Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- ☒ Yes
☐ No

If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):

Officer name:

Title

First Name

Surname

Reference

Date (must be pre-application submission)

Details of the pre-application advice received

The applicant entered into formal pre-application engagement with the local planning authority (the LPA) in May 2021. Meeting minutes were subsequently agreed, and it was advised by the case officer, Jennifer Conner, that these minutes should be used as the formal pre-application response. The scope of validation requirements was also agreed at this stage.

In summary, the principal points made by the case officer in the pre-application meeting are:

- Residential redevelopment would be more suitable in the predominately residential suburban setting.
- A significant improvement over existing site conditions.
- Proposed separation distances were a betterment than what is currently there onsite.
- Supportive of the industrial aesthetic in the design.
- Appropriate landscaping measures should be implemented to ensure of appropriate boundary green buffers and encouragement of biodiversity habitats.
- Highways need to be fully considered and assessed to ensure a safe access, movability through the site and minimal impact to existing on-street parking.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
