Delegated officer report for planning application

Application no. 133909/FO/2022
Date registered valid: 27 May 2022
Proposal: Change of Use of the Ground Floor and Basement to Class E (subsection Retail (shops), Office, Cafe/Restaurant, Childcare) and Associated External Alterations including insertion of new windows to basement
Address: 121 Princess Street, Manchester, M1 7AG
Ward(s): Piccadilly Ward
Applicant: Mr Eddie Wright Centurion Investments
Agent (if any): Mr Will Hannah Turley 1 New York Street, Manchester, M1 4HD
Case officer: Angela Leckie
Tel: 0161 234 4651
Email: angela.leckie@manchester.gov.uk
Recommendation: Approve
Date of recommendation: 18-08-22

Departure from Development Plan: No

Environmental Statement: Not required

Description of site/building

Listed building: Not applicable

Conservation area: Whitworth Street Conservation Area 1985

Tree Preservation Order: Not applicable

The application relates to the ground floor and basement of a building known as 121 Princess Street which has elevations into Princess Street, Bombay Street and Granby Row. The ground floor of the building has an extant planning consent for use as a restaurant / bar (application ref no 046703) and the basement by Fifth Avenue Nightclub. Historically there have been issues with unacceptable levels of noise transfer to the apartments on floors 1-6 above.

The building lies within the Whitworth Street Conservation area and adjacent to listed buildings opposite the site at Lancaster House and Asia House.

Description of area

The building lies within an area of the City Centre that contains a variety of uses including bars, restaurants, commercial and residential uses

Description of development

The applicants have recently gained control of the whole building and under application ref no 133908/JO/2022 (being considered alongside this application) a S106 agreement would remove these use rights (unless the current Residential use on floor 1-6 cease. As there would be no lawful use (other than if the residential use above ceases) they are now seeking consent for alternative uses which would not cause issues with structure borne noise transfer to the residents above.

Noting that there have been a range of issues associated with the property relating to the noise generated by use of the basement floor as a nightclub, causing impact on residents on floors 1 – 6. The applicant recognises that any change of use must not generate comparable issues. Therefore, in identifying those uses within Class E that permission is sought for, the applicant has given consideration to the prospective noise impact of such uses.

The proposed uses would comprise:

Class E (subsections - Retail (shops), Office, Cafe/Restaurant, Childcare) and Associated External Alterations including insertion of new windows to basement

The proposed development includes limited external alterations to the property in order to facilitate access for all users, given the change of use now proposed, and to provide daylight into the property. Windows will be added to the property on the north, west and south elevations at both basement and ground floor level and the entrance on Granby Row would be remodelled to match the window design.

The proposed development includes several internal works which do not require planning permission. For completeness, these changes are as follows:

- New staircase and platform lift to the basement, from the basement level entrance

- New landing floor to form access from street level, from the basement level entrance.
- New staircase and platform lift to the ground floor, from the ground floor level entrance.

In addition, each room/unit at basement and ground floor level which requires ventilation will utilise natural ventilation or mechanical extraction. If the unit requires mechanical extraction, all exhaust ductwork will be combined into a single riser duct which will be located within the corner of the existing lightwell and will vent fresh air to the roof top level. Any mechanical plant required will be located at rooftop level, with necessary approvals sought at the appropriate time.

Consultations & Notification Responses

Publicity – The application was advertised as a public interest development and a site notice was displayed adjacent to the site. Occupiers of adjacent buildings were notified about the application. No representations have been received.

Head of Environmental Health – Have no objections subject to conditions in relation to storage and disposal of refuse, acoustic insulation of the uses, acoustic insulation of any plant, fume extractions, hours of operation and hours during which servicing and deliveries can take place. They have recommended that some of the uses included in the original application (Gym and Childcare facilities) are removed from the proposals given the history of structure borne noise issues as there are no details included in the submission about how in relation to a gym or childcare use these potential issues could be mitigated.

Head of Highways – Has no objections

Issues

National Planning Policy Framework – The following Policies are of relevance to this application:

Section 1 - Building a strong and competitive economy- which is committed to securing economic growth in order to create jobs and prosperity, building on the country's inherent strengths, and to meeting the twin challenges of global competition and of a low carbon future and places significant weight on the need to support economic growth through the planning system.

Section 2 Ensuring the Vitality of Town Centres, - which promotes competitive town centre environments

Section 12 Conserving and enhancing the historic environment – which states that in determining planning applications, local planning authorities should take account of:

- the desirability of sustaining and enhancing the significance of heritage assets and putting them to viable uses consistent with their conservation;
- the positive contribution that conservation of heritage assets can make to sustainable communities including their economic vitality; and
- the desirability of new development making a positive contribution to local character and distinctiveness.

