Delegated officer report for planning application

Application no. 133310/FH/2022
Date registered valid: 24 March 2022
Proposal: Erection of single storey side and rear extension to form additional living accommodation
Address: 6 Yew Tree Crescent, Manchester, M14 7DL
Ward(s): Fallowfield Ward

Applicant: Mr. Jian Chen, 6 Yew Tree Crescent, Manchester, M14 7DL
Agent (if any): Mr. Niamat Ali, NA Design, 47 Egerton Road South, Chorlton Cum Hardy, Manchester, M21 0YW
Case officer: Tracie Simpson
Tel: 0161 234 4537
Email: tracie.simpson@manchester.gov.uk

Recommendation: Approve
Date of recommendation: 21st June 2022

Application details

Type of application:	Full Householder Application
Development type:	Householder
Date of site visit:	17.05.2022
Standard consultations:	No consultations have been printed and sent.
Neighbour notifications	Printed: 6 April 2022 Expired: 27 April 2022
Site notice	No site notice has been produced
Press advert	No press advert had been published
Departure from Development Plan:	No
Environmental Statement:	Not required

Description of site/building

The site relates to a two storey semi detached property in the Fallowfield ward area of Manchester. Ample amenity space is located at the front and rear with access along the side and vehicle access at the rear of the site. A detached garage is located along the rear boundary.

Listed building:	Not applicable
Conservation area:	Not applicable
Tree Preservation Order:	Not applicable

Description of area

This is primarily a residential area in character.

Description of development

The applicant is seeking planning permission for the erection of single storey side and rear extension to form additional living accommodation.

Consultations & Notification Responses

Local residents - as per Appendix 1 - Occupiers of properties surrounding the application site were notified of the proposal. No comments or representations have been received in respect of this application.

Policy and Issues

The following policies are considered relevant in the consideration of this application.

- o Unitary Development Plan (UDP) - The UDP has been superseded by the Core Strategy Development Plan.
- o Policy DC1 for Residential Extensions is still considered of relevance, in particular policy DC1.5 - The Council will consider on their merits exemptions to the above policies in the case of applications from disabled people who may require particular adaptations to their homes.
- o The Manchester Core Strategy Development Plan Document 2012-2027 ("the Core Strategy") was adopted by the City Council on 11th July 2012.
- o Policy DM 1 - Development Management
- o Policy SP1 - Spatial Principles
- o Policy EN1 - Design Principles
- o Policy EN 19 - Waste Management
- o The National Planning Policy Framework (NPPF)

For reasons to be outlined below, it is considered the proposal accords with the principles of this policy document.

Principle

Policies SP1 and DM1 of the Manchester Core Strategy 2012 (Core Strategy) seek to ensure that new development enhances or creates character, protects and enhances the built environment; and that the design, scale and appearance of the proposed development is appropriate to its context. Policies DC1.1, DC1.2, DC1.3 and DC1.4 of The Unitary Development Plan for the City of Manchester 1995 (UDP) relate specifically to residential extensions and set out a number of criteria against which proposals for extensions will be assessed. Although these latter policies are now of some age, they are consistent with the guidance in the National Planning Policy Framework (NPPF) which seeks a high standard of design in new developments which provides a good standard of amenity of all existing and future occupiers.

The principle of allowing residents to extend their homes to provide enlarged or improved accommodation is generally acceptable provided that there is no overriding, undue impact upon either the character of the property or upon the residential and visual amenity of nearby residential occupiers.

In this instance the principle of the proposal is considered acceptable and it is not believed that there are any factors of sufficient weight in amenity terms that would warrant refusal of the application.

On balance, the proposed extension is deemed to accord with saved policy DC1 of the UDP and policies DM1 and SP1 of the Manchester Core Strategy.

History

There are no previous planning applications relating to this site.

Residential Amenity

The applicant is seeking planning permission for the erection of a single storey side and rear extension to form additional living accommodation. It was noted during the site visit that the

applicants had made a start on the extension, however, the applicant ceased works until a decision was made.

