Residential Amenity and Noise

. These proposals seek the installation of 4 no. antennas, 8 no. equipment cabinets and ancillary development including Remote Radio Units and the installation of 12 no. new antennas, 6 no. equipment cabinets, 4 no. transmission dishes and ancillary development thereto including Ericsson Radio Systems and 1 no. GPS module the proposal relates to the roof top of the Printworks which already hosts a significant amount of plant and machinery The proposals therefore would not generate any significant concerns with regards to impacts on residential amenity through additional noise into the surrounding environment in accordance with Core Strategy policy DM1 and Save UDP policy DC26. A condition would be attached to ensure the proposed equipment would not generate any noise that would exceed 5db below background at the nearest noise sensitive location.

Visual Amenity

The proposals are sited to ensure that there will be no visual impacts from street level either to the non-designated asset, surrounded listed buildings or to the wider Shudehill Conservation Area.

Health and safety - The proposal accords with all relevant health and safety requirements, including the guidelines of the International Commission for Non-Ionising Radiation Protection (ICNIRP) as adopted in the EU Council Recommendation of 12 July 1999 on the limitation of exposure to the general public to electromagnetic fields.

Compliance with ICNIRP legislation - A declaration of conformity with ICNIRP Public Exposure Guidelines has been submitted with the application and meets guidelines in terms of health aspects that a local planning authority does not need to give further consideration to health aspects given an ICNIRP has been submitted. Further advice on health issues was previously provided in PPG8 which has now been replaced with the National Planning Policy Framework (February 2019) and the weight that this can be given to applications for telecom equipment.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation: Approve
