Delegated officer report for planning application

Application no. 134383/FH/2022

Date registered valid: 28 July 2022

Proposal: Erection of a single storey front extension

Address: 21 Blackthorn Avenue, Manchester, M19 1FT

Ward(s): Burnage Ward

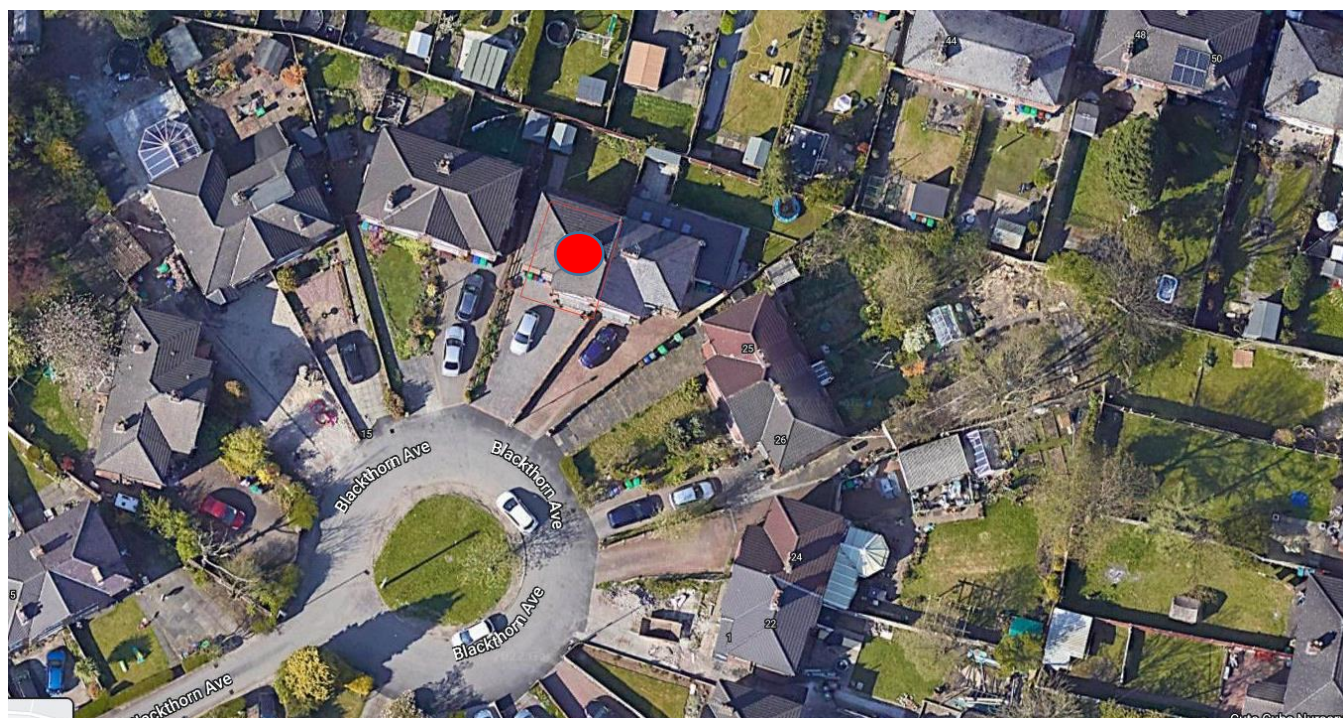

Applicant: Mr Mushfiqur Rahman 21 Blackthorn Avenue, Manchester, M19 1FT

Agent (if any): Mr Mark Bergin Agden A.S 18 Park View Park, Lymm, WA13 0UA

Case officer: Tracie Simpson
Tel: 0161 234 4537
Email: tracie.simpson@manchester.gov.uk

Recommendation: Approve

Date of recommendation: 21st September 2022

Application details

Type of application:	Full Householder Application
Development type:	Householder
Standard consultations:	No consultations have been printed and sent.
Neighbour notifications	Printed: 28 July 2022 Expired: 18 August 2022
Site notice	No site notice has been produced
Press advert	No press advert had been published
Departure from Development Plan:	No
Environmental Statement:	Not required

Description of site/building

The site relates to a two storey semi detached property in the Burnage ward area of Manchester. The property is located at the head of a cul de sac surrounded by similar properties featuring hipped roofs and projecting gable front. The property is setback from the back of footpath approximately 12.0 metres with gardens to the front and rear and access along the side.

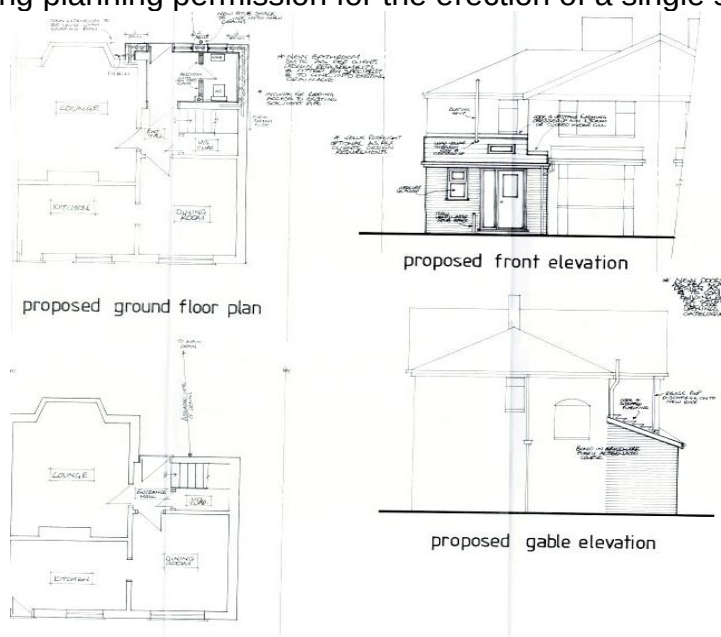

Listed building:	Not applicable
Conservation area:	Not applicable
Tree Preservation Order:	Not applicable

Description of area

The area is predominantly residential in character.

