MANCHESTER CITY COUNCIL

Important – Planning permission & notices of consent

Compliance with conditions

- Your planning approval or consent is attached. It will contain conditions that you must comply with.
- Please read the conditions and understand their requirements and restrictions, for example submission and approval of details or measures to protect trees.
- Some conditions will require action before you start development and it is imperative that you seek to have these discharged before any work commences.
- Whilst every effort has been made to group conditions logically, it is your responsibility to ensure that you are aware of the requirements and/or restrictions of all conditions.
- If you fail to comply with the conditions this may result in a breach of planning control and this may lead to enforcement action.
- Failure to comply with conditions may also result in the development not being lawful.
- It is in your interests to demonstrate that conditions have been complied with. Failure to do so may cause difficulties if the property is sold or transferred.
- A fee is payable for each request to discharge conditions.
- For advice on any of these matters, please contact Planning, Manchester City Council, PO Box 532, Town Hall, Manchester M60 2LA or email planning@manchester.gov.uk

MANCHESTER CITY COUNCIL

Town & Country Planning Act 1990 (as amended)

Planning Permission

Applicant	Agent (if used)
Mr Mohammed Suliman Aljohani Queens Road Manchester M8 8UT	Mr Saghir Hussain Create it Studio Architects 3 Stevenson Square Manchester M1 1DN

Part 1 – Particulars of the application/development

Proposal: Erection of a 3-storey residential building to form 13no. residential apartments (Class C3), together with creation of vehicular access, associated parking and landscaping

Location: 101 Queens Road, Manchester, M8 8UT

Date of application: 12 December 2025

Application number: 143748/FO/2025

Part 2 – Particulars of decision

Manchester City Council gives notice that the development referred to in Part 1 has been **Approved** in accordance with the application and plans submitted subject to the condition(s) listed below (if any).

Article 35 Declaration

Officers have worked with the applicant / agent in a positive and proactive manner to guide the application through all stages of the planning process and resolve any issues that arose in dealing with the planning application.

Condition(s) attached to this decision

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

A1480(02)AP001 Rev P1 (Location Plan and Existing Site Plan), received by the City Council as Local Planning Authority on 15 August 2025, drawing referenced A1480(03)AP005 Rev P4 (Proposed Queens Rd Street View), received by the City

Council as Local Planning Authority on 2 February 2026 and drawings referenced A1480(03)AP003 Rev P7 (Proposed Floor Plans), A1480(03)AP002 Rev P5 (Proposed Site Plan and 3D Views) and A1480(03)AP004 Rev P6 (Proposed Elevations), received by the City Council as Local Planning Authority on 10 February 2026.

Reason - To ensure that the development is carried out in accordance with the approved plans, pursuant to policies SP1 and DM1 of the Manchester Core Strategy.

3) No above ground development that is hereby approved shall commence unless and until samples and specifications of all materials to be used on all external elevations of the development have been submitted to and approved in writing by the City Council as Local
Planning Authority. The development shall only be implemented in accordance with the agreed materials.

Reason - To ensure that the appearance of the development is acceptable to the City Council as Local Planning authority, in the interests of the visual amenity, pursuant to policies SP1 and DM1 of the Manchester Core Strategy.

4) Prior to the commencement of development, a construction management plan outlining working practices during development and demolition shall be submitted to and approved in writing by the City Council as Local Planning Authority, which for the avoidance of doubt should include:

- Dust suppression measures;
- Compound locations where relevant;
- Location, removal and recycling of waste;
- Detail of an emergency contact telephone number;
- Parking of construction vehicles; and
- Sheeting over of construction vehicles.

The development shall only be carried out in accordance with the approved plan.

Reason - To safeguard the amenities of nearby residents, pursuant to policies SP1, EN19 and DM1 of the Manchester Core Strategy.

5) No works to trees or shrubs shall occur between the 1st March and 31st August in any year unless a detailed bird nest survey by a suitably experienced ecologist has been carried out immediately prior to clearance and written confirmation provided that no active bird nests are present which has been agreed in writing by the local planning authority.

Reason - To ensure the protection of habitat of species that are protected under the Wildlife and Countryside Act 1981 or as subsequently amended and to comply with policy EN15 of the Core Strategy and policy JP-G7 of the Places for Everyone Joint Development Plan Document.

