The diagram illustrates the layout of service lines for five different utilities across four columns. Each utility is represented by a distinct color and label:

- Water:** Represented by blue lines. Labels "WATER" are placed above the lines in the first, second, and third columns.
- HV (High Voltage):** Represented by yellow lines. Labels "HV" are placed above the lines in the first, second, and third columns.
- Gas:** Represented by grey lines. Labels "GAS" are placed above the lines in the first, second, and third columns.
- Telecoms:** Represented by orange lines. Labels "TELECOMS" are placed above the lines in the first, second, and third columns.
- ELEC (Electricity):** Represented by red lines. Labels "ELEC" are placed above the lines in the first, second, third, and fourth columns.

Each line is terminated at the ends with a small circle. In the fourth column, the lines for Water, HV, Gas, and Telecoms end with a question mark, while the ELEC line ends with a solid circle.
