Dear Sir/Madam,

Application under Section 96a of the Town & Country Planning Act 1990 (as amended) for a Non-Material change to a planning permission

Application No: 131607/NMC/2021

Description: Non material amendment to application ref no 122000/FO/2018 comprising amendment to Description of Development to the following: Erection of a part 25 part 3 storey residential tower (Use Class C3) for 177 apartments comprising 57 x 1 bed (34 x 1 bed 1 person and 23 1 bed 2 person), 115 x 2 bed (36 x 2 bed 3 person and 79 x 2 bed 4 person) and 5 x 3 bed (3 bed 5 person) with ground floor commercial space (Use Class A1, A2, A3, A4 and D1) above partial basement level associated shared amenity spaces at 3rd floor level, realm enhancements following demolition of existing buildings

Location: Victoria House , Great Ancoats Street, Manchester, M4 7AB

I refer to your application for a non-material amendment to planning permission reference 122000/FO/2018.

Following an assessment of the details and plans submitted, it is confirmed that the proposed amendments are considered to be of a non-material nature and acceptable to the City Council as Local Planning Authority. The City Council is satisfied that the proposed changes will have no material impact upon the previously approved scheme and the works will not adversely affect visual or residential amenity within the area or will they have any significant material impact upon the overall quality of the development

This application is submitted under section 96A of the 1990 TCP Act so as to ensure consistency between the description and the development to be delivered. As the change to the description of the development on the face of the permission will not in itself involve an amendment to the development, the City Council is entitled to consider that amendment to be "nonmaterial"

Therefore I can confirm that the proposed amendments are hereby **approved**.

It should be noted that this letter of consent does not supersede the decision notice attached to planning permission 122000/FO/2018. These documents should be read in conjunction with one another. Therefore, the conditions previously applied to approval 122000/FO/2018 still apply to this development. However, due to the acceptance of the amendments outlined above, the following amended conditions also now apply:

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

(a) Location Plan Dwg ref. 10122-A-B5D9-G100-XP-00-003;

(b) Demolition Plan Dwg ref. 10122-A-B5D9-G110-XP-00-003;
