Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

HMG Paints seek to operate at the highest standard of environmental awareness, at present the current open store has some issue with legislation impacts. The brief for the project was to provide a new facility to fully contain all existing outdoor containers. This allows better access to the existing covered storage area and improve storage efficiency. The facility as a whole needs to store a greater quantity of raw materials to reduce the impact of global supply whilst the overall delivery and egress numbers would not change but become more efficient. The proposed works is an extension to the existing storage warehouse situated in the large open store area north of the storage warehouse. The works is a single height store area which will match the height of the existing store and overclad the structures between to incorporate them in the design. Improvements are to be made to the existing building during works by repairing and maintaining the existing roof, over cladding the façade and roof, repointing and cleaning the road facing brick façade and replacing the windows with PPC Aluminium frames and double glazing windows. Additionally HMG Paints aims to include a larger entrance and exit gate with an efficient service yard. This allows for better access into the site from Collyhurst road and improves access into the site requiring less use of the main road.

Has the work or change of use already started?

☒ No

Existing Use

Please describe the current use of the site

The building which will party the proposed development is the main storage warehouse for HMG paints. The current building is of age and lacks visual quality. The site is currently used as an outdoor store area, with some space for offices, packing area, lockers and cafeteria. There are a range of rain shelter covered store areas and structures within the yard area. There is forklift movement through the site moving storage containers to the current store area and HGV for deliveries.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
