and to ensure the future viability and vitality of the commercial units pursuant to saved policy DC26 of the Unitary Development Plan for the City of Manchester and policies DM1, C5 and SP1 of the Manchester Core Strategy.

34) Prior to the first use of the office development hereby approved, a servicing management strategy shall be submitted for approval in writing by the City Council, as Local Planning Authority. The approved strategy shall then be implemented as part of that phase of the development and remain in place for as long as the development remains in use.

Reason - In the interest of highway and pedestrian safety pursuant to policies SP1, T2 and DM1 of the Manchester Core Strategy (2012).

35) Prior to the first use of the commercial unit hereby approved, a servicing management strategy shall be submitted for approval in writing by the City Council, as Local Planning Authority. The approved strategy shall then be implemented as part of that phase of the development and remain in place for as long as the development remains in use.

Reason - In the interest of highway and pedestrian safety pursuant to policies SP1, T2 and DM1 of the Manchester Core Strategy (2012).

36) When the development is first occupied, deliveries, servicing and collections including waste collections shall not take place outside the following hours:

Monday to Saturday 07:30 to 20:00

Sundays (and Bank Holidays): 10:00 to 18:00

Reason - In the interest of residential amenity pursuant to policies SP1 and DM1 of the Manchester Core Strategy (2012).

37) Prior to the first of the commercial unit, details of the opening hours for the commercial unit, as indicated on drawing 13701-A-L00-P03-100 received by the City Council, as Local Planning Authority, on the 20 June 2022, shall be submitted for approval in writing by the City Council, as Local Planning Authority

The approved opening hours shall then become the operating hours for the commercial unit and any subsequent permitted change under Use Class E.

Reason - In interests of amenity in order to reduce noise and general disturbance in accordance with saved policy DC26 of the Unitary Development Plan for the City of Manchester and policies SP1 and DM1 of the Core Strategy.

38) The roof terraces hereby approved shall not be open outside the following hours:-

Monday to Saturday 08:00 to 23:00
No use of the roof terrace on Sundays

There shall be no amplified music or sound on the roof terrace at any time.

Reason - In interests of amenity in order to reduce noise and general disturbance in accordance with saved policy DC26 of the Unitary Development Plan for the City of Manchester and policies SP1 and DM1 of the Core Strategy.

39) Prior to the first use of the commercial unit, details of any roller shutters to the ground floor of the premises shall be submitted for approval in writing by the City Council, as Local Planning Authority. The shutters shall be fitted internally to the premises. The approved details shall be implemented prior to the first occupation of the commercial unit and thereafter retained and maintained in situ.

Reason - To ensure that the roller shutters are appropriate in visual amenity terms pursuant to policies SP1, EN1 and DM1 of the Manchester Core Strategy (2012).

40) The development hereby approved shall include for full disabled access to be provided to all areas of public realm and via the main entrances and to the floors above.

Reason - To ensure that satisfactory disabled access is provided by reference to the provisions Core Strategy policy DM1.

41) Prior to the first use of the commercial unit, as indicated on drawing 13701-A-L00-P03-100 received by the City Council, as Local Planning Authority, on the 20 June 2022, details of how the commercial spaces will be acoustically insulated and treated to limit the break out of noise shall be submitted for approval in writing by the City Council, as Local Planning Authority. This shall include a noise study of the premises and a scheme of acoustic treatment.

Where entertainment noise is proposed the LAeq (entertainment noise) shall be controlled to 5dB below the LA90 (without entertainment noise) in each octave band at the facade of the nearest noise sensitive location.

(b) The approved scheme shall be implemented and prior to the first use of each of the commercial space, a verification report will be required to validate that the work undertaken conforms to the recommendations and requirements approved as part of part (a) of this planning condition. The verification report shall include post completion testing to confirm the noise criteria has been met. In instances of non conformity, these shall be detailed along with mitigation measures required to ensure compliance with the noise criteria. A verification report and measures shall be agreed until such a time as the development complies with part (a) of this planning condition.