The extension would be set back from the front wall of the house by 500mm approximately. The width towards the shared boundary would be 1.7m at the front increasing to an overall width at the rear of approximately 4.6m with a marginal wrap around the corner of the property. Projection beyond the rear wall would be 3.5m retaining a large gap to the shared boundary with no. 5. The height would be approximately 2.9m and would have a flat roof. A window is proposed on the front and rear with a door on the side elevation facing towards the adjoining semi detached property.

It is considered that given the retained gap together with the fact that the proposal is single storey, it is not anticipated that there would be any significant overshadowing or loss of light to the adjacent properties.

The proposal would be proportional to this dwellinghouse and is not believed to provide an overbearing impact upon the residential amenities of surrounding properties. The appearance is acceptable and its impact upon visual amenity is considered negligible.

On balance, it is felt that the proposal can be acceptably accommodated at the application property and is therefore considered would not provide a detrimental outlook on the adjoining properties or the surrounding area. Overall the proposal is considered to comply with The National Planning Policy Framework; Core Strategy policies SP1, DM1, EN1 and Saved Policies DC1 Unitary Development Plan.

Scale and Mass

Although the extension would be visible from the public highway and therefore would be a feature within the street scene, the character of the area is still retained. The proposal has been sited and designed to ensure that it is subservient to the original dwelling house. The size and footprint of the proposed extensions are not believed to provide an overbearing impact upon the residential amenities of surrounding properties.

It is therefore considered that the scale and mass of the proposed extension is satisfactory and is therefore considered to accord with the principles for residential extensions set out in saved UDP policy DC1, DM1 and EN1 of the Core Strategy.

Design

The design of the proposal would be in keeping with the existing and surrounding properties in the area. In terms of the proposed materials it is intended to use matching bricks as specified in the application form. The design of the extension has been tailored to fit the shape of the existing property/plot and respect the relationship with the neighbouring property at the side and is considered acceptable and detailed as what is normally expected of such a structure.

On balance it is considered that the design and appearance of the proposed development accords with Core Strategy Policies DM1 and EN1 and in general the design is considered acceptable.

Bins

Bins storage is not affected by this proposal as space is retained at the rear of the property and access from the rear is available for collection, therefore the storage of refuse bins accords with policy EN19 of the Core Strategy.

Parking

Off street car parking would be retained to the rear of the site and therefore it is considered that car parking arrangements are not affected by this proposal.

Conclusion

The proposal is considered acceptable in this location, in terms of design, scale and massing, allowing the occupiers to adapt their home to meet their needs, without unduly detrimentally affecting the amenities of the occupiers of surrounding properties, or the character and appearance of the surrounding street scene, and there are no material considerations of sufficient weight to indicate otherwise.

Overall, the proposal complies with The National Planning Policy Framework; Core Strategy policies SP1, DM1, EN1 and Saved Policies DC1 of the Unitary Development Plan. It is not considered that the introduction of a side/front extension would provide visual harm to the adjacent or surrounding properties in the area.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation: Approve

Article 35 Declaration

Officers have worked with the applicant in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the planning application. No significant problems have arisen during the consideration of this application and the application has been determined in a timely manner, in accordance with the policies with the Development Plan.

Condition(s) to be attached to decision for approval OR Reasons for recommendation to refuse

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

Received on 18th May 2022 numbered NAB02 Proposed Floor Plan

Received on 18th May 2022 numbered NAB03 Proposed Elevations

Reason - To ensure that the development is carried out in accordance with the approved plans. Pursuant to policies SP1 and DM1 of the Core Strategy.

3) The materials to be used on the external surfaces hereby permitted shall match those as specified on the application form in type, size, colour and texture.

Reason - To ensure the appearance of the building to be extended is not adversely affected by the materials to be used in the construction of the structure, pursuant to policy DM1 of the Manchester Core Strategy.
