Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- ☒ Yes
☐ No

If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):

Details of the pre-application advice received

- External alterations to the existing facade would be positively received

Supporting Information required -

- Heritage Statement (detailing impact to any surrounding/adjacent listed buildings, non-designated heritage assets and the Deansgate Conservation Area. This would include any attachments to listed buildings or protecting listed buildings from accidental damage during construction.
- Samples of materials to be used. The materials would need to be justified in the HS, with any impact to listed buildings and Conservation Area/s justified.
- The open nature of the upper floor balcony/terrace would need to be scrutinised by both GMP in terms of potential antisocial activity and environmental health due to any noise. A suitable acoustic report and crime impact statement would likely be beneficial. I understand the ground floor opens up already, which would be taken into account by our environmental health team regarding noise generation.
- A management strategy for the outdoor terrace should be produced (including proposed hours of operation, capacity limits, any music, how natural surveillance of the terrace will be achieved, a suitable smoking strategy etc.) We mentioned on the visit whether smoking strategy is related to planning. 'air quality, odours, litter' are referred to in Core Strategy Policy DM1, so the aim of directing people smoking to certain areas is encouraged under this.
- How the terrace will be made accessible to everyone, including wheelchair users.
- Consider whether any external plant would be required (outdoor heaters are fine).

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
