F.A.O. Ryan Prince

Date: 05.07.22

Dear Ryan

Former Church Inn, Higher Cambridge Street, Manchester

Further to the issue of the Secured by Design checklist and your response to it, dated 15.06.22, which included addressing each of the points set out in the list and, helpfully, included copies of the requisite certification, I am pleased to inform you that the development is on course to achieve Secured by Design accreditation.

As you know, I will need to visit the site to inspect the completed scheme and, should I find the development to have been completed in accordance with the checklist and the agreed amendments to it, I will issue a Secured by Design certificate and inform Manchester Planning that the requirements of condition 4 of the planning approval, (i.e. achieve SBD accreditation and carried out in accordance with the Crime Impact Statement), have been met.

Yours faithfully

Adrian Murphy BSc Dip TP Dip Mgmt MRTPI
Consultant
