Note:

1. Contractor to allow for all support brackets, fixings and any other items required to complete the operational system. Schedule is produced for indicative purposes only on items that are visible.
2. Contractor to provide full image cut sheet prior to procurement for sign off purposes.
3. Note: Hand dryers, W.C. brushes, soap dispensers are Facilities Management items are as part of the management contracts. They may not be part of these works, but power supplies for all electrical items must be coordinated prior to void close out. Please liaise with Facilities Management for Coordination of these items.