6) No development or preparatory site works (including vegetation clearance, earthworks, access formation, demolition, or material deliveries) shall commence until a comprehensive Invasive Species Management Method Statement has been submitted to and approved in writing by the Local Planning Authority. The development shall only be implemented in accordance with the agreed details.

Reason - Montbretia has been detected on site and to prevent the introduction, spread, or re-establishment of invasive non-native species within and from the site, pursuant to the Wildlife and Countryside Act 1981 and policies DM1 and SP1 of the Manchester Core Strategy.

7) Prior to the commencement of the development hereby approved, a surface water drainage scheme in accordance with Non-Statutory Technical Standards for Sustainable Drainage Systems (March 2015) or any subsequent replacement national standards, shall be submitted for approval in writing by the City Council, as Local Planning Authority. This shall include:

-A finalised drainage layout showing all components, outfalls, levels and connectivity.

-Progression through the drainage hierarchy must be evidence based and supported by site investigation including assessments of ground conditions and infiltration testing in accordance with BRE365. Proposals of attenuation should achieve half drain time within 24 hours.

-Where surface water is connected to the public sewer, agreement in principle from United Utilities is required that there is adequate spare capacity in the existing system taking future development requirements into account. An email of acceptance of proposed flows and/or
new connection will suffice.

Maximised integration of green SuDS components (utilising infiltration or attenuation) if practicable.

-Details of surface water attenuation to align with the Manchester, Trafford and Salford Strategic Flood Risk Assessment. For brownfield sites a minimum of 50% betterment is required for reduction in runoff rate compared to the existing rates with the aim of reducing
to the Greenfield runoff rates.

-Development must be limited to greenfield runoff on Greenfield sites up to a 1 in 100-year event, including climate change allowance.

-An existing and proposed impermeable areas drawing to accompany all discharge rate calculations.

-Hydraulic calculations of the proposed drainage system, including all design parameters. Calculations must Include Critical Storm Events for the 1 in 2, 1 in 30 and 1 in 100 + 45% Climate Change. Results must demonstrate no surcharge for the 1 in 2, no flooding in the 1 in
30 and no flooding of buildings for the 1 in 100 + 45% Climate Change.

-A blockage risk assessment must be undertaken as part of the drainage strategy to support proposed flows less than 5 l/s.

-An assessment of surface water pollution risk in-line with CIRIA C753 and, where required, evidence of pollution control measures (preferably through SuDS) to treat surface water prior to discharge.

-A plan indicating surface water overland flow routes for extreme events to ensure flows are diverted away from existing and proposed buildings (including basements).

-Construction details of flow control and SuDS elements.

-A plan indicating easements. SuDS features (including attenuation tanks) should be appropriately positioned, including a 2.5m easement from the existing highway and a 5m easement from any dwellings, guaranteeing accessibility for future maintenance and contingency for asset failure. This practice is in accordance with SuDS Manual (C753). Where minimum easements cannot be met, evidence is required from the structural engineer that the building foundations are appropriately designed to protect the building and SuDS feature.

The development shall be constructed and completed in accordance with the approved details prior to the first occupation of the development.

Reason - To promote sustainable development, secure proper drainage and to manage the risk of flooding and pollution. This condition is imposed in light of national policies within the NPPF and NPPG and local policies EN8 and EN14 of the Manchester Core Strategy and policy JP-S4 of the Places for Everyone Joint Development Plan.

8) Prior to the first occupation of the development hereby approved, details of the implementation, maintenance and management of the surface water drainage scheme, as approved by Condition 7, shall be submitted to and approved in writing by the City Council, as Local Planning Authority. Those details shall include:

-Verification report providing photographic evidence of constructed flow control and SuDS components.

-Provide As Built construction drawings OR confirm that they align with the original design construction drawings.

-Management and maintenance plan for the lifetime of the development which shall include the arrangements for adoption by any public body or statutory undertaker, or any other arrangements to secure the operation of the sustainable drainage scheme throughout its lifetime. The scheme shall be implemented and thereafter managed and maintained in accordance with the
approved details.

Reason - To manage flooding and pollution and to ensure that a managing body is in place for the sustainable drainage system and there is funding and maintenance mechanism for the lifetime of the development, pursuant to policies EN8 and EN14 of the Manchester Core Strategy and policy JP-S4 of the Places for Everyone Joint Development Plan.

