

Adjoining building is the rear
of the restaurant on School Lane

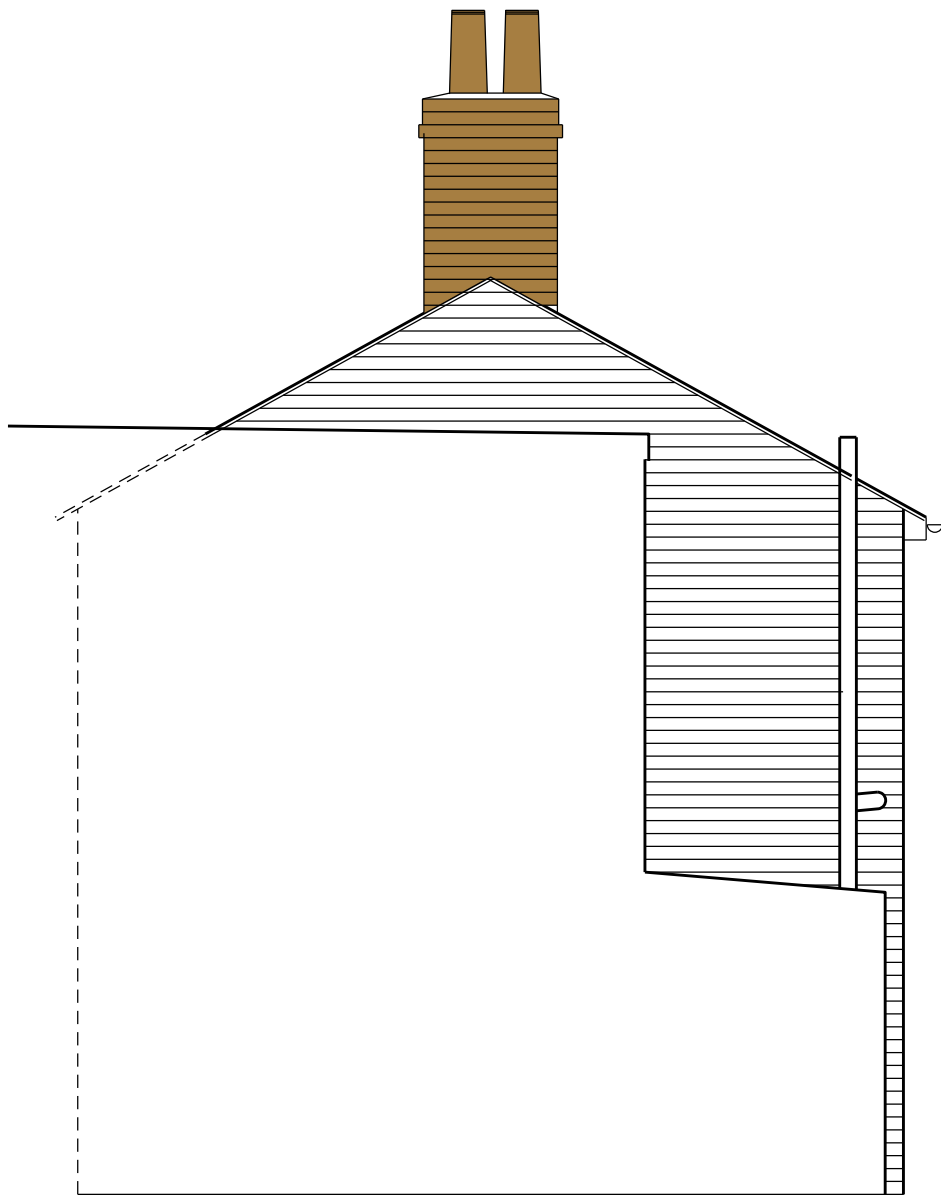

Existing elevation onto Warburton St

Existing shop fascia and pilasters are
a relatively recent addition to the
original facade of this vernacular
building

Windows are traditional wooden
frames with fine glazing bars and
sliding casements

Facing brickwork has been painted
following past alteration and repair

Existing gable elevation

Note
There are only two visible elevations as the
existing building is the end terrace and the
rear of the buiding is a party wall with the
restauarnat facing School Lane.

10 Warburton Street,
Manchester M20 6WA

Existing elevations