Description of development

The applicant is seeking planning permission for the erection of a single storey front extension

Consultations & Notification Responses

Local residents - as per Appendix 1 - Occupiers of properties surrounding the application site were notified of the proposal. No comments, objections or representations in respect of this application were received.

Policy and Issues

The following policies are considered relevant in the consideration of this application.

- o Unitary Development Plan (UDP) - The UDP has been superseded by the Core Strategy Development Plan.
- o Policy DC1 for Residential Extensions is still considered of relevance, in particular policy DC1.5 - The Council will consider on their merits exemptions to the above policies in the case of applications from disabled people who may require particular adaptations to their homes.
- o The Manchester Core Strategy Development Plan Document 2012-2027 ("the Core Strategy") was adopted by the City Council on 11th July 2012.
- o Policy DM 1 - Development Management
- o Policy SP1 - Spatial Principles
- o Policy EN1 - Design Principles
- o Policy EN 19 - Waste Management
- o The National Planning Policy Framework (NPPF)

For reasons to be outlined below, it is considered the proposal accords with the principles of this policy document.

Principle

The principle of allowing residents to extend their homes to provide enlarged or improved accommodation is generally acceptable provided that there is no overriding, undue impact upon either the character of the property or upon the residential and visual amenity of nearby residential occupiers.

In this instance the principle of the proposal is considered acceptable and it is not believed that there are any factors of sufficient weight in amenity terms that would warrant refusal of the application.

On balance, the proposed extension is deemed to accord with saved policy DC1 of the UDP and policies DM1 and SP1 of the Manchester Core Strategy.

History

There are no previous planning applications relating to this site

Residential Amenity

The applicant is seeking planning permission for the erection of a single storey front extension. The property features a projecting gable with bay window on the ground floor.

The extension would project forward of the front wall of the property falling in line with the existing projecting bay window and extend to a width in line with the side wall of the house infilling the recess between the front projection and recess. This extension would have a sloping style roof with the addition of a roof light. A window and door are proposed on the front, no windows are proposed on the side.

Given the relationship to the properties along this road, particularly no. 19 Blackthorn Avenue, it is considered that the introduction of a single storey extension in this location is considered acceptable, particularly with the retained gap to the shared boundary. The footprint is not considered to create a bulky or disproportionate scale addition to the property.

The proposal is considered would not be out of character with the original or extended properties in the area and therefore would not warrant refusal of the application.

In terms of residential amenity, it is not considered that there will be any significant impact and the proposed development therefore accords with Core Strategy Policy DM1 and saved policy DC1 of the UDP.

Siting, scale and massing

The size and footprint of the proposed extension is comparable in size to many others found in the area and is not believed to provide an overbearing impact upon the residential amenities of surrounding properties. The appearance is acceptable and its impact upon visual amenity is considered negligible.

It is therefore considered that the scale and mass of the proposed extensions are satisfactory and are considered to accord with the principles for residential extensions set out in saved UDP policy DC1, DM1 and EN1 of the Core Strategy.

Design

The design of the proposal would be in keeping with the existing and surrounding properties in the area. In terms of the proposed materials, it is intended to use matching materials as specified in the application form. The design of the extension has been tailored to fit the shape of the existing property/plot and respect the relationship with the neighbouring property at the side and is considered acceptable and detailed as what is normally expected of such a structure.

On balance it is considered that the design and appearance of the proposed development accords with Core Strategy Policies DM1 and EN1 and in general the design is considered acceptable.

Disabled access

Not applicable

Bins

There is adequate space to the side of the property for the movement of refuse bins from the rear to the front for collection and therefore this would accord with policy EN19 of the Core Strategy.

Parking

Car parking would be unaffected by this proposal.

Conclusion

Although the proposal would be visible from the public highway and therefore would be a feature within the street scene, the character of the area is still retained. The proposal has been sited and designed to ensure that it is in keeping with the existing property and is considered acceptable in this location, in terms of design, scale and massing, allowing the occupiers to adapt their home to meet their needs, without unduly detrimentally affecting the amenities of the occupiers of

surrounding properties, or the character and appearance of the surrounding street scene, and there are no material considerations of sufficient weight to indicate otherwise.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation: Approve
Article 35 Declaration

Positive and proactive working Officers have worked with the applicant in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the planning application. The application has been determined in a timely manner and in accordance with the policies within the Development Plan.

Condition(s) to be attached to decision for approval OR Reasons for recommendation to refuse

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

Received on 15th July 2022 Existing and Proposed Plans and Elevations

Received on 15th July 2022 Proposed Site Plan

Reason - To ensure that the development is carried out in accordance with the approved plans. Pursuant to policies SP1 and DM1 of the Core Strategy.

3) The materials to be used on the external surfaces hereby permitted shall match those as specified on the application form in type, size, colour and texture.

Reason - To ensure the appearance of the building to be extended is not adversely affected by the materials to be used in the construction of the structure, pursuant to policy DM1 of the Manchester Core Strategy.