Any mitigation measures shall be implemented in accordance with a timescale to be agreed with the City Council, as Local Planning Authority, and thereafter retained and maintained in situ.

Reason - To minimise the impact of plant on the occupants of the development pursuant to policies SP1 and DM1 of the Manchester Core Strategy (2012) and saved policy DC26 of the Unitary Development Plan for the City of Manchester (1995).

42) All windows at ground level, unless shown otherwise on the approved drawings detailed in condition 2, shall be retained as a clear glazed window opening at all times and views into the premises shall not be screened or obscured in any way.

Reason - The clear glazed window(s) is an integral and important element in design of the ground level elevations and are important in maintaining a visually interesting street-scene consistent with the use of such areas by members of the public, and so as to be consistent with saved policy DC14 of the Unitary Development Plan for the City of Manchester and policies SP1 and DM1 of the Core Strategy.

43) Prior to the first use of the commercial space within the development, details of any external areas associated with these commercial spaces (including an Operating Schedule) shall be submitted for approval in writing by the City Council, as Local Planning Authority.

The Operating Schedule shall contain the following details:

- a. A scaled layout plan showing the proposed seating area, including layout of furniture and demarcation of the area;
- b. Full details of the measures proposed to ensure that the proposed seating area is fully accessible by disabled people;
- c. Details of the proposed furniture, including any barriers;
- d. A detailed management strategy that includes information on how the proposed external seating area would be managed in terms of potential noise disturbance, additional movement and activity, litter and storage of furniture at night;
- e. days and hours of operation.

The approved plan shall be implemented upon first use of the commercial uses in phase C1 and thereafter retained.

No amplified sound or any music shall be produced or played in any part of the site outside the building.

Reason - To safeguard the amenities of the occupiers of nearby properties, pursuant to policies SP1 and DM1 of the Core Strategy.

44) Prior to the first use of the development hereby approved details of the clean air intakes to be installed in the building shall be submitted for approval in writing by the City Council, as Local Planning Authority. This shall include the specification, performance, location and a maintenance scheme detailing inspection, servicing, cleaning and replacement intervals. The approved details shall be implemented as part of the development and thereafter retained and maintained in accordance with the details.

Reason - In the interest of air quality pursuant to policy DM1 of the Manchester Core Strategy (2012).

45) Prior to the first use of the development hereby approved, details of the siting, scale and appearance of the air source heat pumps to the buildings hereby approved. The air source heat pumps must also comply with the noise criteria as specified in condition 18. The approved details shall then be implemented prior to the first use of the development and thereafter retained and maintained in situ.

Reason - In the interest of ensuring the air source heat pumps are installed and to ensure that they are appropriate in terms of visual amenity pursuant to policies SP1, EN1, EN6 and DM1 of the Manchester Core Strategy (2012).

46) Prior to the first use of the development hereby approved, details of the siting, scale and appearance of the solar panels to the roof of the buildings (including cross sections). The approved details shall then be implemented prior to the first use of the development and thereafter retained and maintained in situ.

Reason - In the interest of ensuring the solar panels are installed and to ensure that they are appropriate in terms of visual amenity and solar glare pursuant to policies SP1, EN1, EN6 and DM1 of the Manchester Core Strategy (2012).

47) Prior to the first use of the development, a wind review shall be submitted for approval in writing by the City Council, as Local Planning Authority. This shall include mitigation measures to minimise the effects of the wind conditions at the development.

Any mitigation measures outlined shall be implemented within 3 months of the first occupation of the development and thereafter retained and maintained in situ.

Reason - In the interest of ensuring the wind conditions are acceptable pursuant to policy DM1 of the Manchester Core Strategy (2012).

Informatives

Building Regulations 2010

This permission does not grant approval under Building Regulations.