And that when considering the impact of a proposed development on the significance of a designated heritage asset, great weight should be given to the asset's conservation. The more important the asset, the greater the weight should be. Significance can be harmed or lost through

alteration or destruction of the heritage asset or development within its setting. As heritage assets are irreplaceable, any harm or loss should require clear and convincing Justification.

Core Strategy - The following policies are considered to be most relevant to the proposed development:

Policy CC1 (Primary Economic Development Focus: City Centre and Fringe) –which identifies that City Centre as a strategic economic location and focus of employment growth encouraging a variety of high quality accommodation types, sizes and foot-plates to boost investment by local, national and international businesses and supports the provision of a range of economic development uses, such as retail, leisure, entertainment, cultural and tourism facilities within the City Centre to support the development of a vibrant employment location attractive to businesses, employees and visitors to the City Centre.

Policy SP1 (Spatial Principles), - which guides the strategic development of Manchester identifying the Regional Centre as the focus for economic and commercial development, leisure and cultural activity, alongside high quality city living. It states that all development within the City Centre regeneration area should have regard to the character and issues as identified in the Manchester City Centre Strategic Plan and outlines the following core development principles:

Development should:-

Make a positive contribution to neighbourhoods of choice including:-

- creating well designed places that enhance or create character;
- making a positive contribution to the health, safety and wellbeing of residents;
- considering the needs of all members of the community regardless of age, gender, disability, sexuality, religion, culture, ethnicity or income;
- protect and enhance the built and natural environment;
- minimise emissions, ensure efficient use of natural resources and reuse previously developed land wherever possible;
- Improve access to jobs, services, education and open space by being located to reduce the need to travel; and
- Provide good access to sustainable transport provision.

Policy DM1 (Development Management) – Which states that all development should have regard to a number of specific issues the following of which are relevant to this application and for which more detailed guidance may be given within a supplementary planning document:-

- Impact on the surrounding areas in terms of the design, scale and appearance of the proposed development.
- Development should have regard to the character of the Surrounding area.
- Effects on amenity, including privacy, light, noise, vibration, air quality and road safety and traffic generation. This could also include proposals which would be sensitive to existing environmental conditions, such as noise.
- Accessibility: buildings and neighbourhoods fully accessible to disabled people, access to new development by sustainable transport modes.
- Community safety and crime prevention.
- Design for health.
- Refuse storage and collection.
- Vehicular access and car parking.

Policy CC7 Mixed Use Development - identifies the City Centre as presenting the most viable opportunities for mixed-use development, and states that active ground floor uses (shops, food and drink and leisure) will be appropriate in locations which have an established public function, or as part of a mixed-use development which will create such an environment.

Policy T2 (Accessible Areas of opportunity and need)- which states that the Council will actively manage the pattern of development to ensure that new development is located to ensure good access to the City's main economic drivers, including the Regional Centre, the Oxford Road Universities and Hospitals and the Airport.

The Unitary Development Plan for Manchester – Whilst the Core Strategy has now been adopted some of the UDP policies remain saved as there are no replacement policies contained in the Core Strategy. The relevant policies are detailed below:

DC26.1 Development and Noise - which details how the development control process will be used to reduce the impact of noise on people living and working in the City and states that this will include consideration of the impact that development proposals which are likely to be generators of noise will have on amenity.

DC26.5 Development and Noise – which states that the Council will control noise levels by requiring where necessary, high levels of noise insulation in new development as well as noise barriers where this is appropriate

Principle of the use

The proposals would occupy currently vacant floorspace adding to the vitality of the area and would introduce much needed activity onto Princess Street, Bombay Street Granby Row.

The unit lies within part of the City Centre which contains a mix of uses, with retail uses, residential accommodation, bars, restaurants and cafés nearby. The proposed uses would be complementary to the existing uses, providing an additional facility for local residents and businesses. It is considered that subject to appropriate control of in terms of the hours of operation and the need to deal satisfactorily with noise and storage and disposal of refuse that these spaces could operate without adverse impact on this location.

In view of the above it is considered that the proposal has the potential to add to the area's vibrancy and contribute to the mixed use character of this part of the City Centre.

Residential Amenity / Hours of Operation

It is noted that the application has accepted that some of the original proposed uses (Gym and Childcare facilities) are removed from the proposals, given the history of structure borne noise issues as there are no details included in the submission about how in relation to a gym or childcare use, these potential issues could be mitigated and it cannot be demonstrated within the current submission that a suitable level of mitigation could physically be achieved.

