Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including details of proposals to alter, extend or demolish the listed building(s)

The works encompass the replacement of 9 double height windows to the south west elevation and replacement of 1no. double height door to the north west elevation to order to provide new fire stopping at the floor slab level.
The replacement windows/door shall match the existing in appearance.

Has the development or work already been started without consent?

☐ Yes

☒ No

P-007269-S - 8 - Proposed South West Elevation

P-007269-S - 9 - Proposed North Elevation

P-007269-S - 10 - Window Elevations

P-007269-S - 11 - Existing and Proposed Window Type 1 Details and Elevations

P-007269-S - 12 - Existing and Proposed Window Type 2 & 4 Details and Elevations

P-007269-S - 13 - Existing and Proposed Window Type 3 Details and Elevations

P-007269-S - 14 - Main Entrance Window Type 5 Existing and Proposed Details and Elevations

It is proposed that the existing windows and spandrel panel will be removed.

New hardwood framed windows shall be installed to match the size, form and appearance of the windows previously removed.

The Spandrel panel will be replaced with a newly formed aluminium panel, formed to match the size and appearance of the previously removed panel.

Aluminium has been selected for the spandrel panel to ensure a non-combustible material is used at the floor level to prevent fire spread between the ground and the first floor via the spandrel panel.

All other features of the window will be replaced to match that previously removed, where possible existing ironmongery will be retained and reused. Where not possible new ironmongery will be selected to match that previously removed.

Materials

Does the proposed development require any materials to be used?

☒ Yes

☐ No