9) a) Notwithstanding details submitted, prior to the commencement of development, a report (the Preliminary Risk Assessment) to identify and evaluate all potential sources and impacts of any ground contamination, groundwater contamination and/or ground gas relevant to the site shall be submitted to and approved in writing by the City Council as Local Planning Authority. The Preliminary Risk Assessment shall conform to City Council's current guidance document (Planning Guidance in Relation to Ground Contamination).

In the event of the Preliminary Risk Assessment identifying risks which in the written opinion of the Local Planning Authority require further investigation, the development shall not commence until a scheme for the investigation of the site and the identification of remediation measures (the Site Investigation Proposal) has been submitted to and approved in writing by the City Council as Local Planning Authority.

The measures for investigating the site identified in the Site Investigation Proposal shall be carried out before development commences and a report prepared outlining what measures, if any, are required to remediate the land (the Site Investigation Report and/or
Remediation Strategy) which shall be submitted to and approved in writing by the City Council as Local Planning Authority

b) Prior to the first occupation of the development, a Completion/Verification Report shall be submitted to and approved in writing by the City Council as Local Planning Authority, to validate that the development conforms with the approved Site Investigation Report and/or Remediation Strategy.

c) In the event of any non-conformity with the approved Site Investigation Report and/or Remediation Strategy, then any further measures that are required to remediate the land shall be carried out. Any required measures/remediation and validation shall continue until conformity has been achieved and agreed in writing by the City Council as Local Planning Authority, prior to first use/occupation of the development.

Reason - To ensure that the presence of or the potential for any contaminated land and/or groundwater is detected and appropriate remedial action is taken in the interests of public safety, pursuant to policies DM1 and EN18 of the Manchester Core Strategy and policy JP-S1 of the Places for Everyone Joint Development Plan.

10) In the event that ground contamination, groundwater contamination and/or ground gas, not previously identified, are found to be present on the site at any time after development commences, then development shall cease and/or the development shall not be occupied until, a report outlining what measures, if any, are required to remediate the land is submitted to and approved in writing by the City Council as local planning authority. The development shall then be carried out in accordance with these details, together with any previously approved Remediation Strategy.

Reason - To ensure that the presence of or the potential for any contaminated land and/or groundwater is detected and appropriate remedial action is taken in the interests of public safety, pursuant to policies DM1 and EN18 of the Manchester Core Strategy and policy JP-S1 of the Places for Everyone Joint Development Plan.

11) Notwithstanding details submitted, the apartments hereby approved shall not be occupied until there has been submitted to and approved in writing by the City Council as Local Planning Authority, a plan indicating the positions, design, materials and type of boundary treatment to be erected. The boundary treatment shall be completed prior to first occupation of the apartments and the development shall be carried out in accordance with the approved details which shall thereafter be retained.

Reason - In the interests of security and to ensure that the appearance of the development is acceptable to the City Council as Local Planning Authority in the interests of the visual amenity of the area within which the site is located, pursuant to policies SP1 and DM1 of the Manchester Core Strategy.

12) Notwithstanding details submitted, no above ground development shall commence until a hard and soft landscaping treatment scheme, has been submitted to and approved in writing by the City Council as Local Planning Authority. The approved scheme shall be implemented not later than 12 months from the date the buildings are first occupied. If within a period of 5 years from the date of the planting of any tree or shrub, that tree or shrub or any tree or shrub planted in replacement for it, is removed, uprooted or destroyed or dies, or becomes, in the opinion of the local planning authority, seriously damaged or defective, another tree or shrub of the same species and size as that originally planted shall be planted at the same place.

Reason - To ensure that a satisfactory landscaping scheme for the development is carried out that respects the character and visual amenities of the area, in accordance with policies SP1, EN9 and DM1 of the Manchester Core Strategy and policies JP-S1, JP-P1 and JP-H3 of the Places for Everyone Joint Development Plan.

13) Prior to first occupation of the development hereby approved and in addition to statutory biodiversity net gain requirements, a scheme for the enhancement of the site for ecological purposes shall be submitted to and agreed in writing by the City Council as Local Planning Authority. Details should include bat and bird boxes. The agreed scheme shall be implemented in accordance with a timescale to be agreed and retained and maintained thereafter.

Reason - Pursuant to biodiversity enhancement of the site, in accordance with policy EN15 of the Core Strategy and the National Planning Policy Framework and policy JP-G8 of the Places for Everyone Joint Development Plan.

