Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

Change of use from public open space to Class B2 Industrial use comprising external storage to be used in conjunction with the existing industrial business. A site layout plan is attached. The intent is to lay down a porous ground covering if required dependent upon soil analysis requirements. The site is to be extended through the existing easterly fence line, some 40m in a trapezoidal shape, as shown on the plans and fenced off. The current fencing on the site is palisade and a tamper resistant variant of this would be the client's choice if its the Local Authority's preference to have tamper proof fixings. The standard height, we understand to be approx. 8ft or 2.4m or as required by statute and we wish to match this with the proposed extended fencing infill materials. The applicant wishes to reuse existing palisade fencing and not have to buy new fencing or fencing which does not fit in with the rest of the fencing on the site. Additionally this saves on carbon emissions from manufacture and transport. The topography of the site is such that the fence cannot be seen from the road or boundary properties.

Has the work or change of use already started?

- ☐ Yes
☒ No

Existing Use

Please describe the current use of the site

Public open space under the control of Manchester City Council.

Is the site currently vacant?

- ☒ Yes
☐ No

If Yes, please describe the last use of the site

We are unable to find any historical information back to 1890 which shows any use of this area at all since it is bounded by the railway line along its northern edge and Ambrose Street is a dead end.

When did this use end (if known)?

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.

Land which is known to be contaminated

- ☐ Yes
☒ No

Land where contamination is suspected for all or part of the site

- ☐ Yes
☒ No

A proposed use that would be particularly vulnerable to the presence of contamination

- ☐ Yes
☒ No

Materials

Does the proposed development require any materials to be used externally?

- ☐ Yes
☒ No

Pedestrian and Vehicle Access, Roads and Rights of Way

Is a new or altered vehicular access proposed to or from the public highway?

- ☐ Yes
☒ No

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