A condition attached to any consent granted would ensure that uses are limited to those where mitigation of noise would be easily achievable in the view of the Head of Environmental Health.

Given the above it is considered that on balance and subject conditions controlling the acoustic insulation of the premises, the hours of operation, the hours during which deliveries can take place and the storage and disposal of refuse the proposals would be acceptable.

Disabled Access – All entrances would have level access and platform lifts would enable navigation separate from internal stairs to both floors.

Waste Storage and Disposal

A bin store would be provided at ground floor level and refuse taken to Granby Row for collection. The final number and type of bins will be secured through a pre-commencement condition attached to any consent granted.

External Impacts and Impact on Character of the Conservation Area

The proposed new windows and entrance would be in keeping with the architectural features of the building and with its pattern of subdivision reflecting that of the existing windows at these levels and overall the proposals would enhance the appearance of the building within the street scene, the character of the conservation area and adjacent listed buildings.

The proposed external changes would be beneficial in nature and any harm would be less than substantial. The works would enhance the character of the surrounding conservation area and also the setting of nearby listed buildings. Benefits would be derived from the facades having an improved quality ground floor appearance and more visually dynamic appearance within the street scene with improved street level engagement.

Whilst it is necessary to have special regard to the desirability of preserving the setting any affected Heritage Assets it is considered that the proposals would be beneficial in the context of the character of the conservation area and the setting of adjacent listed buildings.

It is considered, therefore, that, notwithstanding the considerable weight that must be given to preserving the setting of the listed buildings and conservation areas as required by virtue of S66 and S72 of the Listed Buildings Act, the harm caused would be less than substantial and would be outweighed by the public benefits of the scheme and meet the requirements set out in paragraphs 199, 202 and 203 of the NPPF and that in view of the above it is considered that the proposed development would on balance be consistent with the development would be consistent with sections 12 and 16 of the National Planning Policy Framework policies SP1, DM1, EN3 and CC9 and of the Core Strategy and saved UDP policies 18.1 and 19.1.

On the above basis the proposals are considered to be acceptable.

Conclusion

The proposals are therefore considered to be in accordance with Core Strategy policies CC1, SP1, CC7, T2 and DM1 and saved UDP policies DC18, and DC26.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of

nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation: Approve

Article 35 Declaration

Officers have worked with the applicant in a positive and pro-active manner to seek solutions to problems arising in relation to dealing with the planning application. This has included on going discussions about the measures necessary in terms of acoustic insulation to support the proposed uses and pre application advice about the information required to be submitted to support the application.

Condition(s) to be attached to decision for approval OR Reasons for recommendation to refuse

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

(a) Site plan C-0476-SLP REV A stamped as received on 27-05-22; and

(b) Dwgs C-0476-50 REV A, C-0476-51 REV B and C-0476-61

Reason - To ensure that the development is carried out in accordance with the approved plans and pursuant to Core Strategy SP1 and DM 1 and saved Unitary Development Plan policy DC26.1.

3) The ground floor and basement shall be used for: Class E (Retail (shops), Office, Cafe/Restaurant) and for no other purpose (including any other purpose in Class E of Schedule 2 of the Town and Country Planning (Use Classes) Order 1987, or in any provision equivalent to that Class in any statutory instrument revoking and re-enacting that Order with or without modification.

Reason: At the request of the applicant and as the acceptability of the uses within the subdivided units has only been tested for the above listed uses pursuant to Core Strategy SP 1 and DM 1 and saved Unitary Development Plan policy DC26.1.

4) Prior to occupation of each of the ground floor and basement units a scheme for the acoustic insulation of any plant or externally mounted ancillary equipment selected and/or acoustically treated in accordance with a scheme designed so as to achieve a rating level of 5dB (LAeq) below the typical background (LA90) level at the nearest noise sensitive location shall be submitted to and approved in writing by the City Council as local planning authority in order to secure a

reduction in the level of noise emanating from the equipment. The approved scheme shall be completed before the premises is occupied and a verification report submitted for approval by the City Council as local planning authority and any non compliance suitably mitigated in accordance with an agreed scheme prior to occupation. The approved scheme shall remain operational thereafter.

Reason - To safeguard the amenities of the occupiers of nearby residential accommodation, pursuant to policies SP1 and DM1 of the Core Strategy and saved UDP Policy DC26

5) Notwithstanding the recommendations within the 121 Princess Street, Noise Impact Assessment, For Centurion Investments (JSVII) Ltd by Hydrock dated 05-05-22 before the operation of each of the (a) ground floor and (b) basement commercial unit commences for the following purposes : Class E subsections - Retail (shops), or Cafe/Restaurant

A scheme for acoustically insulating each unit to ensure that there is no unacceptable level of noise transfer from these units to the residential accommodation above or any unacceptable noise break out shall be submitted to and approved in writing by the City Council as local planning authority.