14) Prior to any site clearance or earthworks a reasonable avoidance measures method statement for hedgehog and other mammals shall be submitted to and approved in writing by the City Council as local planning authority. The development shall be carried out in accordance with the agreed details.

Reason - To ensure the protection of habitat of species that are protected under the Wildlife and Countryside Act 1981 or as subsequently amended and to comply with policy EN15 of the Manchester Core Strategy and policy JP-G8 of the Places for Everyone Joint Development Plan.

15) a) Prior to the first occupation of the approved development, external lighting shall be designed and installed in accordance with a scheme submitted to and approved in writing by the City Council as Local Planning Authority so as to control glare and overspill onto nearby residential properties.

b) Prior to occupation of the development a verification report shall be required to validate that the work undertaken throughout the development conforms to the recommendations and requirements in the approved light consultant's report. The report shall also undertake post completion testing to confirm that acceptable criteria have been met. Any instances of non-conformity with the recommendations in the report shall be detailed along with any measures required to ensure compliance with the criteria.

Reason - To safeguard the amenities of the occupiers of nearby properties and to minimise impacts on protected species that may commute and forage in the area pursuant to Core Strategy policies DM1 and EN15 and policies JP-P1 and JP-G8 of the Places for Everyone joint development plan.

16) Prior to first occupation of the development hereby approved, the City Council as Local Planning Authority must acknowledge in writing that it has received written confirmation of a Secured by Design accreditation.

Reason - To reduce the risk of crime, pursuant to policies SP1 and DM1 of the Manchester Core Strategy and policies JP-S1 and JP-P1 of the Places for Everyone Joint Development Plan.

17) Notwithstanding details submitted, no above ground development shall commence until a more detailed scheme for the storage (including segregated waste recycling) and disposal of refuse, has been submitted to and approved in writing by the City Council as Local Planning Authority. The details of the approved scheme shall be implemented as part of the development and shall remain in situ whilst the use or development is in operation.

Reason - In the interests of public health and residential amenity, pursuant to policies DM1 and SP1 of the Manchester Core Strategy and policy JP-P1 of the Places for Everyone Joint Development Plan.

18) Notwithstanding details submitted, prior to the commencement of above ground works (excluding demolition), full details for the provision of secure and covered cycle parking provision for the development shall be submitted to and approved in writing by the City Council as Local Planning Authority. The approved details shall be installed prior to the first occupation of the development and be retained thereafter for use by people residing and visiting the development.

Reason - To ensure that there is adequate cycle parking for the development in order to comply with policies T1,T2 and DM1 of the Manchester Core strategy and policy JP-C6 of the Places for Everyone joint development plan.

19) The car parking show on the approved drawings to serve the development hereby permitted shall be laid out, demarcated and made fully available for use prior to the development first being occupied and shall be retained thereafter. The car parking shall be for the sole use by occupiers of the development and for no other purpose.

Reason - To ensure satisfactory car parking arrangements and the interests of highway safety, pursuant to policies DM1, T2 and SP1 of the Manchester Core Strategy.

20) Prior to the first use of the car parking spaces hereby approved, a scheme for electric vehicle charging, together with details of infrastructure to allow further future EVC conversion shall be submitted to and approved in writing by the City Council as Local Planning Authority. The approved details shall then be implemented and be in place prior to the first occupation of the residential units hereby approved.

Reason - In the interest of air quality pursuant to policies SP1, DM1 and EN16 of the Manchester Core Strategy and policies JP-C8 and JP-S5 of the Places for Everyone Joint Development Plan.

21) Prior to the first occupation of the development, a Travel Information Pack to be issued to future occupiers of the development hereby approved shall be submitted to and approved in writing by the City Council as Local Planning Authority. The Travel Information Pack shall include, but not be limited to:

-Information on local walking and cycling routes;

-Public transport services, timetable information and ticketing options;

-Details of the nearest bus stops, rail and tram stations, and community transport (where applicable);

-Information on car-sharing schemes and any on-site or nearby electric vehicle charging provision;

-Promotion of sustainable travel behaviour, including any incentives or discounts available to new occupiers.

The approved Travel Information Pack shall be provided to all first occupiers at the point of occupation of each apartment. The development shall thereafter be carried out in accordance with the approved details.

