

## Appendix E Proforma for Planning Applications

**MANCHESTER**  
CITY COUNCIL

### Planning Application – Waste Management Strategy

Planning Application Number:

Date Submitted:

### Estimated volumes/ m<sup>2</sup> required by the development

#### Low Rise Domestic

| Waste Types        | Capacity Required (litres) | Number of bins required per household | Confirm what is to be provided |
|--------------------|----------------------------|---------------------------------------|--------------------------------|
| General refuse     | 140 / 240                  | 1 x wheeled bin                       | ✓                              |
| Pulpable Recycling | 140 / 240                  | 1 x wheeled bin                       |                                |
| Mixed Recycling    | 140 / 240                  | 1 x wheeled bin                       | ✓                              |
| Garden Waste       | 140 / 240                  | 1 x wheeled bin                       |                                |
| Food Waste         | 23                         | 1 x 23 litre caddy                    | ✓                              |

#### High Rise Apartment Developments

|                                                                                                                                                                                                                                          | Yes/No - how much space has been provided? |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------|
| 0.43m <sup>2</sup> has been provided per apartment for the container space. Space to manoeuvre and access containers individually has also been provided so that each container can be accessed and removed for collection individually. |                                            |

### Commercial Developments

Please state number of bins you propose, showing calculations where appropriate.

General Waste - 1100 LTR bin to be emptied on daily basis  
Pulpable Recycling - internal recycling waste cage emptied 3 times a week.  
Mixed Recycling - 1x240 LTR glass bin 1x240 plastic bin every three days.  
Food Waste - 2x240 LTR emptied daily  
Industrial Waste - None

Has / will a contract be obtained with a licenced waste carrier?

### Mixed Use Developments

Are the stores for residential and commercial separate from each other?

### Internal Stores (Residential and Commercial)

Please provide details of internal stores / segregation of waste and recycling.

### Storage Areas for Waste Containers (Residential and Commercial)

Please provide details of container stores, attaching plans if appropriate.

Please refer to the plan/drawing showing the location of bins externally.

Ensure all bins in the store are accessible

Ensure recycling facilities are as easy to access as general refuse

Please confirm details of waste store ventilation and hygiene / cleaning proposals

Ventilation -

Hygiene -

Please provide details of who will be responsible for placing the bins at the collection point and returning them to the store / property promptly e.g. resident / management company

*Bins will be collected by a private refuse management company B&M on weekly basis and will be placed by tenants.*

**Please ensure that you have attached:**

|                                                                                                     |                          |
|-----------------------------------------------------------------------------------------------------|--------------------------|
| Detailed plans of waste stores                                                                      | <input type="checkbox"/> |
| Location plans showing stores                                                                       | <input type="checkbox"/> |
| Location plans showing the proposed collection point and the route the collection vehicle will take | <input type="checkbox"/> |

Please ensure that you have completed this form in accordance with our GD04 Waste Storage and Collection Guidance for New Developments
