Description of site/building

Listed building: Not applicable

Conservation area: Not applicable

Tree Preservation Order: Not applicable

The application relates to the roof of No 1 Circle Square the smaller (14 storeys) of 2 office buildings building fronting Oxford Road approved under application ref no 111025. The block is bounded by Oxford Road, Charles Street, Symphony Square and the link route between this and the taller 18 storey block.

Description of area

The Circle Square Neighbourhood is being delivered as part of the former BBC site masterplan which is currently delivering a comprehensive regeneration of the site based around employment-led mixed-use development, including commercial office space; other business/ research space; a new residential accommodation; ground floor retail and leisure space within 9 building plots alongside a series of public realm interventions.

The area within which the new neighbourhood is being delivered contains a variety of uses including bars, restaurants, commercial, residential, hotel uses and educational establishments.

Description of development

As above.

The proposed 8no. satellite dishes are to be located within the centre of the roof. There would be a metal perforated 'shroud' to the roof perimeter and none of the dishes would project above this.

The requirement for each satellite is due to Roku developing software for televisions/streaming worldwide and as such, they need to be able to receive TV signals from around the world to test the products with live TV feeds which will come from the proposed dishes on the roof of No.1 Circle Square.

As there are different teams working in the building they require 8no. individual dishes to allow multiple teams to work on different TV standards and satellite feeds at the same time.

Consultations & Notification Responses

Publicity – Neighbours of adjacent properties were notified about the application and no representations have been received.

Issues

National Planning Policy Framework – The following Policies are of relevance to this application:

Section 1 - Building a strong and competitive economy- It is noted that the proposal would result in street level activity and would generally be acceptable in principle in locations associated with a bar or restaurant use within the City Centre.

Section 2 – Ensuring the vitality of town Centres - this recognises town centres as the heart of their communities and states that planning policies should support their viability and vitality. The proposal would result in street level activity which would generally be acceptable in principle in locations associated with a bar or restaurant use within the City Centre.

Core Strategy - The following policies are considered to be most relevant to the proposed development:

Policy SP1 (Spatial Principles), - which guides the strategic development of Manchester identifying the Regional Centre as the focus for economic and commercial development, leisure and cultural activity, alongside high quality city living. It states that all development within the City Centre regeneration area should have regard to the character and issues as identified in the Manchester City Centre Strategic Plan and outlines the following core development principles:

Development should:-

Make a positive contribution to neighbourhoods of choice including:-

- creating well designed places that enhance or create character;
- making a positive contribution to the health, safety and wellbeing of residents;
- considering the needs of all members of the community regardless of age, gender, disability, sexuality, religion, culture, ethnicity or income;
- protect and enhance the built and natural environment;
- minimise emissions, ensure efficient use of natural resources and reuse previously developed land wherever possible;
- Improve access to jobs, services, education and open space by being located to reduce the need to travel; and
- Provide good access to sustainable transport provision.

The following policies within the Core Strategy are considered to be most relevant to the proposed development:

Policy DM1 (Development Management) – which states that all development should have regard to the following specific issues for which more detailed guidance may be given within a supplementary planning document:-

- Appropriate siting, layout, scale, form, massing, materials and detail.
- Impact on the surrounding areas in terms of the design, scale and appearance of the proposed development.

Development should have regard to the character of the surrounding area

DC17 Telecommunications states that the council should be satisfied that the development has been sited and designed to minimise its impact on residential amenity and in environmentally sensitive areas.

Principle - The Council supports the principle of the necessary infrastructure being installed on development to support tenants and the proposal is consistent with support for the growing number of digital and tech companies locating within the City.

Siting and Appearance and impact on setting of heritage assets – In terms of the proposed height and location of the satellite dishes, these laid out in such a manner that they do not block the signal from each other, as satellite signals are line of sight the dishes need to be able to see over the building in front and over each other. All modelling for height and location has indicated

that the proposed design is the optimum to achieve the clients requirements for incoming satellite signals

There are residential properties, in close proximity to the site, but the location does not have what might be considered to be a wholly residential character, being along a busy radial route within the City Centre, where commercial uses are prevalent adjacent to and opposite the site. With mitigation in place in the form of the perimeter 'shroud' it is not considered that the works would have a harmful visual impact upon the locality.

It is therefore considered that the proposal strikes a good balance between environmental impact and operational considerations. The proposed height and design represents the best compromise between the visual impact of the proposal on the surrounding area and meeting the multi technical requirements for the site. Given this, the nature of the surrounding environment, the siting and appearance of the proposal is considered satisfactory.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation: Approve

Article 35 Declaration

Condition(s) to be attached to decision for approval OR Reasons for recommendation to refuse

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out and operated in accordance with the following drawings and documents:

(a) Site Location Plan stamped as received on 24-05-22; and

(b) Dwg CC22005-AV-EL-22 Rev 2 stamped as received by the City Council, as Local Planning Authority, on the 19 July 2022.

Reason - To ensure that the development is carried out in accordance with the approved plans. Pursuant to Core Strategy SP1 and DM1

3) Prior to the commencement of the development hereby approved, samples and specifications of all materials to be used on all external elevations of the development shall be submitted for approval in writing by the City Council as local planning authority. The approved materials shall be implemented as part of the development.

Reason - To ensure that the appearance of the development is acceptable to the City Council as local planning authority in the interests of the visual amenity of the area within which the site is located, as specified in policies SP1 and DM1 of the Core Strategy.