Reason - To assist promoting the use of sustainable forms of travel, pursuant to policies SP1, T2 and DM1 of the Manchester Core Strategy and policies JP-S1, JP-S1, JP-P1 and JP-C1 of Places for Everyone Joint Development Plan.

22) Prior to occupation of the development hereby approved, full details of all necessary off-site highway work, shall be submitted to and approved in writing by the City Council as Local Planning Authority. Details shall include:

-The provision of tactile paving and dropped kerbs to the site vehicular access points.

-No waiting at any time TROs in the form of double yellow lines will be required at the proposed vehicular access to ensure adequate clearance for vehicles accessing/egressing the site and to prevent on-street parking.

-Reinstatement of footway to the redundant vehicular crossover on Queens Road.

-No Waiting restriction TROs will be required along both sides of Cornfield Drive to protect the visibility splay extents and to ensure adequate clearance for vehicles accessing/egressing the site.

The development shall not be occupied until all the necessary off-site highway works have an agreed timescale for implementation.

Reason - In the interests of highway safety and residential amenity, pursuant to Policies DM1 and SP1 of the Manchester Core Strategy and policies JP-C4 and JP-C6 of the Places for Everyone Joint Development Plan.

23) a) Notwithstanding details submitted, prior to the commencement of above ground works a scheme for acoustically insulating the proposed residential accommodation against noise from Queens Road shall be submitted to and approved in writing by the City Council as Local Planning Authority. There may be other actual or potential sources of noise which require consideration on or near the site, including any local commercial/industrial premises.

The potential for overheating shall also be assessed and the noise insulation scheme shall take this into account. The approved noise insulation and ventilation scheme shall be completed before any of the dwelling units are occupied.

Noise survey data shall include measurements taken during a rush-hour period and night time to determine the appropriate sound insulation measures necessary.

b) Prior to first occupation of the residential apartments, a verification report shall be submitted to validate that the work undertaken throughout the development conforms to the recommendations and requirements approved as part a) of this condition. The validation report shall also undertake post completion testing to confirm that the internal noise criteria have been met.

c) In the event of any non-conformity with the approved acoustic insulation scheme, then any further measures that are required to ensure conformity shall be carried out. Any required measures/mitigation shall continue until conformity has been achieved and agreed in writing by the City Council as local planning authority, prior to first occupation of the development.

Reason -To secure a reduction in noise from traffic and other sources in order to protect future residents from noise disturbance and to reduce the potential for overheating pursuant to policy DM1 of the Manchester Core Strategy, saved policy DC26 of the Unitary Development Plan for the City of Manchester and policy JP-P1 of the Places for Everyone Joint Development Plan.

24) a) Any externally mounted ancillary plant, equipment and servicing shall be selected and/or acoustically treated in accordance with a scheme designed so as to achieve a rating level of 5dB (LAeq) below the typical background (LA90) level at the nearest noise sensitive location. Prior to first occupation of the units hereby approved a scheme shall be submitted to and approved in writing by the City Council as local planning authority in order to secure a reduction in the level of noise emanating from the site. The scheme shall be implemented in full prior to first occupation of the development.

b) Prior to the operation of the scheme a verification report shall be submitted to and approved in writing by the City Council as Local Planning Authority to validate that the work undertaken throughout the development conforms to the recommendations and requirements approved under part a) of this condition. The report shall also undertake post completion testing to confirm that the noise criteria have been met.

c) In the event of any non-conformity with the approved scheme, then any further measures that are required to ensure conformity shall be carried out. Any required measures/mitigation shall continue until conformity has been achieved and agreed in writing by the City Council as Local Planning Authority, prior to first occupation of the development.

Reason - To minimise the impact of the development and to prevent a general increase in pre-existing background noise levels around the site pursuant to policy DM1 of the Manchester Core Strategy, saved policy DC26 of the Unitary Development Plan and policy JP-P1 of the Places for Everyone Joint Development Plan.

25) a)The development hereby approved shall be implemented in accordance with the measures contained with the submitted Energy Statement prepared by Energy Counsel (Ref: Z70633 RevA) received by the City Council as Local Planning Authority on 12 December 2025.

b) Within 3 months of the completion of the construction of the authorised development a verification statement shall be submitted to and approved in writing, by the City Council as local planning authority, confirming the incorporation of the specified

measures, including dated photographic documentary evidence of the implementation and completion of required works.

c) Any non-conformity from the approved scheme shall be clearly set out along with measures required to ensure compliance with the agreed details.

