Details of the pre-application advice received

matthew explained we would have to knock the wall down which had been built in the incorrect location . This would have to be rebuilt to comply with approval
He further explained via phone call that the 2 storey element at rear which had deviated from approved drawings also would be ok if we submit a Planning application to fully illustrate . we are now coming in even further than discussed to make the room more square so assume this will be fine with The Authority .

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

(a) a member of staff

(b) an elected member

(c) related to a member of staff

(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
