John,

7 Brunswick Road Manchester M20 4GA - 134227/TPO/2022

The applicant has proposed to carry out the following pruning work:

Works to tree - proposed pruning woks to T1 Oak in the rear garden incorporating a 2m crown reduction on the customer side only to be pruned to good target points with no finished cut to be more than 25mm diameter, a thin the overhanging crown on the neighbours side only by 20% to allow more light through the canopy; remvoal of epicormic growth approximately 3m from ground level and removal of any deadwood which overhangs the boundary fence on the neighbours side only.

I can confirm that we would consider this work to be good routine pruning work and we would therefore have no objection.

Kind regards

Rudi Farghaly