Reason - In order to minimise the environmental impact of the development pursuant to policies SP1, T1-T3, EN4-EN7 and DM1 of the Manchester Core Strategy and policies JP-S1, JP-P1 and JP-S2 of the Places for Everyone Joint Development Plan.

26) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking and re-enacting that Order with or without modification) none of the residential units hereby approved shall be used for any other purpose (including any other purpose in Class C3 of the Schedule to the Town and Country Planning (Use Classes) Order 1987 as amended by The Town and Country Planning (Use Classes) (Amendment) (England) Order 2020, or in any provision equivalent to that Class in any statutory instrument revoking and re-enacting that Order with or without modification) other than the purpose(s) of C3(a).

Reason - In the interests of residential amenity, to safeguard the character of the area and to maintain the sustainability of the local community through provision of accommodation that is suitable for people living as families pursuant to policies DM1 and H11 of the Core Strategy for Manchester and the guidance contained within the National Planning Policy Framework.

27) The residential units hereby shall be used only as private dwellings (which description shall not include serviced properties or similar uses where sleeping accommodation (with or without other services) is provided by way of trade for money or money's worth and occupied by the same person for less than ninety consecutive nights) and for no other purpose (including any other purpose in Class C3 of the Schedule to the Town and Country Planning (Use Classes) Order 1987 (as amended), or any provision equivalent to that Class in any statutory instrument revoking and re-enacting that Order with or without modification).

Reason - In the interests of residential amenity, to safeguard the character of the area and to maintain the sustainability of the local community through provision of accommodation that is suitable for people living as families pursuant to policies DM1 and H11 of the Core Strategy for Manchester, guidance contained within the National Planning Policy Framework, and policies JP-S1, JP-P1 and JP-H3 of Places for Everyone Development Plan.

Informatives

Building Regulations 2010
This permission does not grant approval under Building Regulations.

Street Naming & Numbering Requirements
Manchester City Council is responsible for allocating street naming and numbering within Manchester for new developments or property conversions. Individuals or businesses are not permitted to allocate their own property numbers, building or street names.

If your development includes the creation of new dwellings (either new build or conversion of existing buildings), creation of new commercial properties or the

subdivision of existing properties you must ensure that you request new or changes to addresses through us so they can be officially allocated and registered in accordance with the Public Health Act 1925 Sections 17-19 & Greater Manchester Act 1981 Section 22.

Failure to do this may result in difficulties for the developer/occupier when requiring services such as connections to utilities, phone lines and postal services and may delay your development.

You can apply online at the following address:
http://www.manchester.gov.uk/info/100011/roads_parking_and_transport/1988/naming_and_numbering_of_houses_buildings_streets_and_roads/2

Mining Information
The proposed development lies within an area which could be subject to current coal mining or hazards resulting from past coal mining. Please read the Standing Advice from the Mining Remediation Authority.

Swift Bricks
If the development can accommodate it, it is requested that consideration is given to the installation of Swift Bricks. Swift bricks must be fitted in accordance to the specifications of BS 42021:2022 - Integral nest boxes.

The statutory framework for biodiversity net gain requires a Biodiversity Gain Plan to be submitted and approved to discharge the biodiversity gain condition prior to the commencement of development.

A developer must submit the Biodiversity Gain Plan to the planning authority in writing, no earlier than the day after planning permission has been granted. The use of the Biodiversity Gain Plan template is strongly encouraged to bring together the required information into one document for approval.

The following content of a Biodiversity Gain Plan is required for development:

- information about the steps taken or to be taken to minimise the adverse effect of the development on the biodiversity of the onsite habitat and any other habitat;
- the pre-development biodiversity value of the onsite habitat;
- the post-development biodiversity value of the onsite habitat;
- any registered off-site biodiversity gain allocated to the development and the biodiversity; and
- any biodiversity credits purchased for the development.