Street Naming & Numbering Requirements

Manchester City Council is responsible for allocating street naming and numbering within Manchester for new developments or property conversions. Individuals or businesses are not permitted to allocate their own property numbers, building or street names.

If your development includes the creation of new dwellings (either new build or conversion of existing buildings), creation of new commercial properties or the subdivision of existing properties you must ensure that you request new or changes to addresses through us so they can be officially allocated and registered in accordance with the Public Health Act 1925 Sections 17-19 & Greater Manchester Act 1981 Section 22.

Failure to do this may result in difficulties for the developer/occupier when requiring services such as connections to utilities, phone lines and postal services and may delay your development.

You can apply online at the following address:

http://www.manchester.gov.uk/info/100011/roads_parking_and_transport/1988/naming_and_numbering_of_houses_buildings_streets_and_roads/2

Mining Information

The proposed development lies within an area which could be subject to current coal mining or hazards resulting from past coal mining. Please read the Standing Advice from the Coal Authority in Appendix A.

- Any signage, wayfinding, banners or any other advertisements to be installed in and around the application site for the purpose of the promotion of the developments and routes to it may require consent under the Town and Country Planning (Control of Advertisements) (England) Regulations 2007.

- The applicant's attention is drawn to the new procedures for crane and tall equipment notifications, please see:

<https://www.caa.co.uk/Commercial-industry/Airspace/Event-and-obstacle-notification/Crane-notification/>

It is important that any conditions or advice in this response are applied to a planning approval. Where a Planning Authority proposes to grant permission against the advice of Manchester Airport, or not attach conditions which Manchester Airport has advised, it shall notify Manchester Airport, and the Civil Aviation Authority as specified in the Town & Country Planning (Safeguarded Aerodromes, Technical Sites and Military Explosive Storage Areas) Direction 2002.

- It is expected that all modifications / improvements to the public highway are achieved with a maximum carbon footprint of 40%. Materials used during this process must also be a minimum of 40% recycled and fully recyclable. Developers will be expected to demonstrate that these standards can be met prior to planning conditions being discharged. The developer is to agree the above with MCC's Statutory Approvals and Network Resilience Teams post planning approval and prior to construction taking place

- Regarding S278 agreements a deposit is required to begin an application, additional costs will be payable and are to be agreed with S278 team. A S278 is required for works to the adopted highway, minimum standard S278 technical approval timescale is between 4-6 months, TRO's can take 10-12 months. An independent 'Stage 2' Road Safety Audit will be required and the design may require changes if any issues are raised with all costs attributable to the Developer. A 'Stage 1' Road Safety Audit should be completed during the planning stage and a copy of the report (with Designer's Response) is to be made available to the Statutory Approvals Team upon request.

- You should ensure that the proposal is discussed in full with Building Control to ensure they meet with the guidance contained in the Building Regulations for fire safety. Should it be necessary to change the development due to conflicts with Building Regulations, you should also discuss the changes with the Planning team to ensure they do not materially affect your permission.

Notes

1. This permission refers only to that required under the Town and Country Planning Act 1990 does not include any consent or approval under any other enactment, byelaw, order or regulation.

2 If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, they may appeal to the Secretary of State in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of the notice of the decision.

The Planning Inspectorate have introduced an online appeals service that can be used to make appeals online. This service is available through the gov.uk website – www.gov.uk/planning-inspectorate. The Inspectorate will publish details of your appeal on the internet. Alternatively If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State has power to allow a longer period for the giving of a notice of appeal but they will not normally be prepared to exercise this power unless there are special circumstances that excuse the delay in giving notice of appeal.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the City Council (planning@manchester.gov.uk) and the Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

3. The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely Sections 70(1) and 72(1) of the Act.

4. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that they can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990

5. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to them. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.

STANDING ADVICE - DEVELOPMENT LOW RISK AREA

The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848.

Further information is also available on the Coal Authority website at:
www.gov.uk/government/organisations/the-coal-authority

This Standing Advice is valid from 1st January 2021 until 31st December 2022
