Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each material)

Type:

Existing materials and finishes:
The existing materials to the external walls is a mixture of 'red' brickwork and large areas of render finish (cream in colour).

Proposed materials and finishes:
The proposed material finish is a K-Rend EWI system with a thin coat render finish. Our proposed option, due to the property being part of the ERDF funded Homes and Energy Systems scheme, is one of the following colour options from the K-Rend colour swatch: Antique White, Mocha or Wheaten. A terracotta colour option is available, but we feel the lighter colour would provide a fresh look to the property and also highlight the works completed as part of this high profile scheme to reduce carbon emissions.

Details of the pre-application advice received

We are undertaking a number of works to the property and we sought advice on whether these were permitted development or required an application. All except EWI was deemed PD. Our colour choice preference for this work is a lighter colour to brighten the area - especially given the render/brickwork mix on the properties existing.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