In addition, the following is required:

- name and address of the person completing the Plan, and (if different) the person submitting the Plan;
- a description of the development and planning permission reference number (to which the plan relates);
- the relevant date, for the purposes of calculating the pre-development biodiversity value of onsite habitats and if proposing an earlier date, the reasons for using this earlier date;
- the completed biodiversity metric calculation tool(s), stating the publication date of the tool(s), and showing the calculation of the pre-development onsite value on the relevant date, and post-development biodiversity value;

- a description of arrangements for maintenance and monitoring of habitat enhancement to which paragraph 9(3) of Schedule 7A to the 1990 Act applies (habitat enhancement which must be maintained for at least 30 years after the development is completed);
- (except for onsite irreplaceable habitats) a description of how the biodiversity gain hierarchy will be followed and where to the extent any actions (in order of priority) in that hierarchy are not followed and the reason for that;
- pre-development and post-development plans showing the location of onsite habitat (including any irreplaceable habitat) on the relevant date, and drawn to an identified scale and showing the direction of North;
- a description of any irreplaceable habitat on the land to which the plan relates which exist on the relevant date, and any part of the development for which planning permission is granted where the onsite habitat of that part is irreplaceable habitat arrangements for compensation for any impact the development has on the biodiversity of the irreplaceable habitat; and
- if habitat degradation has taken place:
a statement to this effect,
the date immediately before the degradation activity,
the completed biodiversity tool showing the calculation of the biodiversity value of the onsite habitat on that date, and
any available supporting evidence for the value.

There is a standard Biodiversity Gain Plan template available to complete which brings together many of these matters into one document.

The submission of a Biodiversity Gain Plan to a local planning authority falls under Regulation 16 of the Town and Country Planning (Fee for Applications, Deemed Applications, Requests and Site Visit) (England) Regulations 2012 (as amended), which covers fees for the written confirmation of compliance with a condition or conditions attached to a grant of planning permission.

Application for Section 278 highways works condition discharge may only be submitted following securement of cash bond or surety provision of the total costs of the associated highways works as provided by the statutory approvals team. It is expected that all modifications/improvements to the public highway are achieved with a maximum carbon footprint of 40%. Materials used during this process must also be a minimum of 40% recycled and fully recyclable. Developers will be expected to demonstrate that these standards can be met prior to planning conditions being discharged. The Council seeks use of a standard palette of materials for footway and carriageway construction. For alternatives of a higher standard, a commuted sum (for non-standard highway material and its maintenance) will need to be agreed between MCC and the applicant.

The applicant should be advised that any requirements for licensing, hoarding / scaffolding, Section 50 works skips and any associated temporary traffic management arrangements will need discussion and agreement with the council's Highway Applications
and Network Resilience teams via Email: highwaylicences@manchester.gov.uk / highwaynetworkmanagement@manchester.gov.uk.

For any projects that require a S278 highway agreement a Stage 1 Road Safety Audit (RSA 1) is requested to inform the preliminary design at the pre-planning stage - prior to planning approval being granted. This ensures that any underlying highway safety issues have been identified and mitigation is proposed accordingly.

Construction/demolition works shall be confined to the following hours:

Monday - Friday: 7.30am - 6pm
Saturday: 8.30am - 2pm
Sunday / Bank holidays: No work

Date: 20 February 2026

Signed: 

Julie Roscoe
Director of Planning, Building Control & Licensing

Manchester City Council, P O Box 532, Town Hall, Manchester M60 2LA

Notes

1. This permission refers only to that required under the Town and Country Planning Act 1990 does not include any consent or approval under any other enactment, byelaw, order or regulation.

2 If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, they may appeal to the Secretary of State in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of the notice of the decision.

The Planning Inspectorate have introduced an online appeals service that can be used to make appeals online. This service is available through the gov.uk website – www.gov.uk/appeal-planning-decision The Inspectorate will publish details of your appeal on the internet. Alternatively If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State has power to allow a longer period for the giving of a notice of appeal but they will not normally be prepared to exercise this power unless there are special circumstances that excuse the delay in giving notice of appeal.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the City Council (planning@manchester.gov.uk) and the Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

3. The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely Sections 70(1) and 72(1) of the Act.

4. If either the local planning authority of the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that they can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990

5. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to them. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.

Mining Remediation Authority

STANDING ADVICE - DEVELOPMENT LOW RISK AREA

The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Mining Remediation Authority on 0345 762 6846 or if a hazard is encountered on site call the emergency line 0800 288 4242.

Further information is also available on the Mining Remediation Authority website at: Mining Remediation Authority - GOV.UK

Standing Advice valid from 1st January 2025 until 31st December 2026