Where entertainment noise is proposed the LAeq (entertainment noise) shall be controlled to 10dB below the LA90 (without entertainment noise) in each octave band at the facade of the nearest noise sensitive location, and internal noise levels at structurally adjoined residential properties in the 63Hz and 125Hz octave frequency bands shall be controlled so as not to exceed (in habitable rooms) 47dB and 41dB, respectively.

The approved noise insulation scheme shall be completed before any of the approved uses commence.

Prior to occupation a post completion report to verify that all of the recommended mitigation measures have been installed and effectively mitigate any potential adverse noise impacts in adjacent residential accommodation arising directly from the proposed development shall be submitted and agreed in writing by the City Council as local planning authority. Prior to occupation any non compliance shall be suitably mitigated in accordance with an agreed scheme.

Reason - To secure a reduction in noise in order to protect future residents from noise nuisance, pursuant to policies SP1 and DM1 of the Core Strategy and saved UDP Policy DC26.

6) Deliveries, servicing and collections, including waste collections shall not take place outside the following hours: 07:30 to 20:00, Monday to Saturday, Sunday/Bank Holiday deliveries etc. shall be confined to 10:00 to 18:00

Reason - In interests of residential amenity in order to reduce noise and general disturbance in accordance with saved policy DC26 of the Unitary Development Plan for the City of Manchester and policies SP1 and DM1 of the Core Strategy

7) Before the use of each of the ground floor and basement units commence details of the proposed opening hours shall be submitted to and approved in writing by the City Council as local planning authority. Each unit shall then operate in accordance with the approved hours.

Reason - In interests of residential amenity in order to reduce noise and general disturbance in accordance with saved policy DC26 of the Unitary Development Plan for the City of Manchester and policies SP1 and DM1 of the Core Strategy.

8) Final details of the method of extraction of any fumes, vapours and odours from any kitchen within each of the ground floor and basement units shall be submitted to and approved in writing by the City Council as local planning authority prior to commencement of those uses. The details of the approved scheme shall be implemented prior to occupancy and shall remain in situ whilst the use or development is in operation.

Defra have published a document entitled 'Guidance on the Control of Odour and Noise from Commercial Kitchen Exhaust Systems' (withdrawn but still available via an internet search). It describes a method of risk assessment for odour, guidance on minimum requirements for odour and noise control, and advice on equipment selection. It is recommended that any scheme should make reference to this document (particularly Annex B) or other relevant guidance or documents which supersede this guidance. Details should also be provided in relation to replacement air. The applicant will therefore need to consult with a suitably qualified ventilation engineer and submit a kitchen fume extract strategy report for approval.

Reason - To safeguard the amenities of the occupiers of nearby residential accommodation, pursuant to policies SP1 and DM1 of the Core Strategy

9) In the event that the ground floor or basement units, are occupied as an Cafe or Restaurant Use prior to their first use the following details must be submitted and agreed in writing by the City Council, as Local Planning Authority.

*An Operating Schedule for the premises (prevention of crime and disorder, prevention of public nuisance, Management of smokers)

*Details of a Dispersal Procedure

* Mechanism for ensuring windows and doors remain closed after 9pm

The approved scheme shall be implemented upon first use of the premises and thereafter retained and maintained.

Reason - To safeguard the amenities of nearby residential and hotel occupiers as, pursuant to policies SP1, DM1 and C10 of the Manchester Core Strategy and to saved policy DC26 of the Unitary Development Plan for Manchester.

10) No development that is hereby approved shall commence unless and until samples and specifications of all materials to be used on all external elevations of the development have been submitted to and approved in writing by the City Council as local planning authority.

Reason - To ensure that the appearance of the development is acceptable to the City Council as local planning authority in the interests of the visual amenity of the area within which the site is located, as specified in policies SP1 and DM1 of the Core Strategy.

11) Each of the (a) ground floor and (b) basement commercial units shall not be occupied until a scheme for the storage (including segregated waste recycling) and disposal of refuse for each unit ; has been submitted to and approved in writing by the City Council as local planning authority. The details of the approved scheme shall be implemented as part of the development and shall remain in situ whilst the use or development is in operation.

Reason - In order to ensure that adequate provision is made within the development for the storage and recycling of waste in accordance with policies DM1 and EN19 of the Core Strategy for the City of Manchester.
